Dear Ms. Thompson,

Thank you for your comments concerning the Federal Motor Carrier Safety Administration's (FMCSA) New Information Collection Request: Commercial Driver Individual Differences Study [Docket No. FMCSA-2011-0225]. This information collection will aid FMCSA in examining a wide array of driver and situational factors and determine the prevalence of these factors as well as their relationship to being involved in a crash.

FMCSA believes that this study has the potential to identify factors that could greatly improve highway safety. Thank you for taking the time to comment.

Sincerely,

A handwritten signature in cursive script, reading "Dr. Martin R. Walker", followed by a horizontal line.

Dr. Martin R. Walker
