External facing - for SVRS Participants

- The production URL is <https://svrs.cbp.dhs.gov>
- Input fields marked with an asterisk (*) indicate that the field is a required entry.
- Non-updatable date and time data (such as page headers) is U.S. Eastern time.
- Hyperlinks typically open in a new window.
- The participant's browser must have cookies, scripting and TLS 1.0 enabled.
- The web site is fully tested to work in Internet Explorer. It should work satisfactorily in FireFox, Safari, Chrome and Opera.
- The web site is not mobile device ready.
- This release describes a security question and answer prompt. This feature has been temporarily disabled but will be available in the next release.

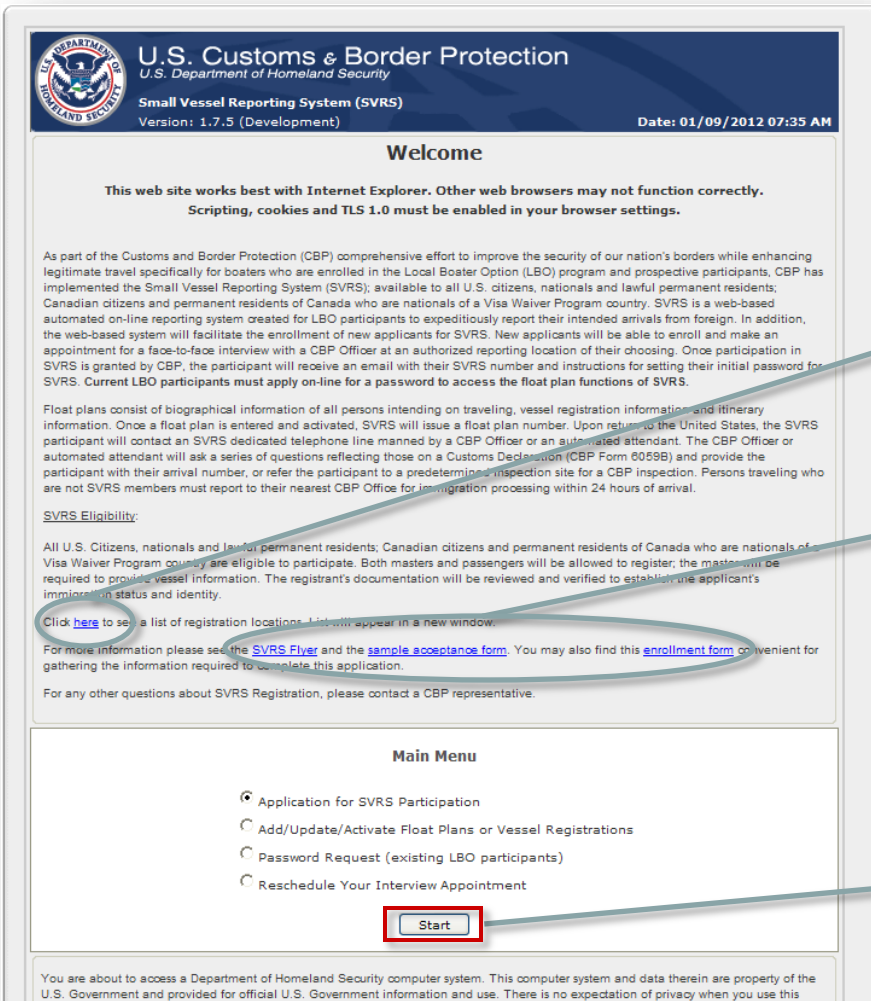

External facing - for SVRS Participants

- Example of the page displayed when an applicant or participant fails to interact with the application for a set period of minutes.
- Most pages in the participant web application will automatically end (“timeout”) if there is no activity.
- Per DHS policy the “timeout” period is 20 minutes of inactivity.
- Any page that can “timeout” displays a countdown timer at the bottom of the page.
- Any page that does “timeout” will lose any un-saved entries.

Small Vessel Reporting System (SVRS)
Version: 1.7.5 (Development) Date: 01/09/2012 07:35 AM

Welcome

This web site works best with Internet Explorer. Other web browsers may not function correctly. Scripting, cookies and TLS 1.0 must be enabled in your browser settings.

