## **U.S. IMPORTERS' QUESTIONNAIRE**

## FERROSILICON FROM RUSSIA AND VENEZUELA

#### This questionnaire must be received by the Commission by no later than August 2, 2013

#### See page 4 of the Instruction Booklet for filing instructions.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its antidumping investigations concerning ferrosilicon from Russia and Venezuela (Inv. Nos. 731-TA-1224-1225 (Preliminary)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII. This report is mandatory and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your firm's possession (19 U.S.C. § 1333(a)).

## CERTIFICATION

I certify that the information herein supplied in response to this questionnaire is complete and correct to the best of my knowledge and belief and understand that the information submitted is subject to audit and verification by the Commission.

By means of this certification I also grant consent for the Commission, and its employees and contract personnel, to use the information provided in this questionnaire and throughout this proceeding in any other import-injury proceedings conducted by the Commission on the same or similar merchandise.

I acknowledge that information submitted in this questionnaire response and throughout this proceeding may be used by the Commission, its employees, and contract personnel who are acting in the capacity of Commission employees, for developing or maintaining the records of this proceeding or related proceedings for which this information is submitted, or in internal audits and proceedings relating to the programs and operations of the Commission pursuant to 5 U.S.C. Appendix 3. I understand that all contract personnel will sign non-disclosure agreements.

## PART I.—<u>GENERAL INFORMATION</u>

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 40 hours per response, including the time for reviewing instructions, searching existing data sources, gathering the data needed, and completing and reviewing the questionnaire. Send comments regarding the accuracy of this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Office of Investigations, U.S. International Trade Commission, 500 E Street, SW, Washington, DC 20436.

I-1a. <u>**OMB statistics**</u>.--Please report below the actual number of hours required and the cost to your firm of preparing the reply to this questionnaire and completing the form.

hours dollars

- I-1b. <u>**OMB feedback**</u>.--We are interested in any comments you may have for improving this questionnaire in general or the clarity of specific questions. Please attach such comments to your firm's response or send them to the above address.
- I-2. **Establishments covered**.--Provide the name and address of establishment(s) covered by this questionnaire (see page 3 of the instruction booklet for reporting guidelines). If your firm is publicly traded, please specify the stock exchange and trading symbol.

## PRICE DATA

III-2. These questions requests quarterly price and quantity data, f.o.b. your firm's U.S. point of shipment, for your firm's commercial shipments to unrelated U.S. customers since January 1, 2010 of the following products your firm imported from China, Russia, and Venezuela and sold to steel producers:

**<u>Product 1</u>.--** Regular grade 75 percent ferrosilicon. – Ferrosilicon containing by weight 74.0 to 79.0 percent silicon; 0.10 percent or less carbon; 0.025 percent or less sulfur; 0.035 percent or less phosphorus; more than 0.50 percent, but not more than 1.50 percent aluminum; and 0.40 percent or less manganese.

Regular grade 75 percent ferrosilicon does not include any form of high purity ferrosilicon (ferrosilicon containing substantially lower amounts of impurities than the maximum levels specified for regular grade ferrosilicon), magnesium ferrosilicon, or other ferrosilicon-based specialty/proprietary grades.

**Product 2.--** Low aluminum grade 75 percent ferrosilicon. – Ferrosilicon containing by weight 74.0 to 79.0 percent silicon; 0.10 percent or less carbon; 0.025 percent or less sulfur; 0.035 percent or less phosphorus; 0.50 percent or less aluminum; and 0.40 percent or less manganese.

Low aluminum 75 percent ferrosilicon does not include any other form of high purity ferrosilicon, regular grade ferrosilicon, magnesium ferrosilicon, or other ferrosilicon-based specialty/proprietary grades.

Please note: For both products, report BULK shipments and shipments in SUPER SACKS of CRUSHED ferrosilicon sized from 2 inches x 1/4 inch up to and including 8 inches x 4 inches. DO NOT include any ferrosilicon shipped in special packaging, such as in drums, pallet boxes, drop-box containers, 50-pound bags, etc.; DO NOT include smaller crushed ferrosilicon sizes, particularly fines, and any uncrushed material.

Total dollar values should be f.o.b., U.S. point of shipment and should not include U.S.-inland transportation costs. Total dollar values should reflect the *final net* amount paid to your firm (i.e., should be net of all deductions for discounts or rebates). See instruction booklet.

