## U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

# INITIAL PRIVACY ASSESSMENT (IPA)

Office of Public and Indian Housing
Office of Housing-Federal Housing Commissioner

June 7, 2012

INTRODUCTION

What is an Initial Privacy Assessment?

An Initial Privacy Assessment (IPA) is designed to assess whether a Privacy Impact Assessment (PIA), a Privacy Act system of records notice (SORN), and/or other related privacy documents are required. The responses to the IPA will provide a foundation for determining if either a PIA or SORN or both will be required, and will also help to identify any policy concerns.

The IPA incorporates the matters previously addressed in the Department's Personally Identifiable Information (PII) Survey, and thus replaces the survey.

#### When should an IPA be completed?

An IPA should be completed for all information collection activities, whether the system is electronic or contains only records in paper form, and should be completed before commencement of any testing or pilot project of an information system or prior to implementing new information collections requests. Additionally, an IPA should be completed any time there is a change to the information system or collection to determine whether there are any privacy issues as a result of such a change.

#### Who should complete the IPA?

The IPA should be written and reviewed by a combination of the component's (e.g., Privacy Act Officer, System Owner, Project Leaders, Paperwork Reduction Act Compliance Officers), and the program-specific office responsible for the system, project or information collections.

## How is the IPA related to the Capital Planning, Certification and Accreditation, and the Paperwork Reduction Act process?

Upon completion and approval of the IPA by the Privacy Officer the official document may be uploaded into the C&A tool, and provided as part of the IT Capital Planning, and Paperwork Reduction Act package as validation of the completed evaluation. The completed IPA demonstrates that the program components have consciously considered privacy and related requirements as part of the overall information activities. For an IT system that does not require a C&A, such as a minor application that runs on a system that does require a C&A, an IPA still should be completed to determine if other related privacy documentation are required for that system or project.

#### Where should the completed IPA be sent?

A copy of the completed IPA should be sent to the Office of Privacy Project Leads for review. The Privacy Officer will review the IPA and determine what additional privacy documentation is required, and then will advise the Program component accordingly.

Question 1: Provide a general description of the system of

for an existing System or Project.

**Project.** The following questions are intended to define the scope of the information in the system, information collection, or project, specifically the nature

of the information and the sources from which it is obtained.

Public Housing Agencies (PHAs) are required by the Housing Act of 1937 to collect leases and acknowledgement of the local grievance procedures both signed at the time residents begin renting. PHAs are also required to retain these documents as a part of their record keeping and update them if there are changes to family structure or grievance claims.

a. From whom is the information collected (i.e., government employees, contractors, or consultants, state, local government entities, or general public)?

The information is collected by PHA staff (government employees) from public housings residents.

- b. What is the functionality of the system, information collection, or project and the purpose that the records and/or system serve?
- c. The system is part of the recordkeeping PHAs must do continue renting to assisted families.
- c. How is information transmitted to and from the system, information collection, or project?

  The information is written by hand and submitted directly to PHAs
- d. What are the interconnections with other systems or projects?

These systems do not interconnect with other systems.

**QUESTION 2:** Have the IPA been reviewed and approved by the Chief Privacy Officer? Was this not suppose to be done through Conique Key's office as a part of the IPA approval process?

#### <<ADD ANSWER HERE>>

(If no, please contact component privacy official for official approval)

**QUESTION 3:** What is the Status of system, information collection, or project

- a. If this is a new system, information collection or project, specify expected production date.
- b. If an existing system, information collection, or project, specify date of production.
   This requirement has been a part of Public Housing since the program's inception, September 1, 1937.

**QUESTION 4:** Does this system, information collection, or project collect personal identifiers/sensitive information

YES	NO	Does the system, information collection, or project collect					
		personal/sensitive information? (e.g. name, address, personal					
П	П	email address, gender/sex, race/ethnicity, income/financial data,

		Identification Number, Employee Identification Number, FHA Case					
		Number). Includes PII that may be part of a registration process?					

If yes, specific data sets collected or provided, and the legal authorities, arrangement, and/or agreement authorize the collection of information (i.e. must include authorities that cover all information collection activities, including Social Security Numbers)?

As there is no standard lease form from HUD, PHAs may collect sensitive information as a part of the lease agreement.

If no, briefly describe the information collected, maintained, or disseminated by the system.

**QUESTION 5:** Does the information about individuals identify particular individuals (i.e., is the information linked or linkable to specific individuals, often referred to as personally identifiable information?)

QUESTION 6: What type of Notice(s) are provided to the individual on the scope of information collected, the opportunity to consent to uses of said information, the opportunity to decline to provide information. (A notice may include a posted privacy policy, a Privacy Act notice on form(s), and/or a system of records notice published in the Federal Register.)

- a. Was any form of notice provided to the individual prior to collection of information? If yes, please provide a copy of the notice as an appendix. (A notice may include a posted privacy policy, a Privacy Act notice on form(s), and/or a system of records notice published in the Federal Register.) If notice was not published, why not?

  Notice No. FR–5281–N–42] was published before the collection.
- b. Do individuals have an opportunity and/or right to decline to provide information?Yes, but choosing to decline to provide the information may mean opting out of the lease.

Do individuals have an opportunity to consent to particular uses of the information, and if so, what is the procedure by which an individual would provide such consent? *This information varies from PHA to PHA* 

**QUESTION 7:** Is there a Certification & Accreditation record for your system? **(This question does not apply to Information Collection Requests)** 

No.

Specify below the systems categorization. If not available identify the FISMA-reported system whose Certification and Accreditation covers this system.
