Purpose

The U.S. Department of Homeland Security (DHS) and the Federal Emergency Management Agency (FEMA) are accountable to provide support and funding for the maintenance and readiness of the National Urban Search and Rescue (US&R) Response System. The purpose of the **Readiness Cooperative Agreement** is to support the continued development and maintenance of a national urban search and rescue capability.

Specifically, the agreement provides a mechanism for distribution of Cooperative Agreement funding for certain purposes in preparation for US&R disaster response. The Cooperative Agreement allows each Sponsoring Agency of a US&R task force the opportunity to maintain a high standard and condition of operational readiness and includes guidance on key areas for task force management to focus on continued preparedness efforts.

The Cooperative Agreement provides direction to the US&R task force Sponsoring Agency for the use of funding to provide: administrative and program management, training, support, equipment cache procurement, maintenance and storage. This workbook is designed for use by the Sponsoring Agencies of all current task forces within the US&R Response System when applying for the US&R Readiness Cooperative Agreement solicitation.

For more specific information, refer to the applicable Grant Guidance/Funding Opportunity Announcement package and Statement of Work.

EQUIPMENT

Task Force General Comments

This Program Category covers the costs for the equipment portion of the Readiness Cooperative Agreement for our Task Force. The period of performance covers a 18 month period to accomplish the work in this area. Our Task Force intends to maintain a deployable Task Force and will provide the required equipment to insure mission readiness, safety, and management of the Task Force. The equipment will be purchased in accordance with the requirements of the Urban Search & Rescue Program Office statement of work, current cache list, and official guidance from the US&R Program Office. The equipment and supporting cost details will be provided in the below object classes under this Program Category. Our Task Force will attempt to maintain the preparedness of the Task Force under this Readiness Cooperative Agreement, in order to provide critical emergency response services as one of the 28 teams for the National Urban Search and Rescue Response System.

The below list of equipment and costs covers what is anticipated for this Readiness Cooperative Agreement. Due to the dynamic program, training scheduling and requirement changes, some of the equipment listed may require revisions. Any changes will be noted within the Performance Reports, and will include the change and the reason for the change. It will not require a budget adjustment as long as the change is within the Pergaram Category total as noted at time of award, and is an approved equipment requirement within the statement of work, current cache list, and official guidance from the US&R Program Office.