As part of the Customs and Border Protection (CBP) comprehensive effort to improve the security of our nation's borders while enhancing legitimate travel specifically for boaters who are enrolled in the Local Boater Option (LBO) program and prospective participants, CBP has implemented the Small Vessel Reporting System (SVRS); available to all U.S. citizens, nationals and lawful permanent residents; Canadian citizens and permanent residents of Canada who are nationals of a Visa Waiver Program country. SVRS is a web-based automated on-line reporting system created for LBO participants to expeditiously report their intended arrivals from foreign. In addition, the web-based system will facilitate the enrollment of new applicants for SVRS. New applicants will be able to enroll and make an appointment for a face-to-face interview with a CBP Officer at an authorized reporting location of their choosing. Once participation in SVRS is granted by CBP, the participant will receive an email with their SVRS number and instructions for setting their initial password for SVRS. Current LBO participants must apply on-line for a password to access the float plan functions of SVRS.

Float plans consist of biographical information of all persons intending on traveling, vessel registration information and itinerary information. Once a float plan is entered and activated, SVRS will issue a float plan number. Upon returning to the United States, the SVRS participant will contact an SVRS dedicated telephone line manned by a CBP Officer or an automated attendant. The CBP Officer or automated attendant will ask a series of questions reflecting those on a Customs Declaration (CBP Form 6059B) and provide the participant with their arrival number, or refer the participant to a predetermined inspection site for a CBP inspection. Persons traveling who are not SVRS members must report to their nearest CBP Office for immigration processing within 24 hours of arrival.

SVRS Eligibility:

All U.S. Citizens, nationals and lawful permanent residents; Canadian citizens and permanent residents of Canada who are nationals of a Visa Waiver Program country are eligible to participate. Both masters and passengers will be allowed to register; the master will be required to provide vessel information. The registrant's documentation will be reviewed and verified to establish the applicant's immigration status and identity.

Click [here](#) to see a list of registration locations. List will appear in a new window.

For more information please see the [SVRS Flyer](#) and the [sample acceptance form](#). You may also find this [enrollment form](#) convenient for gathering the information required to complete this application.

For any other questions about SVRS Registration, please contact a CBP representative.

Welcome

As part of Customs and Border Protection comprehensive effort to improve security at our nation's borders while enhancing legitimate travel, including private boaters, CBP has implemented the Small Vessel Reporting System (SVRS). Enrollment in SVRS is voluntary, free of charge, and will facilitate your clearance procedures. This program will allow participants, under certain circumstances, to telephonically report the arrival of the vessel, make customs declarations for any imported good, and submit necessary additional information for immigration inspection purposes. Enhancements to the program set to deploy in 2011 include voluntary web-based pre-departure filing of requisite vessel reporting information in the form of a float plan. This will further expedite the program by allowing vessel masters to report their arrival via a web-enabled telephone or through an automated phone system alleviating call wait times. All U.S. citizens, nationals and lawful permanent residents; Canadian citizens and permanent residents of Canada who are nationals of a Visa Waiver Program (VWP) country are eligible to participate. Both masters and passengers will be allowed to register; the master will be required to provide vessel information.

Click to proceed to the next step.

The screenshot shows the 'Trusted Traveler and Alternative Inspection Program Participation' step of the SVRS application wizard. The page title is 'U.S. Customs and Border Protection' and 'Small Vessel Reporting System (SVRS)'. The date is '01/09/2012 07:41 AM'. The wizard title is 'Small Vessel Reporting System Application Wizard'.

On the left sidebar, there are links for 'Welcome', 'Trusted Traveler', 'Administrative Office', 'Biographical Info', and 'Address Info'. Below these is a link: '[Contact us for more information or assistance.](#)' and a note: '* = required field'. At the bottom of the sidebar, it says: 'To navigate through the application process please use the buttons on this web page. Using the browser's back and forward buttons will result in a loss of data requiring you to restart the application process.'

The main content area is titled 'Trusted Traveler and Alternative Inspection Program Participation'. It contains the following text: 'If you are a participant in a U.S. Customs and Border Protection Trusted Traveler Program ([Global Entry](#), [NEXUS](#), [SENTRI](#), [FAST](#), [I-68](#)) please indicate so by checking the box below and selecting which program from the list below.'

