U.S. PRODUCERS' QUESTIONNAIRE

FERROSILICON FROM RUSSIA AND VENEZUELA

This questionnaire must be received by the Commission by no later than August 2, 2013

See page 4 of the Instruction Booklet for filing instructions.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its antidumping investigations concerning ferrosilicon from Russia and Venezuela (Inv. Nos. 731-TA-1224-1225 (Preliminary)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII. This report is mandatory and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your firm's possession (19 U.S.C. § 1333(a)).

PART I.—GENERAL INFORMATION

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 50 hours per response, including the time for reviewing instructions, searching existing data sources, gathering the data needed, and completing and reviewing the questionnaire. Send comments regarding the accuracy of this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Office of Investigations, U.S. International Trade Commission, 500 E Street, SW, Washington, DC 20436.

I-1a.	<u>OMB statistics</u> Please report below the actual number of hours required and the cost to your firm of preparing the reply to this questionnaire and completing the form.
	hours dollars
I-1b.	<u>OMB feedback</u> We are interested in any comments you may have for improving this questionnaire in general or the clarity of specific questions. Please attach such comments to your firm's response or send them to the above address.
I-2.	Establishments coveredProvide the name and address of establishment(s) covered by this questionnaire (see page 3 of the instruction booklet for reporting guidelines). If your firm is publicly traded, please specify the stock exchange and trading symbol.
I-3.	<u>Petition support.</u> Does your firm support or oppose the petition?
	☐ Support ☐ Oppose ☐ Take no position

¹ Include only sales (whether domestic or export) and costs related to your firm's U.S. manufacturing operations.

² Please <u>eliminate any profits or (losses) on inputs from related firms</u> pursuant question III-8.

³ Less discounts, returns, allowances, and prepaid freight. The quantities and values should approximate the corresponding shipment quantities and values reported in Part II of this questionnaire.

⁴ COGS should include costs associated with CS, IC, and Transfers, as well as export shipments in question II-8.

PART III.--FINANCIAL INFORMATION--Continued

III-11. <u>Asset values</u>.--Report the <u>total</u> assets (i.e., both current and long-term assets) associated with the production, warehousing, and sale of ferrosilicon. If your firm does not maintain some or all of the specific asset information necessary to calculate total assets for ferrosilicon in the normal course of business, please estimate this information based upon a method (such as production, sales, or costs) that is consistent with your firm's cost allocations in the previous question. Provide data as of the end of your firm's three most recently completed fiscal years.

Note: Total assets should reflect <u>net assets</u> after any accumulated depreciation and allowances deducted. Total assets should be <u>allocated to the subject products</u> if these assets are also related to other products. Please provide a <u>brief explanation if there are any substantial changes</u> in total asset value during the period; e.g., due to asset write-offs, revaluation, and major purchases.

Value (<i>in \$1,000</i>)					
	Fiscal years ended

PRICE DATA

IV-2. This question requests quarterly quantity and value data, f.o.b. your firm's U.S. point of shipment, for your firm's commercial shipments to unrelated U.S. customers since January 1, 2010 of the following products produced by your firm and sold to <u>steel producers</u>.

Product 1.-- Regular grade 75 percent ferrosilicon. – Ferrosilicon containing by weight 74.0 to 79.0 percent silicon; 0.10 percent or less carbon; 0.025 percent or less sulfur; 0.035 percent or less phosphorus; more than 0.50 percent, but not more than 1.50 percent aluminum; and 0.40 percent or less manganese.

Regular grade 75 percent ferrosilicon does not include any form of high purity ferrosilicon (ferrosilicon containing substantially lower amounts of impurities than the maximum levels specified for regular grade ferrosilicon), magnesium ferrosilicon, or other ferrosilicon-based specialty/proprietary grades.

<u>Product 2.--</u> Low aluminum grade 75 percent ferrosilicon. – Ferrosilicon containing by weight 74.0 to 79.0 percent silicon; 0.10 percent or less carbon; 0.025 percent or less sulfur; 0.035 percent or less phosphorus; 0.50 percent or less aluminum; and 0.40 percent or less manganese.

