Public reporting burden for this voluntary collection of information is estimated to average 30 MINUTES per response. A Federal agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. Comments regarding this collection of information should be directed to: U.S. Geological Survey, Statistics and Information Systems Section, 988 National Center, Reston, VA 20192. **Please do not mail canvass forms to this address.**

Collection of nonfuel minerals information is authorized by Public Law 96-479 and the Defense Production Act. This information is used to support executive policy decisions pertaining to emergency preparedness, national defense, and analyses for minerals legislation and industrial trends. The USGS relies on your voluntary and timely response to assure that its information is complete and accurate. Please complete and return a separate form for each plant in the enclosed envelope or fax to the above toll-free number. Use zero (0) when appropriate. Additional forms are available upon request. If you have any questions concerning completion of this form, please contact the Mineral Commodities Data Unit, U.S. Geological Survey, 985 National Center, Reston, VA 20192, Telephone (703) 648-7960.

1. Name and location of operation covered by this report.

Name _____ Nearest town _____
County _____ State _____

2. Gypsum sold or used during year. (include anhydrite)

Product (1)	Code	Quantity (short tons) (2)	Value (3)
Crude gypsum mined in the United States.....	101		\$
Calcined gypsum.....	102		
Byproduct gypsum recovered.....	103		

3. Gypsum products sold or used during year.

Use and Product (1)	Code	Quantity (short tons) (2)	Value (3)
(a) Uncalcined:			
Portland cement.....	201		\$
Agriculture.....	202		
Fillers and miscellaneous.....	203

GENERAL INSTRUCTIONS

Please complete the portions of this report that apply to your operation and return the completed form to the U.S. Geological Survey as soon as possible. Supply a separate report for each mill or mine operated by you or for you as a single unit during any part of the period covered by this report. Return in the enclosed envelope or fax to the toll-free number on the first page of this form. If the data are not available, please estimate. Report quantity in short tons, and value in dollars to the nearest whole unit; omit fractions.

SPECIFIC INSTRUCTIONS

1. Self-explanatory.

2. Gypsum sold or used during year.

Crude gypsum mined in the United States.

Include gypsite and anhydrite.

Calcined gypsum.

Include gypsum produced from domestic, imported, or byproduct crude material, exclusive of additives.

Byproduct gypsum.

Include gypsum from fertilizer plants, other chemical plants, and thermal powerplant scrubber operations.

COLUMN (2) Quantity.

Report in short tons the quantity of gypsum sold or used during year.

COLUMN (3) Value.

Report the net selling value f.o.b. your establishment for the quantity in COLUMN (2). Report the total value received after discounts and allowances and excluding container cost, where applicable. If you consumed material in your establishment or shipped it to another establishment of your company, please estimate the value for this material.

3. Gypsum products sold or used during year.

Report all tonnages in short tons. DO NOT REPORT DECIMALS OR FRACTIONS. Exclude gypsum products or materials transferred from one gypsum plant to another gypsum plant of the same company. Include gypsum products, whether sold or transferred for use in the manufacture of non-gypsum products, such as cement. Report the net selling value f.o.b. your establishment for the quantity reported. Report the total value received after discounts and allowances and excluding container cost, where applicable.

Bagged goods.

Include the weight of additives, paper, or other materials used in the final product as sold.

To avoid duplication in reporting:

(a) UNCALCINED.

Include purchased material but EXCLUDE sales to other gypsum producers.

(b) CALCINED PLASTERS.

Include all products; EXCLUDE sale of purchased finished products; they are reported by the manufacturer.

Regular plasters.

Include spray fire-proofing and sales to mixing plants. EXCLUDE veneer plaster.

Mill-mixed base coat.

Include with regular plasters.

Veneer plaster.

Include base coat and finish plasters, and all other gypsum prepared finishes.

SPECIFIC INSTRUCTIONS *(continued)*

(c) BOARD PRODUCTS.

Report board products, except laminated board, on a surface area basis, regardless of thickness. Report the surface area of the components of laminated board, rather than the finished product. Report the net selling value f.o.b. your establishment for the quantity reported. Report the total value received after discounts and allowances and excluding container cost, where applicable.

Lath.

Include regular, type X, perforated, foil back, including non-standard widths and lengths, EXCLUDE bases for veneer plasters.

Veneer base.

Include gypsumboard used as base for veneer plasters.

Sheathing.

Include all single thickness sheathing including type X board with or without water-resistant treatment.

Regular gypsumboard.

Include all thicknesses of regular core board, form board, backer board, and water-resistant board. Report footage of laminated products based on area of component parts and not of finished product; EXCLUDE all type X core, predecorated products, and 5/16 inch mobile home board.

Type X gypsumboard.

Same as "Regular gypsumboard," except all type X core; EXCLUDE all regular core, gypsum sheathing and predecorated products.

Predecorated wallboard.

Include all products on which a decorative surface is factory applied; laminated or adhered to base products regardless of core, thickness or type. EXCLUDE all 5/16 inch predecorated products and foil-back unless sold for decorative purposes.

5/16 inch mobile home board.

Include all 5/16 inch board regardless of predecorated or plain surface.

4. Self-explanatory.