III-2a. <u>Price data</u>.--Report below the quarterly price data<sup>1</sup> for pricing products<sup>2</sup> imported from Russia and sold by your firm to <u>steel producers</u>.

## RUSSIA

#### Report data in actual short tons of contained silicon (not alloy) and actual dollars (not 1,000s).

## PART III.--PRICING AND RELATED INFORMATION--Continued

III-3. <u>Price setting</u>.-- How does your firm determine the prices that it charges for sales of ferrosilicon (*check all that apply*)? If your firm issues price lists, please submit sample pages of a recent list.

| Transaction<br>by<br>transaction | Contracts | Set<br>price<br>lists | Other | If other, describe |
|----------------------------------|-----------|-----------------------|-------|--------------------|
|                                  |           |                       |       |                    |

### III-4. Packaging.

(a) How does your firm typically charge its customers for packaging of ferrosilicon imported from Russia and Venezuela?

As a separate charge for the container

As a higher per pound price for ferrosilicon

Other. Please explain:

(b) Please estimate the approximate cost of packaging per short ton of ferrosilicon imported from Russia and Venezuela for each of the following methods:

| Packaging Method | Cost per Short Ton |
|------------------|--------------------|
| Super Sack       |                    |
| Pallet Boxes     |                    |
| Drums            |                    |
| 25 Pound Bag     |                    |
| 50 Pound Bag     |                    |
| Other:           |                    |

III-5. <u>**Discount policy.--**</u> Please indicate and describe your firm's discount policies (*check all that apply*).

| Quantity<br>discounts | Annual<br>total<br>volume<br>discounts | No<br>discount<br>policy | Other | Describe |
|-----------------------|--|--------------------------|-------|----------|
|                       |  |                          |       |          |

#### U.S. Importers' Questionnaire - Ferrosilicon

## Page 16

## PART III.--PRICING AND RELATED INFORMATION--Continued

### III-6. Pricing terms for ferrosilicon.--

(a) What are your firm's typical sales terms for ferrosilicon imported from Russia and Venezuela?

| Net 30<br>days | Net 60<br>days | 2/10 net 30<br>days | Other | Other (specify) |
|----------------|----------------|---------------------|-------|-----------------|
|                |                |                     |       |                 |

(b) On what basis are your firm's prices of imported ferrosilicon from Russia and Venezuela usually quoted (*check one*)?

| Delivered F.o.b. |  | If f.o.b., specify point |
|------------------|--|--------------------------|
|                  |  |                          |

III-7. <u>Contract versus spot</u>.--Approximately what share of your firm's sales of ferrosilicon imported from Russia and Venezuela in 2012 were on a (1) long-term contract basis, (2) short-term contract basis, and (3) spot sales basis?

| Type of sale  | <u>Share o</u><br>2012 sa | _ |
|---|---------------------------|---|
| <b>Long-term contracts</b> (multiple deliveries for more than 12 months)        |                           | % |
| <b>Short-term contracts</b> (multiple deliveries up to and including 12 months) |                           | % |
| Spot sales (for a single delivery)  |                           | % |
| Total   | 100                       | % |

No

## PART III.--PRICING AND RELATED INFORMATION--Continued

III-8. <u>Contract provisions</u>.— Please fill out the table with respect to provisions of your firm's typical sales contracts for ferrosilicon from Russia and Venezuela (or check "not applicable" if your firm does not sell on a long-term and/or short-term contract basis).

| Typical sales contract<br>provisions | ltem           | Short-term contracts<br>(multiple deliveries up to<br>and including 12 months) | Long-term contracts<br>(multiple deliveries for more<br>than 12 months) |
|--------------------------------------|----------------|--|---|
| Average contract duration            | Number of days |  |   |
| Price renegotiation (during the      | Yes            |  |   |
| contract period)                     | No             |  |   |
|                                      | Quantity       |  |   |
| Fixed quantity and/or price          | Price          |  |   |
|                                      | Both           |  |   |
| Most or release provision            | Yes            |  |   |
| Meet or release provision            | No             |  |   |
| Not applicable                       |                |  |   |

III-9. **Steel producer vs. iron foundries.**— Would your firm's responses to Question III-3 to III-8 vary depending on customer type (for example, steel producers vs. non-steel producing customers)?

Yes-- Please identify customer type and explain any differences in your firm's responses to Questions III-3 to III-8.

