

Appendix 1: EFNEP Burden Data

The burden for respondents was estimated through feedback from a survey sent to nine state EFNEP Coordinators. Six surveys were returned.

| Collection Activity | Number of Respondents | Estimated Hours per response | Total Annual Burden Hours |
|----------------------------|------------------------------|-------------------------------------|----------------------------------|
| EFNEP | 75 | 1,243 | 93,225 |

Burden estimates are reflective of the previous version of the data collection system. Hours were updated based on the addition of the University of the District of Columbia to the EFNEP program. This increased the number of institutions from 74 to 75.
