§ 302.7 Amendments and changes.

(a) Recipients shall submit requests for amendments to Investment awards in writing to EDA for approval and shall provide such information and documentation as EDA deems necessary to justify the request.

(b) Any changes to Projects made without EDA's approval are made at the Recipient's risk of non-payment of costs, suspension, termination or other applicable EDA action with respect to the Investment.

And 13 CFR § 302.16(c) for Project Service Maps:

§ 302.16 Reports by Recipients.

(a) In general, each Recipient must submit reports to EDA at intervals and in the manner that EDA shall require, except that EDA shall not require any report to be submitted more than ten (10) years after the date of closeout of the Investment Assistance.

(b) Each report must contain a data-specific evaluation of the effectiveness of the Investment Assistance provided in fulfilling the Project's purpose (including alleviation of economic distress) and in meeting the objectives of PWEDA. Data used by a Recipient in preparing reports shall be accurate and verifiable as determined by EDA, and from independent sources (whenever possible). EDA will use the data and reports to fulfill its performance measurement reporting requirements under the Government Performance and Results Act of 1993 and to monitor internal, Investment and Project performance through an internal performance measurement system, such as the EDA Balanced Scorecard or other system.

(c) To enable EDA to determine the economic development effect of a Project that provides service benefits, EDA may require the Recipient to submit a Project service map and information from which to determine whether services are provided to all segments of the Region being assisted.