III-10. <u>Lead times</u>.--What is your firm's share of sales of ferrosilicon imported from Russia and Venezuela both from inventory and produced to order and what is the average lead time between a customer's order and the date of delivery for your firm's sales of ferrosilicon?

| Source                                | <u>Share of</u><br>2012 sales | <u>Lead time</u><br>(days) |
|---------------------------------------|-------------------------------|----------------------------|
| From your firm's U.S. inventory       | %                             |                            |
| From foreign manufacturers' inventory | %                             |                            |
| Produced to order                     | %                             |                            |
| Total                                 | 100 %                         |                            |

#### III-11. Shipping information.—

- (a) What is the approximate percentage of the total delivered cost of ferrosilicon imported from Russia and Venezuela that is accounted for by U.S. inland transportation costs? \_\_\_\_\_\_ percent.
- (b) Who generally arranges the transportation to your firm's customers' locations? Your firm Purchaser (*check one*)
- When your firm sells ferrosilicon imported from Russia and Venezuela, from where is it shipped?
   Point of importation Storage facility (check one)
- (d) Indicate the approximate percentage of your firm's sales of ferrosilicon imported from Russia and Venezuela that are delivered the following distances from your firm's U.S. point of shipment.

| Distance from your firm's U.S. point of shipment | Share of 2012 sales |
|--|---------------------|
| Within 100 miles                                 | %                   |
| 101 to 1,000 miles                               | %                   |
| Over 1,000 miles                                 | %                   |
| Total  | 100 %               |

III-12. <u>Geographical shipments--</u>What is the geographic market area in the United States served by your firm's shipments of ferrosilicon imported from subject countries? (check all that apply)

| Geographic area  | Russia | Venezuela |
|--|--------|-----------|
| Northeast.–CT, ME, MA, NH, NJ, NY, PA, RI, and VT.   |        |           |
| Midwest.–IL, IN, IA, KS, MI, MN, MO, NE, ND, OH, SD, and WI.   |        |           |
| Southeast.–AL, DE, DC, FL, GA, KY, MD, MS, NC, SC, TN, VA, and WV.   |        |           |
| Central SouthwestAR, LA, OK, and TX.   |        |           |
| Mountains.–AZ, CO, ID, MT, NV, NM, UT, and WY.   |        |           |
| Pacific CoastCA, OR, and WA.   |        |           |
| <b>Other</b> .–All other markets in the United States not previously listed, including AK, HI, PR, and VI, among others. |        |           |

III-13. <u>End uses</u>-Describe the end uses of the ferrosilicon that your firm imports from Russia and Venezuela and estimate the percent of <u>total production cost</u> that is accounted for by ferrosilicon and by other inputs (such as labor, energy, and other raw materials).

|                  | Share of total cost of end use product(s)<br>accounted for by |   |              |   |       |  |
|------------------|---|---|--------------|---|-------|--|
| End use products | Ferrosilicon  |   | Other inputs |   | Total |  |
|                  | %   | + | %            | = | 100%  |  |
|                  | %   | + | %            | = | 100%  |  |
|                  | %   | + | %            | = | 100%  |  |

III-14. Substitutes.-- Can other products be substituted for ferrosilicon?

No

Yes--Please fill out the table.

|    |            | End use in which this | Have changes in the prices of this su<br>affected the price for ferrosilico |     | nges in the prices of this substitute<br>cted the price for ferrosilicon? |
|----|------------|-----------------------|---|-----|---|
|    | Substitute | substitute is used    | No  | Yes | Explanation   |
| 1. |            |                       |   |     |   |
| 2. |            |                       |   |     |   |
| 3. |            |                       |   |     |   |

III-15. <u>Demand trends</u>.-- Indicate how demand within the United States and outside of the United States (if known) for ferrosilicon has changed since January 1, 2010. Explain any trends and describe the principal factors that have affected these changes in demand.

| Market                          | Overall increase | No<br>change | Overall decrease | Fluctuate with no clear trend | Explanation and factors |
|---------------------------------|------------------|--------------|------------------|-------------------------------|-------------------------|
| Within<br>the United<br>States  |                  |              |                  |                               |                         |
| Outside<br>the United<br>States |                  |              |                  |                               |                         |