Low aluminum 75 percent ferrosilicon does not include any other form of high purity ferrosilicon, regular grade ferrosilicon, magnesium ferrosilicon, or other ferrosilicon-based specialty/proprietary grades.

Please note: For both products, report BULK shipments and shipments in SUPER SACKS of CRUSHED ferrosilicon sized from 2 inches x 1/4 inch up to and including 8 inches x 4 inches. DO NOT include any ferrosilicon shipped in special packaging, such as in drums, pallet boxes, dropbox containers, 50-pound bags, etc.; DO NOT include smaller crushed ferrosilicon sizes, particularly fines, and any uncrushed material.

Total dollar values should be f.o.b., U.S. point of shipment and should not include U.S.-inland transportation costs. Total dollar values should reflect the *final net* amount paid to your firm (i.e., should be net of all deductions for discounts or rebates). See instruction booklet.

PART IV.--PRICING AND RELATED INFORMATION--Continued

IV-2. **Pricing data.--**Report below the quarterly price data¹ for pricing products² produced and sold by your firm to <u>steel producers</u>.

IV-13. **End uses.--**List the end uses for the ferrosilicon that your firm manufactures and estimate the percent of the <u>total production cost</u> that is accounted for by ferrosilicon and by other inputs (such as labor, energy and other raw materials).

	Share of total cost in each of the product(s) you produce accounted for by				
End use products	Ferrosilicon		Other inputs		Total
	%	+	%	=	100%
	%	+	%	=	100%
	%	+	%	=	100%

		Here showers in the mises of this substitut
	☐ No	YesPlease fill out the table.
IV-14	4. Substitutes Car	other products be substituted for ferrosilicon?

		End use in which this		Have changes in the prices of this substitu affected the price for ferrosilicon?			
	Substitute	substitute is used	No	Yes	Explanation		
1.							
2.							
3.							

PART IV.--PRICING AND RELATED INFORMATION--Continued

IV-15. <u>Demand trends.</u>-- Indicate how demand within the United States and outside of the United States (if known) for ferrosilicon has changed since January 1, 2010. Explain any trends and describe the principal factors that have affected these changes in demand.

	Market	Overall increase	No change	Overall decrease	Fluctuate with no clear trend	Explanation and factors			
	Within the United States								
	Outside the United States								
IV-16.	Product changesHave there been any significant changes in the product range, product mix, or marketing of ferrosilicon since January 1, 2010? No YesPlease describe and quantify if possible.								

17.	Business cycles							
	a) Is the ferrosilicon market subject to business cycles (other than general economy-wide conditions) and/or other conditions of competition distinctive to ferrosilicon?							
	No (skip to question III-18.) Yes-Business cycles (e.g. seasonal business). Yes-Other distinctive conditions of competition.							
	If yes, describe below.							
	Business cycles							
	Other conditions of competition							
	(b) Have there been any changes in the business cycles or conditions of competition for ferrosilicon since January 1, 2010?							
	No Yes Please describe.							
	Supply constraintsHas your firm refused, declined, or been unable to supply ferrosilicon January 1, 2010 (examples include placing customers on allocation or "controlled order entry declining to accept new customers or renew existing customers, delivering less than the quant promised, been unable to meet timely shipment commitments, etc.)?	y,"						
	☐ No ☐ Yes Please describe.							
	Raw materialsPlease describe any trends in the prices of raw materials used to produce ferrosilicon and whether your firm expects these trends to continue.							

IV-20. <u>Interchangeability.</u>--Is ferrosilicon produced in the United States and in other countries interchangeable (*i.e.*, can they physically be used in the same applications)?

