GENERAL INFORMATION

Background.-- On January 8, 1987; January 12, 1987; March 6, 1987; and August 12, 1988, the Department of Commerce issued countervailing duty and/or antidumping duty orders on imports of certain brass sheet and strip from Brazil, Canada, France, Germany, Italy, Japan, Korea, the Netherlands, and Sweden (52 F.R. 698, 52 F.R. 1214, 52 F.R. 6995, and 53 F.R. 30454, respectively). On April 18, 2000, the Commission determined that revocation of the countervailing duty orders on brass sheet and strip from Brazil and France and the antidumping duty orders on brass sheet and strip from Brazil, Canada, France, Germany, Italy, and Japan, would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. The Commission further determined that revocation of the antidumping duty orders on brass sheet and strip from Korea, the Netherlands, and Sweden would not be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time (65 F.R. 20832). Consequently, the orders with respect to Brazil, Canada, France, Germany, Italy, and Japan were continued, and the orders with respect to Korea, the Netherlands, and Sweden were revoked (65 F.R. 25304, 25305). On March 6, 2006, the Commission determined that revocation of the antidumping duty orders on brass sheet and strip from France, Germany, Italy, and Japan would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. The Commission further determined that revocation of the antidumping duty and countervailing duty orders on brass sheet and strip from Brazil and the antidumping duty order on brass sheet and strip from Canada would not be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time (71 F.R. 14719). Consequently, the orders with respect to France, Germany, Italy, and Japan were continued (71 F.R. 16552), and the orders with respect to Brazil and Canada were revoked (71 F.R. 16115). On March 1, 2011, the Commission instituted third reviews pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. § 1675(c)) (the Act) to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time (76 F.R. 11509). If the Commission makes an affirmative determination, the orders will remain in place. If the Commission makes a negative determination, the Department of Commerce will revoke the orders.

If your firm is completing more than one questionnaire in connection with this review (i.e., a producer, importer, purchaser, and/or foreign producer questionnaire), you need not respond to duplicated questions in the questionnaires.

Consolidate all establishments in France, Germany, Italy, or Japan.--Report the requested data for your establishment(s) located in France, Germany, Italy, and/or Japan. **Firms operating more than one establishment should combine the data for all establishments into a single report.**

Filing instructions.—Questionnaires may be filed either in paper form or electronically.

Electronic completion.--Your firm is encouraged (but not required) to complete the questionnaire electronically in MS Word format. The MS Word versions of all the questionnaires in this proceeding are available online at the ITC web page or may be obtained directly from the Commission's Investigator, **Joanna Lo** (joanna.lo@usitc.gov, or 202-205-1888).

Electronic submission.--To the degree that it is possible and not overly burdensome, the Commission requests that responding firms submit their questionnaire responses electronically in MS Word format.