## U.S. Importers' Questionnaire - Ferrosilicon

## Page 20

## PART III.--PRICING AND RELATED INFORMATION--Continued

| III-16. | <b>Product changes</b> Have there been any significant changes in the product mix or marketing of ferrosilicon since January 1, 2010?                                     |
|---------|---|
|         | No Yes Please describe.   |
|         |   |
|         |   |
| III-17. | Business cycles   |
|         | a) Is the ferrosilicon market subject to business cycles (other than general economy-wide conditions) and/or other conditions of competition distinctive to ferrosilicon? |
|         | <ul> <li>No (skip to question III-18.)</li> <li>Yes-Business cycles (e.g. seasonal business).</li> <li>Yes-Other distinctive conditions of competition.</li> </ul>        |
|         | If yes, describe below.   |

| Business cycles                 |  |
|---------------------------------|--|
| Other conditions of competition |  |

(b) Have there been any changes in the business cycles or conditions of competition for ferrosilicon since January 1, 2010?

No

Yes-- Please describe.

### U.S. Importers' Questionnaire - Ferrosilicon

## PART III.--PRICING AND RELATED INFORMATION--Continued

III-18. Supply constraints.--Has your firm refused, declined, or been unable to supply ferrosilicon since January 1, 2010 (examples include placing customers on allocation or "controlled order entry," declining to accept new customers or renew existing customers, delivering less than the quantity promised, been unable to meet timely shipment commitments, etc.)?

No Yes-- Please describe.

III-19. **<u>Raw materials</u>.--**Please describe any trends in the prices of raw materials used to produce ferrosilicon and whether your firm expects these trends to continue.

III-20. **Interchangeability.--**Is ferrosilicon produced in the United States and in other countries interchangeable (*i.e.*, can they physically be used in the same applications)?

Please indicate A, F, S, N, or 0 in the table below:

- A = the products from a specified country-pair are *always* interchangeable
- F = the products are *frequently* interchangeable
- S = the products are *sometimes* interchangeable
- N = the products are *never* interchangeable
- 0 = no familiarity with products from a specified country-pair

| Country-pair                     | Russia   | Venezuela  | China      | Canada | Other countries |  |  |  |
|----------------------------------|--|------------|------------|--------|-----------------|--|--|--|
| United States                    |  |            |            |        |                 |  |  |  |
| Russia                           |  |            |            |        |                 |  |  |  |
| Venezuela                        |  | $\searrow$ |            |        |                 |  |  |  |
| China                            |  |            |            |        |                 |  |  |  |
| Canada                           | $\searrow$   | $\searrow$ | $\searrow$ |        |                 |  |  |  |
| For any countr<br>please explain | For any country-pair producing ferrosilicon that is <i>sometimes</i> or <i>never</i> interchangeable, please explain the factors that limit or preclude interchangeable use: |            |            |        |                 |  |  |  |
|                                  |  |            |            |        |                 |  |  |  |
|                                  |  |            |            |        |                 |  |  |  |
|                                  |  |            |            |        |                 |  |  |  |
|                                  |  |            |            |        |                 |  |  |  |
|                                  |  |            |            |        |                 |  |  |  |
|                                  |  |            |            |        |                 |  |  |  |
|                                  |  |            |            |        |                 |  |  |  |
|                                  |  |            |            |        |                 |  |  |  |

III-21. Factors other than price.--Are differences other than price (*i.e.*, quality, availability, transportation network, product range, technical support, *etc.*) between ferrosilicon produced in the United States and in other countries a significant factor in your firm's sales of the products?

Please indicate A, F, S, N, or 0 in the table below:

- A = such differences are *always* significant
- F = such differences are *frequently* significant
- S = such differences are *sometimes* significant
- N = such differences are *never* significant
- 0 = no familiarity with products from a specified country-pair

| Country-pair                     | Russia                            | Venezuela                               | China                                   | Canada                               | Other countries |
|----------------------------------|-----------------------------------|---|---|--------------------------------------|-----------------|
| United States                    |                                   |   |   |                                      |                 |
| Russia                           |                                   |   |   |                                      |                 |
| Venezuela                        |                                   |   |   |                                      |                 |
| China                            |                                   |   |   |                                      |                 |
| Canada                           |                                   |   |   |                                      |                 |
| For any countr<br>please explain | y-pair producing the factors that | ng ferrosilicon t<br>t limit or preclue | hat is <i>sometim</i><br>de interchange | es or <i>never</i> inte<br>able use: | rchangeable,    |
