

Attachment H: Screen Shots of the PRS

Following are screen shots of the HPOG Performance Reporting System, PRS. Baseline data collection will be conducted using this system. Individuals conducting intake will enter data about all study participants into the PRS. The system is currently being used for the Implementation, Systems and Outcome Evaluation of the Health Profession Opportunity Grants to Serve TANF Recipients and Other Low-Income Individuals. The Supplemental Baseline Questions will be incorporated into the PRS.

The screenshot displays the HPOG Performance Reporting System (PRS) interface. At the top, the HPOG logo is on the left, and the system title "HPOG Performance Reporting System" is in the center. Below the title, user information is shown: "User: Staff Staffer (Role: Staff)", "Grantee: The Urban Institute", "Site Location: UI Test Subsite 2", and "Session expires in: 00:19:53". A "log-out" button is on the right. A navigation menu includes "welcome", "registrants/participants", "exited participants", "changes", and "reports". Below this, a sub-menu shows "demographics", "education/employment history", "contact", and "special client characteristics". The main form area contains a profile for Antonette E. Armstrong with fields for ID (5764), First Name (Antonette), MI (E), Last Name (Armstrong), DOB (11/11/1978), and Date Registered in PRS (12/28/2011). The "Education/Employment History" section is expanded, showing a dropdown for "Highest Level of Education Completed:" and a list of education/certificate items with radio buttons for "Yes", "No", and "Not Reported".
