Public Computer Center Quarterly Performance Progress Report Introduction

SUBMISSION REQUIREMENTS:

All Broadband Technology Opportunities Program (BTOP) grant recipients are required to complete a quarterly performance progress report (PPR). The report must be completed and submitted after the end of every quarter in the Post-Award Monitoring (PAM) System, and reports must be submitted separately for each BTOP award. The prime recipient is solely responsible for the accurate completion and timely submission of this form.

DEADLINE:

All recipients are required to submit their quarterly performance progress report by 11:59pm ET on the 30th calendar day after the fiscal quarter ends (for example, if the fiscal quarter ends on June 30, performance progress reports are due no later than 11:59pm ET on July 30). The timely submission of performance progress reports is a requirement of all BTOP awards as stated in the special award conditions. Incomplete submissions will be sent back to the recipient for further information.

COMPLETING THE PERFORMANCE PROGRESS REPORT:

To begin preparing the performance progress report, the recipient should log into PAM and create a PPR report package for the relevant reporting period. The recipient should download the report template from PAM. As described in the attached instructions, PAM will pre-populate some of the information in the template with information already stored in PAM.

The BTOP performance progress report form consists of three main sections:

- Section 1: General Information
- Section 2: Report Data Fields
- Section 3: Budget Data Fields

Each question must be answered fully and accurately (within the specified word limits). If your answer to certain questions does not fit in the space provided, please provide additional information in a separate document or spreadsheet, using the format provided in the performance progress report form. If a particular question does not apply to your project, please write "N/A" or "0" in the response field. All fields should be filled out either with the requested data or "N/A." Please note that even if the only access to the information is through a subrecipient, contractor, and/or subcontractor, the prime recipient is responsible for collecting this information and submitting it to NTIA.

Please reference the attached line item instructions and the PAM User Guide for assistance. If you have additional questions, please contact your assigned Federal Program Officer.

DATA REVIEW:

Program Office staff will be responsible for reviewing performance progress reports and may need to follow up with recipients regarding the submitted data. Recipients must promptly respond to any and all Program Office follow-up questions regarding the submitted data; in some cases, recipients will be required to revise and re-submit performance progress reports. The data provided will be compared to each recipient's Baseline Project Plan and will help the Program Office monitor the progress and performance of each BTOP project.

Once approved by the Program Office, all performance progress reports will be made publicly available via the Internet. To the extent that recipients believe that the information they are providing is confidential, recipients may make a request for such information to be kept private and identify any information they believe should not be released to the public. They should also

provide both a redacted and an unredacted version of their report. Recipients should note, however, that the Recovery Act requires substantial transparency and that NTIA may not necessarily approve such requests. If NTIA does approve, the agency will keep such information private from public disclosure to the extent permitted by law, including the Freedom of Information Act, as amended (5 U.S.C. 552), the Trade Secrets Act, as amended (18 U.S.C. 1905), and the Economic Espionage Act of 1996 (18 U.S.C. 1831 et seq.).

Project Indicators (This Quarter)

1. Please describe significant project accomplishments completed during this quarter (600 words or less).

2. Please provide the percent complete for the following key milestones in your project. Write "0" in the Percent Complete column and "N/A" in the Narrative column if your project does not include this activity. If you provided additional milestones in your baseline report, please insert them at the bottom of the table. Figures should be reported cumulatively from award inception to the end of the most recent reporting quarter. Please provide a narrative description if the percent complete is different from the target provided in your baseline plan (300 words or less).