There is a checkbox labeled 'I am a participant in a Trusted Traveler program'. Below it is a 'Select Program:' section with five radio button options: 'Global Entry', 'NEXUS', 'SENTRI', 'Free and Secure Trade (FAST)', and 'Canadian Border Boat Landing (I-68) Program'. A note below the list says: 'Click [here](#) to learn more about U.S. Customs and Border Protection's Trusted Traveler Programs.'

At the bottom of the form are three buttons: '<< Previous', 'Next >>', and 'Cancel'. A tooltip points to the 'Next >>' button with the text 'Click to proceed to the next step.'

Hyperlinks to CBP sites about Trusted Traveler programs

Check the box to enable selection of inspection program, if applicable. If not applicable click the "Next" button.

Select which program from the list

- Indicate participation in a Trusted Traveler or alternative inspection program
- Requirement to report for face-to-face interview is waived

Hyperlinks to list of registration locations. Opens in a new window.

- Indicate desired CBP location for processing the application
- Appointment location will default to this location but they do not have to be the same.

U.S. Customs and Border Protection

Dear SVRS Applicant

Thank you for scheduling your appointment for your interview with a U.S. Customs and Border Protection (CBP) Officer.

Your application confirmation number is **514520744** and your interview appointment is scheduled for **Thursday, 09/08/2011 at 09:00 AM**. You have selected the following CBP location for the interview:

Jacksonville
2831 Talleyrand Ave
Jacksonville, FL 32206
Phone: 555-555-5555

Please allow 15 minutes for the interview process.

Please bring the following documents with you:

US Enhanced Drivers License EDL-12345
US Passport PN-12345

If you have any questions or you need to update your application please contact the CBP administrative office listed above. If you need to change your appointment time you may do so by clicking [here](#) or by contacting the CBP administrative office.

Thank you for voluntarily participating in the Small Vessel Reporting System (SVRS).

- Sample e-mail message sent to confirm appointment for interview.
- Clicking the link to reschedule the appointment takes the applicant directly to the appointment calendar. The old appointment will be automatically deleted after a new appointment is scheduled.

As part of the Customs and Border Protection (CBP) comprehensive effort to improve the security of our nation's borders while enhancing legitimate travel specifically for boaters who are enrolled in the Local Boater Option (LBO) program and prospective participants, CBP has implemented the Small Vessel Reporting System (SVRS); available to all U.S. citizens, nationals and lawful permanent residents, Canadian citizens and permanent residents of Canada who are nationals of a Visa Waiver Program country. SVRS is a web-based automated on-line reporting system created for LBO participants to expeditiously report their intended arrivals from foreign. In addition, the web-based system will facilitate the enrollment of new applicants for SVRS. New applicants will be able to enroll and make an appointment for a face-to-face interview with a CBP Officer at an authorized reporting location of their choosing. Once participation in SVRS is granted by CBP, the participant will receive an email with their SVRS number and instructions for setting their initial password for SVRS. Current LBO participants must apply on-line for a password to access the float plan functions of SVRS.

Float plans consist of biographical information of all persons intending on traveling, vessel registration information and itinerary information. Once a float plan is entered and activated, SVRS will issue a float plan number. Upon returning to the United States, the SVRS participant will contact an SVRS dedicated telephone line manned by a CBP Officer or an automated attendant. The CBP Officer or automated attendant will ask a series of questions reflecting those on a Customs Declaration (CBP Form 6059B) and provide the participant with their arrival number, or refer the participant to a predetermined inspection site for a CBP inspection. Persons traveling who are not SVRS members must report to their nearest CBP Office for immigration processing within 24 hours of arrival.

SVRS Eligibility:

All U.S. Citizens, nationals and lawful permanent residents, Canadian citizens and permanent residents of Canada who are nationals of a Visa Waiver Program country are eligible to participate. Both masters and passengers will be allowed to register; the master will be required to provide vessel information. The registrant's documentation will be reviewed and verified to establish the applicant's immigration status and identity.

Click [here](#) to see a list of registration locations. List will appear in a new window.

For more information please see the [SVRS Flyer](#) and the [sample acceptance form](#). You may also find this [enrollment form](#) convenient for gathering the information required to complete this application.

For any other questions about SVRS Registration, please contact a CBP representative.