Please indicate A, F, S, N, or 0 in the table below:

A = the products from a specified country-pair are *always* interchangeable

F = the products are *frequently* interchangeable

S = the products are *sometimes* interchangeable

N = the products are *never* interchangeable

0 = no familiarity with products from a specified country-pair

Country-pair	Russia	Venezuela	China	Canada	Other countries					
United States										
Russia										
Venezuela										
China										
Canada										
For any counti please explain	y-pair producion the factors that	ng ferrosilicon t It limit or preclud	hat is <i>sometim</i> de interchange	es or <i>never</i> inte eable use:	erchangeable,					

IV-21. **Factors other than price.**—Are differences other than price (*i.e.*, quality, availability, transportation network, product range, technical support, *etc.*) between ferrosilicon produced in the United States and in other countries a significant factor in your firm's sales of the products?

Please indicate A, F, S, N, or 0 in the table below:

A = such differences are *always* significant

F = such differences are *frequently* significant

S = such differences are *sometimes* significant

N =such differences are *never* significant

0 = no familiarity with products from a specified country-pair

Country-pair	Russia	Russia Venezuela		Canada	Other countries
United States					
Russia					
Venezuela					
China					
Canada					
For any countriplease explain	y-pair producir the factors tha	ng ferrosilicon t t limit or preclud	hat is sometim de interchange	es or <i>never</i> inte eable use:	erchangeable,

IV-22. **Customer Identification**--Please identify the names and contact information for your firm's 10 largest U.S. customers for ferrosilicon since January 1, 2010. Indicate the share of the quantity of your firm's total shipments of ferrosilicon that each of these customers accounted for in 2012.

Cı	ustomer's name	Contact person	Email	Telephone	Street address (not P.O. box), city, state, and zip code	Share of 2012 sales (%)
1					Street Address City State Zip Code	
2					Street Address City State Zip Code	
3					Street Address City State Zip Code	
4					Street Address City State Zip Code	
5					Street Address City State Zip Code	
6					Street Address City State Zip Code	
7					Street Address City State Zip Code	
8					Street Address City State Zip Code	
9					Street Address City State Zip Code	
10					Street Address City State Zip Code	

IV-23. Competition From Imports--Lost Revenue.--

Since January 1, 2010: To avoid losing sales to competi	tors sellin	g ferrosilicon i	from Russia
and/or Venezuela, did your firm:			
	No	Ves	
	110	res	
Reduce prices			
Roll back announced price increases			

The table below is to be completed only by NON-PETITIONERS. (Note: petitioners may provide allegations involving quotes made AFTER the filing of the petition.)

If you indicated "yes" above, please furnish the following information for each affected transaction. If possible, provide documentation (e.g., copies of invoices, sales reports, or letters from customers). Please note that the Commission may contact the firms named to verify the allegations reported.

Customer name, contact person, phone and fax numbers

Specific product(s) involved

Date of your firm's initial price quotation

Quantity involved

Your firm's initial *rejected* price quotation (total delivered value)

Your firm's *accepted* price quotation (total delivered value)

The country of origin of the competing imported product

The competing price quotation of the imported product (total delivered value)

Customer name, contact person, phone and fax numbers				Date of quote	Quantity (short tons of contained silicon)	Initial rejected U.S. price (total value dollars)	Accepted U.S. price (total value dollars)	Competing import price (total value— dollars)

IV-24. Competition From Imports--Lost Sales.—

	nuary 1, 2010: Did your firm lose sales of ferrosilicon to imports of these products from nd/or Venezuela?
No	Yes
	le below is to be completed only by NON-PETITIONERS. (Note: petitioners may allegations involving quotes made AFTER the filing of the petition.)
transacti from cu	dicated "yes" above, please furnish the following information for each affected on. If possible, provide documentation (e.g., copies of invoices, sales reports, or letters stomers). Please note that the Commission may contact the firms named to verify the ons reported.
	Customer name, contact person, phone and fax numbers Specific product(s) involved Date of your firm's price quotation Quantity involved

The country of origin of the competing imported product
The accepted price quotation of the imported product (total delivered value)

Your firm's rejected price quotation (total delivered value)

Customer name, contact person, phone and fax numbers	Product	Country of origin	Date of quote	Quantity (short tons of contained silicon)	Rejected U.S. price (total value dollars)	Competing import price (total value— dollars)
