We are conducting a brief survey about housing in your area

The Bureau of Labor Statistics needs your help. We are collecting a few facts to help us identify homes in your area that are owner or renter occupied. This survey should take less than two minutes of your time.

Why are we collecting this information?

We conduct this survey to help us better identify rented and owned housing across the country as the first step in the Consumer Price Index Housing Survey. In a later step we collect information about the costs of housing. This information plays a critical role in helping us create the Consumer Price Index or CPI. The CPI is the most widely used measure of inflation, and has many uses, including adjusting:

- The cost of living payments for over 50 million Social Security beneficiaries.
- The cost of lunches for millions of school children.
- Federal income taxes, so you don't pay higher taxes because of inflation.
- Payments in collective bargaining agreements.

To learn more, please visit our website: <http://www.bls.gov/cpi>.

Your answers will be kept confidential

Maintaining your confidentiality is our primary concern. Also, completing this form by mail saves money. It reduces the amount of information we need to collect over the phone or in person. Although your participation is voluntary, this information is very important and will lead to a more accurate Consumer Price Index. And that benefits you directly.

Please return the form as soon as possible in the postage-paid return envelope. If you have any questions about the survey, please call 1-800-341-3660 and say you are calling about the "BLS Housing Survey."

Thank you for your help!

Sincerely yours,

John M. Galvin
Acting Commissioner

Important Reminder!

You should have recently received a letter telling you about an important housing survey sponsored by the Bureau of Labor Statistics.

If you have already completed this brief survey, please accept our sincere thanks. There is nothing else you need to do. ***However, if you have not responded yet, we'd like to urge you to take a moment to do so now.***

The Survey is Short, But Important

The survey will take less than a minute or two to complete. The information you provide is used to help develop the Consumer Price Index, or CPI, which is the leading measure of inflation in the United States.

Your Response Will Be Kept Confidential

We guarantee the confidentiality of your response. Your answers are used only for statistical purposes.

In the event that your questionnaire has been misplaced, a replacement is enclosed along with a postage paid return envelope.

If you have any questions, please call 1-800-341-3660, and say you are calling about the "BLS Housing Survey."
