Oak Ridge Site Specific Advisory Board - DOE Environmental Management Program Survey

Exit this survey

The Oak Ridge Site Specific Advisory Board (ORSSAB) is a federally chartered volunteer citizens panel that provides advice and recommendations to the U.S. Department of Energy on its Oak Ridge environmental cleanup program. Because public comment is important to the ORSSAB study and recommendation process, we'd like to hear your concerns and opinions regarding environmental management issues related to the Department's Oak Ridge Reservation. Please take a moment to complete this short questionnaire. If you have questions, please call our office at (865) 241-4583 or 241-4584.

BURDEN DISCLOSURE STATEMENT:

OMB Control Number: 1910-5160. Public reporting burden for this collection of information is estimated to average 5 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Office of the Chief Information Officer, Records Management Division, IM-23, Paperwork Reduction Project (1910- 5160), U.S. Department of Energy, 1000 Independence Ave SW, Washington, DC, 20585-1290; and to the Office of Management and Budget (OMB), OIRA, Paperwork Reduction Project (1910- 5160), Washington, DC 20503.

* 1. City of residence			\neg					
2. Which of these issues are important to you? Feel free to rank them in order of importance, being the most to you:								
	1	2	3	4	5	6	7	8
Historic preservation at the U.S. National Security Complex (Y- 12), Oak Ridge								
National Laboratory (X-10), and/or the East Tennessee Technology Park (K- 25)		0	0	0	0	0	0	
Long-term care (stewardship) of radioactive contamination left in								

place, and waste placed in the DOE environmental cleanup program's disposal facility	0	0	0	0	0	0	0	0
Reduction of contamination being able to leave DOE property via groundwater	0	0	0	0	0	0	0	0
Economic development at East Tennessee Technology Park (re- industrialization of the site)	0	0	0	0	0	0	0	0
Transportation of radioactive and chemically contaminated waste on public roads and highways	0	0	0	0	0	0	0	0
Educating area students and the public at-large about the history of the DOE Oak Ridge Reservation and contamination that exists and may remain at the site	0		0	0	0	0	0	0
Demolition of buildings and facilities at Oak Ridge National Laboratory and Y-12 that are no longer necessary	0	0	0	0	0	0	0	0
Cleanup of Bear Creek Burial Grounds	\circ	\bigcirc	0	0	0	0	0	\circ
Other concerns
