

Scorecard Topics

To evaluate your community's readiness for plug-in electric vehicles, you will be asked to answer questions in six topic areas. Select any topic area below, then select a question set to begin. You do not need to complete the questions in order. Your answers will automatically be saved so you do not need to complete all the questions in one sitting. If you don't know the answer to some of the questions, select "I don't know" and come back later to change your answer. Please note that responses of "I don't know" earn the lowest possible score. You can [view your results](#) at any time.

Answer all questions for the geographic area you are assessing (city, metro area, county, state, etc.)

Public reporting burden for this collection of information is estimated to average 20.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Office of the Chief Information Officer, Records Management Division, IM-23, Paperwork Reduction Project (1910-XXXX), U.S. Department of Energy, 1000 Independence Ave SW, Washington, DC, 20585-1290; and to the Office of Management and Budget (OMB), OIRA, Paperwork Reduction Project (1910-XXXX), Washington, DC 20503.

Completed
