Poultry - Production and Value

2010 Summary

Special Note

NASS is in the process of modifying report layouts in order to improve readability. This report issue is published using both layouts but all future issues will only be produced with the new layout, which is available on the NASS website: <u>http://www.nass.usda.gov</u>. This is the last issue using this layout.

Summary

U.S. Value of Production and Sales Up 10 Percent

The combined value of production from broilers, eggs, turkeys, and the value of sales from chickens in 2010 was \$34.7 billion, up 10 percent from the \$31.6 billion in 2009. Of the combined total, 68 percent was from broilers, 19 percent from eggs, 13 percent from turkeys, and less than 1 percent from chickens.

U.S. Value of Broiler Production Up 9 Percent

The value of broilers produced during 2010 was \$23.7 billion, up 9 percent from 2009. The total number of broilers produced in 2010 was 8.63 billion, up 1 percent from 2009. The total amount of live weight broilers produced in 2010 was 49.2 billion pounds, up 3 percent from 2009.

U.S. Value of Egg Production Up 6 Percent

Value of all egg production in 2010 was \$6.52 billion, up 6 percent from the \$6.17 billion in 2009. Egg production totaled 91.4 billion eggs, up 1 percent from the 90.5 billion eggs produced in 2009.

U.S. Value of Turkey Production Up 22 Percent

The value of turkeys produced during 2010 was \$4.37 billion, up 22 percent from the \$3.57 billion the previous year. Turkey production in 2010 totaled 7.11 billion pounds, down 1 percent from the 7.15 billion pounds produced in 2009.

U.S. Value of Sales from Chickens Up 11 Percent

The value of sales from chickens (excluding broilers) in 2010 was \$72.0 million, up 11 percent from the \$65.1 million a year ago. The number of chickens sold in 2010 totaled 172 million, down 2 percent from the total sold during the previous year.

and Total, Onice States, 2009 2010						
Year	Broilers ¹	Eggs	Turkeys	Chickens ²	Total	
	1,000 Dollars	1,000 Dollars	1,000 Dollars	1,000 Dollars	1,000 Dollars	
2009	21,822,804	6,166,038	3,573,392	65,115	31,627,349	
2010	23,696,132	6,517,823	4,371,400	71,958	34,657,313	

Value of Production: Broilers, Eggs, Turkeys, Chickens, and Total, United States, 2009-2010

¹ Excludes States which produced less than 500,000 broilers.

² Value of sales.

Reliability of Poultry Production and Value Estimates

Survey Procedures: These estimates were based on inventory, disposition, production, and price estimates as published in various NASS poultry and agricultural prices reports, as well as information on imports, exports, and slaughter obtained from other sources. Individual NASS field offices maintain a list of all known poultry operations and use known sources to update their lists. Data are collected from all known broiler hatcheries and turkey grow-out operations. Also, data are collected from layer and egg contractors and independent producers who have at least 30,000 table egg layers, flocks of hatchery supply layers, or pullet only operations with at least 500 pullets. In every situation, operations are contacted as close to the reference date as possible and given adequate time to respond via mail, fax, or electronic data reporting (EDR). Those that do not respond are contacted by phone. Care is exercised to ensure that all operations of interest are accounted for in the estimates.

Estimation Procedures: Sound statistical methodology is employed to derive the estimates from reported data. All data are analyzed for unusual values. Data from each operation are compared to their own past operating profile and to trends from similar operations. Data for missing operations are estimated based on similar operations or historical data. NASS field offices prepare these estimates by using a combination of survey indications and historic trends. Individual State estimates are reviewed by the Agricultural Statistics Board for reasonableness.

Revision Policy: Revisions to previous estimates are made to improve estimates and are generally the result of late or corrected data. For all species, previous year estimates are subject to revision when the current year estimates are made. Five years of estimates are also reviewed after the Census of Agriculture data are available. Estimates are considered final after Census review and no revisions are made after the final estimates are published.

Reliability: Estimates in this report have no sampling error since they are based on a census of all known contractors and independent producers who have at least 30,000 table egg layers, flocks of hatchery supply layers, pullet only operations with at least 500 pullets, all known broiler hatcheries, and all known turkey grow-out operations. However, estimates are subject to errors such as omission, duplication, and mistakes in reporting, recording, and processing the data. While these errors cannot be measured directly, they are minimized through strict quality controls in the data collection process and a careful review of all reported data for consistency and reasonableness.

Information Contacts

Listed below are the commodity specialists in the Livestock Branch of the National Agricultural Statistics Service to contact for additional information.

Dan Kerestes, Chief, Livestock Branch	(202) 720-3570
Bruce Boess, Head, Poultry and Specialty Commodities Section	(202) 720-4447

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, political beliefs, genetic information, reprisal, or because all or a part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination, write to USDA, Assistant Secretary for Civil Rights, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, S.W., Stop 9410, Washington, DC 20250-9410, or call toll-free at (866) 632-9992 (English) or (800) 877-8339 (TDD) or (866) 377-8642 (English Federal-relay) or (800) 845-6136 (Spanish Federal-relay). USDA is an equal opportunity provider and employer.
