

*** 1. Informed Consent Statement**

- **Purpose of the Study:** The purpose of this research study is to evaluate the DVD called "The Lab" and determine whether you might use it in a course on the responsible conduct of research integrity.
- **Procedures to be followed:** You will be asked to answer a number of questions on a questionnaire about research integrity training (including a new teaching tool called "The Lab"), your educational background and demographics, and your opinions on the quality/usefulness of research integrity training materials.
- **Duration:** Depending on your answers, the questionnaire will take about 15 to 30 minutes to complete.
- **Statement of Confidentiality:** Your participation in this research is confidential. The questionnaire does not ask for any personally-identifying information. Any publication or presentation of the research will only provide estimates aggregated across the entire sample and no information on individuals.
- **Right to Ask Questions:** Please contact Dennis Dever at dennisd@dsfederal.com with questions or concerns about this study.
- **Voluntary Participation:** Your decision to be in this research is voluntary. You can stop at any time. You do not have to answer any questions you do not want to answer.

The questionnaire is designed to be completed in a single session. Input cannot be saved to be completed later.

If you consent to take part in the survey, please click "YES" below in order to proceed to the questionnaire.
