

Justification for non-substantive change request: The Commission erroneously entered annual amounts in original ICR summary of burden table. This correction adjusts for the total burden over 3 years. Requested burden is for the remaining 2-years on the clearance.

The Commission estimates that information collections issued under the requested generic clearance will impose an average annual burden of 186,002 burden hours on 4,221 respondents (i.e., recipients that provide a response to the Commission's questionnaires or the notices of institution of five-year sunset reviews) annually.
