VS FORM 17-146A IINSTRUCTIONS

The BSE Surveillance Submission Form (VS 17-146) has space to attach identification numbers for 20 animals. If additional animals are sampled, submit VS 17-146A to list additional animals. VS Form 17-146A should not be submitted without an accompanying VS 17-146 and the appropriate number of forms VS 17-131 for each animal listed.

**PAGE**

Enter the number for this page out of the total number of pages submitted (e.g., 2 of 3).

**1. BSE REFERRAL NUMBER**

The number must correspond to the number listed on the related VS Form 17-146. See instructions for VS 17-146 for details on preferred numbering format.

**2. SAMPLE INFORMATION**

Place barcodes for up to 32 additional animals in the spaces provided. See instructions for VS 17-146 regarding barcode availability and distribution.

**3. ADDITIONAL DATA**

Use this block to provide other pertinent information not captured elsewhere on VS 17-146 or VS 17-131.

**4. SIGNATURE OF SUBMITTER**

The submitter must sign each page of the form.

Accession No. block is reserved for use by the testing laboratory.
