### Add a New Site

Enter the following information about your site. The map will adjust as you enter more information. Latitude, longitude and elevation will be calculated from the address, and appear in the boxes below the map. If your site does not have a street address, enter a nearby zip code and use the map below to pinpoint your site.

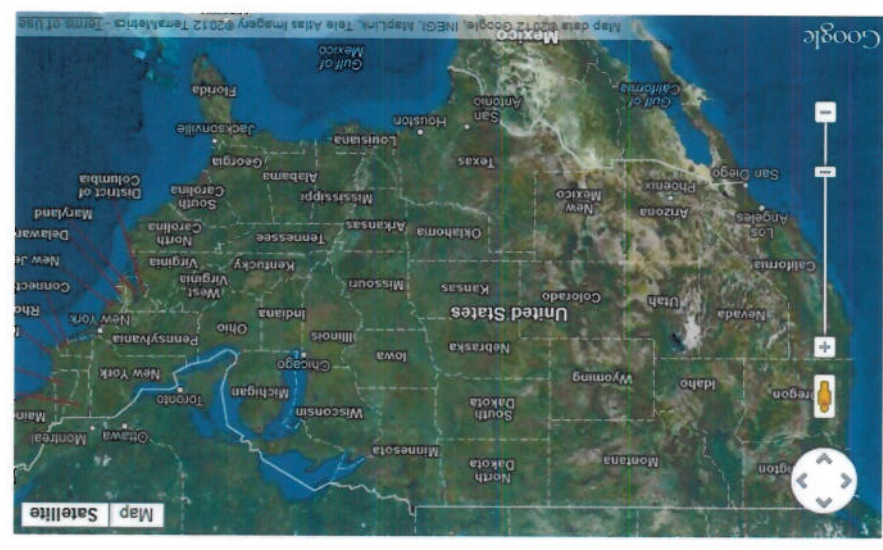

[Add Public Site](#)

Site Name:  (e.g.: home, office, my front yard, etc.)

Address:

City:  State:  ZIP Code:

Double-click to select your site on the map. You may also zoom in (⊞) or out (⊟) to pinpoint your site, then drag the marker to its approximate center.

Location:  Latitude:  Longitude:  Elevation (ft):

### Optional Additional Information

Please answer as many of the following questions as you can. Hover over the ⓘ symbol for further explanation of the choices. If you do not know how to best answer a question for your site, please leave it blank.

Overall  Plants  Animals

The degree of development surrounding the site can best be described as:

--Please select one ⓘ

This site is best described as:

--Please select one ⓘ

How close is the nearest paved or maintained dirt road to the site?

--Units ⓘ

How close is the nearest permanent body of water to the site?

--Units ⓘ

What is the area of the site?

--Units ⓘ
