**Memorandum**

Date April 22, 2009

From Associate Director for Science, CDC  
Office of the Chief Science Officer

Subject Authorization to Extend 308(d) Assurance of Confidentiality Protection for the "Assisted Reproductive Technology Database"

To Janet Collins, Ph.D.  
Director, National Center for Chronic Disease  
Prevention and Health Promotion (NCCDPHP)

This memo is to provide formal approval of the NCCDPHP request to extend the authorization to assure confidentiality under Section 308(d) of the Public Health Service Act for the project "Assisted Reproductive Technology Database."

This project has had confidentiality protection since 2001. Every five years we recommend that the program apply for a formal extension of the 308(d) authority for ongoing projects. That action should be taken for this project in March 2014.

Please use 42 USC 242(k), and 42 USC 242(m) as the legal references for information collection and protection.

If you have any questions, please contact Cheryl Coble, CDC Confidentiality Advisor, at (404) 639-4791.