Schedule/Reschedule Interview Appointment

If you have submitted your application for participation in the SVRS program you were given the opportunity to schedule an appointment, date and time for your interview with a U.S. Customs Officer. If you wish to change that appointment or if you failed to schedule your appointment when submitting your application you can reschedule an appointment by completing the information below and clicking the "Submit" button. Your appointment will then be immediately verified and further instructions will be sent to your e-mail address. In that e-mail message will be a link that you must use to schedule/reschedule your appointment. Please note that this link will only be available once it is used or after 24 hours, whichever comes first.

Dear Participant,

Thank you for voluntarily participating in the Small Vessel Reporting System (SVRS).

Your SVRS Number is BR547026077

Please click the link below to confirm your e-mail address and to setup your password.

[SVRS Password Setup](#)

Optionally you can copy the link below and paste it into your browser window.

<http://localhost:1520/Application/SetInitialApplicantPassword.aspx?id=f14808fa-1b24-4c54-9996-c9b171b63416>

We would like to provide some information about Customs and Border Protection (CBP) requirements for pleasure boaters and the SVRS.

The master of a pleasure boat arriving from foreign is required to contact CBP via telephone immediately upon arrival (pursuant to 19 CFR 4.2 and 8 CFR 235.1) and make an oral declaration for themselves and all passengers on the boat concerning any goods purchased or acquired while abroad (19 CFR 148.11 and 148.12). The master is also required to report in-person at the nearest port-of-entry (POE) within 24 hours to submit the necessary documentation to verify identity and lawful immigration status (pursuant to 8 USC 1321 and 1323). For more detailed information about the CBP requirements for pleasure boaters, please visit our website at www.cbp.gov.

The SVRS will allow you as a participant, *under certain circumstances*, to telephonically report the arrival of your vessel, make customs declarations, and submit any necessary additional information and may be cleared without a face-to-face inspection. Please note that the immigration status and citizenship must be valid and participants must possess appropriate valid immigration and identity documents at all times.

- Sample portion of the e-mail message sent to applicants notifying them that their application for participation in SVRS has been approved.
- A Float Plan Guide (in PDF format) is attached to the message. Future release of SVRS will include link to download it instead.

Small Vessel Reporting System (SVRS)
Version: 1.7.5 (Development) Date: 01/12/2012 10:48 AM

Welcome

This web site works best with Internet Explorer. Other web browsers may not function correctly. Scripting, cookies and TLS 1.0 must be enabled in your browser settings.

As part of the Customs and Border Protection (CBP) comprehensive effort to improve the security of our nation's borders while enhancing legitimate travel specifically for boaters who are enrolled in the Local Boater Option (LBO) program and prospective participants, CBP has implemented the Small Vessel Reporting System (SVRS); available to all U.S. citizens, nationals and lawful permanent residents, Canadian citizens and permanent residents of Canada who are nationals of a Visa Waiver Program country. SVRS is a web-based automated on-line reporting system created for LBO participants to expeditiously report their intended arrivals from foreign. In addition, the web-based system will facilitate the enrollment of new applicants for SVRS. New applicants will be able to enroll and make an appointment for a face-to-face interview with a CBP Officer at an authorized reporting location of their choosing. Once participation in SVRS is granted by CBP, the participant will receive an email with their SVRS number and instructions for setting their initial password for SVRS. Current LBO participants must apply on-line for a password to access the float plan functions of SVRS.

Float plans consist of biographical information of all persons intending on traveling, vessel registration information and itinerary information. Once a float plan is entered and activated, SVRS will issue a float plan number. Upon return to the United States, the SVRS participant will contact an SVRS dedicated telephone line manned by a CBP Officer or an automated attendant. The CBP Officer or automated attendant will ask a series of questions reflecting those on a Customs Declaration (CBP Form 6059B) and provide the participant with their arrival number, or refer the participant to a predetermined inspection site for a CBP inspection. Persons traveling who are not SVRS members must report to their nearest CBP Office for immigration processing within 24 hours of arrival.

SVRS Eligibility:

All U.S. Citizens, nationals and lawful permanent residents, Canadian citizens and permanent residents of Canada who are nationals of a Visa Waiver Program country are eligible to participate. Both masters and passengers will be allowed to register; the master will be required to provide vessel information. The registrant's documentation will be reviewed and verified to establish the applicant's immigration status and identity.

