SUPPLEMENTARY INFORMATION:

I. Abstract

DOI is below parity with the Relevant Civilian Labor Force representation for many mission critical occupations. The Department's Strategic Human Capital management Plan identifies the job skills that will be needed in its current and future workforce. The job skills it will need are dispersed throughout its eight bureaus and include, among others, making visitors welcome to various facilities, such as parks and refuges, processing permits for a wide variety of uses of the public lands, collecting royalties for minerals extracted from the public lands, rounding-up and adopting-out wild horses and burros found in the west, protecting archeological and cultural resources of the public lands, and enforcing criminal laws of the United States. As a result of this broad spectrum of duties and services, the Department touches the lives of most Americans.

The people who deal with the Department bring with them a wide variety of backgrounds, cultures, and experiences. A diverse workforce enables the Department to provide a measure of understanding to its customers by relating to the diverse background of those customers. By including employees of all backgrounds, all DOI employees gain a measure of knowledge, background, experience, and comfort in serving all of the Department's customers.

In order to determine if there are barriers in our recruitment and selection processes, DOI must track the demographic groups that apply for its jobs. There is no other statistically valid method to make these determinations,

and no source of this information other than directly from applicants. The data collected is not provided to selecting officials and plays no part in the merit staffing or the selection processes. The data collected will be used in summary form to determine trends covering the demographic make-up of applicant pools and job selections within a given occupation or organizational group. The records of those applicants not selected are destroyed in accordance with DOI's records management procedures.

SUPPLEMENTARY INFORMATION:

I. Abstract

The OMB regulations at 5 CFR 1320, which implement the Paperwork Reduction Act of 1995 (Pub. L. 104-13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8 (d)). This notice identifies an information collection activity that the Office of Youth, Partnerships and Service has submitted to OMB for approval for the Department and its bureaus to collect information from proposed donors relative to their relationship(s) with the Department. The Department and its individual bureaus all have gift acceptance authority. In support of the variety of donation authorities in the Department and increasing numbers of donations, it

is the policy of the Department to ask those proposing to donate gifts valued at \$25,000 or more to provide information regarding their relationship with the Department. The purpose of this policy is to ensure that the acceptance of a gift does not create legal or ethical issues for the Department, its bureaus, or potential donors. The information is gathered through the use of the Donor Certification Form, DI-3680.

If this information were not collected from the prospective donor, the Department would have to collect the information. The information will be scattered throughout the Department. With nine major bureaus, 2,500 locations and 70,000 employees, it is not possible to collect the information about a particular donor in a timely manner to respond to a proposed donation. Having the donor certify his interactions with the Department gives the staff reviewing the proposed donation basic information.

II. Method of Collection

Individuals notifying the Department or one of its bureaus of a proposed offer of a gift valued at \$25,000 or higher will be asked to submit a form listing several items of basic information.