Click [here](#) to see a list of registration locations. List will appear in a new window.

For more information please see the [SVRS Flyer](#) and the [sample acceptance form](#). You may also find this [enrollment form](#) convenient for gathering the information required to complete this application.

For any other questions about SVRS Registration, please contact a CBP representative.

Title 19, United States Code, Section 1433 indicates that as the master of the vessel you are required to make formal notification of arrival when you arrive in the United States from foreign. Filing a float plan does not exempt you from complying with this regulation. Failure to report can result in civil penalties as defined in Title 19, United States Code, Section 1436 to include a penalty of \$5,000 for the first violation and \$10,000 for each subsequent violation with the conveyance subject to seizure and forfeiture. In addition to being liable for civil penalty, any master who intentionally commits a violation under subsection (a) of the above stated section upon conviction is liable for a fine of not more than \$2,000 or imprisonment for 1 year of both.

Activate this float plan?

If you would like to save this float plan as a reusable template enter a description below then click the "Save as Template" button. Once saved the template will remain available to you until you delete it.

Template Description (150 character maximum)

Click to activate the float plan immediately. A confirmation prompt will appear.

- To save the float plan as a re-useable template type in a unique description then click the "Save as Template" button.
- Float plans saved as a template will be listed on the Float Plan List page under the Templates tab.

Click "OK" to activate the float plan immediately

This application will automatically end after 18:43 minutes of inactivity. Unsaved changes will be discarded.

Add/Update/Activate Float Plans – Complete (slide 5 of 6)

Click "Select" to change an existing float plan.

Click "Delete" to delete an existing float plan.

Click Float Plans tab to see list of available float plans entered by the participant. This will be displayed by default.

Click the float plan number to see the at-a-glance view of the float plan in a new window.

Click to activate a float plan. If the text reads "Yes" then the float plan is already activated. Clicking the link will deactivate the float plan. A confirmation prompt will appear.

Click to return to the Float Plan Menu

Session Clock: set to 20 minutes. Resets after each action.

This application will automatically end after 19:40 minutes of inactivity. Unsaved changes will be discarded.

Float Plans (1)		Templates (1)	
Float Plan			
Select	Float Plan: 865678549	Est. Departure:	02/01/2012
Delete	Activated: No	Est. Return:	12/05/2012
	Vessel: SVRS Test Craft		

- Return to Float Plan List to view float plan just added.
- In order to preserve the historical record of a float plan those that have been activated and returned from foreign will not appear in this list.

Add/Update/Activate Float Plans – Complete (slide 6 of 6)

Click “Select” then click the “New Float Plan from Template” button to create a new float plan from a saved template.

Click “Delete” to delete an existing template. A confirmation prompt will appear.

Click Templates tab to see list of float plans that were saved as a reusable template

- To create a new float plan from a saved template first “Select” the template to use from the list. Then click the “New Float Plan from Template” button.
- New float plans created from a template will use all the settings from the original float plan. Special attention should be made to ensure that the itinerary dates are correct.

Click to create a new float plan from the selected template

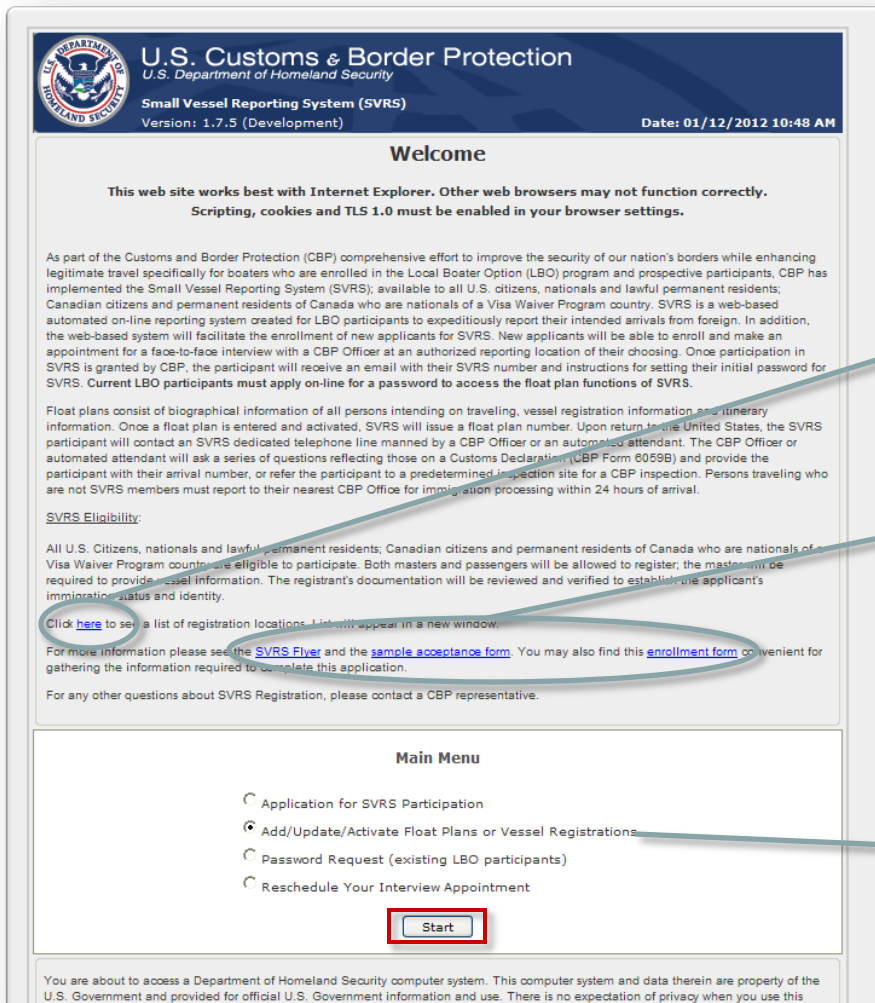

Click to return to the Float Plan Menu

Session Clock: set to 20 minutes. Resets after each action.

This application will automatically end after 18:32 minutes of inactivity. Unsaved changes will be discarded.

Small Vessel Reporting System (SVRS)
Version: 1.7.5 (Development) Date: 01/12/2012 10:48 AM

Welcome

This web site works best with Internet Explorer. Other web browsers may not function correctly. Scripting, cookies and TLS 1.0 must be enabled in your browser settings.

As part of the Customs and Border Protection (CBP) comprehensive effort to improve the security of our nation's borders while enhancing legitimate travel specifically for boaters who are enrolled in the Local Boater Option (LBO) program and prospective participants, CBP has implemented the Small Vessel Reporting System (SVRS); available to all U.S. citizens, nationals and lawful permanent residents, Canadian citizens and permanent residents of Canada who are nationals of a Visa Waiver Program country. SVRS is a web-based automated on-line reporting system created for LBO participants to expeditiously report their intended arrivals from foreign. In addition, the web-based system will facilitate the enrollment of new applicants for SVRS. New applicants will be able to enroll and make an appointment for a face-to-face interview with a CBP Officer at an authorized reporting location of their choosing. Once participation in SVRS is granted by CBP, the participant will receive an email with their SVRS number and instructions for setting their initial password for SVRS. Current LBO participants must apply on-line for a password to access the float plan functions of SVRS.

Float plans consist of biographical information of all persons intending on traveling, vessel registration information and itinerary information. Once a float plan is entered and activated, SVRS will issue a float plan number. Upon return to the United States, the SVRS participant will contact an SVRS dedicated telephone line manned by a CBP Officer or an automated attendant. The CBP Officer or automated attendant will ask a series of questions reflecting those on a Customs Declaration (CBP Form 6059B) and provide the participant with their arrival number, or refer the participant to a predetermined inspection site for a CBP inspection. Persons traveling who are not SVRS members must report to their nearest CBP Office for immigration processing within 24 hours of arrival.

SVRS Eligibility:

All U.S. Citizens, nationals and lawful permanent residents, Canadian citizens and permanent residents of Canada who are nationals of a Visa Waiver Program country are eligible to participate. Both masters and passengers will be allowed to register; the master will be required to provide vessel information. The registrant's documentation will be reviewed and verified to establish the applicant's immigration status and identity.

Click [here](#) to see a list of registration locations. List will appear in a new window.

For more information please see the [SVRS Flyer](#) and the [sample acceptance form](#). You may also find this [enrollment form](#) convenient for gathering the information required to complete this application.

For any other questions about SVRS Registration, please contact a CBP representative.
