SURVEY OF 2010 PEP PEP COMMUNITY-BASED ORGANIZATIONS (CBO) GRANT RECIPIENTS: YEAR 3

Introduction

The U.S. Department of Education's Policy and Program Studies Service (PPSS) is conducting an evaluation of the Carol M. White Physical Education Program (PEP). As part of this evaluation, this survey asks about the design and implementation of your PEP grant. Your input is critical to understanding the implementation of PEP projects.

Survey Instructions

The survey will take approximately 60 minutes to complete. Not all items in the survey may apply to your PEP grant. Please follow the skip patterns noted next to particular items as you complete the survey – they will tell you whether or not you should skip ahead to a later question. If there is not an arrow next to your response and there is no indication that you should skip ahead, then just continue to the next item.

While this survey is designed for Project Directors of PEP grants, if necessary, please share the survey with other staff members knowledgeable about the project to ensure that the most complete and accurate information is recorded.

As a recipient of a PEP grant, your participation in the study is required under ESEA, Sec. 9306(a) (4). Your responses will be aggregated when presenting findings to the U.S. Department of Education (ED) and for reporting purposes.

Returning the Survey

When you have completed the survey, **please return it to the email address provided no later than DATE**. If you have any questions about the study or would like to request a paper copy of the survey with a pre-addressed, pre-paid envelope, please feel free to contact Ms. Andrea Coombes, Survey Coordinator, by mail, phone, or email:

Andrea Coombes

We look forward to receiving your responses and thank you in advance for your cooperation.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is XXXX-XXXX. The time required to complete this information collection is estimated to average 60 minutes per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202-4537. If you have comments or concerns regarding the status of your individual submission of this form, write directly to: Policy and Program Studies Service, Office of Planning, Evaluation and Policy Development, U.S. Department of Education, 400 Maryland Avenue, S.W., [insert building/room number], Washington D.C. 20202-4537.

10. Please describe the segment of your PEP grant population that has been more difficult to serve and why.

PEP Grant Design and Implementation

The following series of questions asks about the implementation of your PEP grant's activities. As this survey is designed for the entire group of PEP grant recipients, it is likely that your particular PEP grant did not implement or plan to implement some of the listed activities. For these items, please indicate the appropriate response (e.g., "not addressed," "not implemented").

11. How were the needs for your PEP grant assessed?

54. Please indicate the number of times BMI data have been collected during your PEP grant to date.

Grant year	Number of times BMI data were collected
a. Year 1	_____
b. Year 2	_____
c. Year 3 to date	_____

55. Please indicate how your PEP grant has used and/or plans to use BMI measurements.

BMI use	Check all that apply
a. To assess the weight status of the student population across time	<input type="checkbox"/>
b. To calculate percentage of students of different weight statuses among the population	<input type="checkbox"/>
c. To assess outcomes related to PEP grant activities	<input type="checkbox"/>
d. To compare the population trends at different sites/schools	<input type="checkbox"/>
e. To assess the weight status of individual students to identify those at risk for weight-related health problems	<input type="checkbox"/>
f. To provide parents with information about their children's BMI to help them take appropriate action	<input type="checkbox"/>

The following series of questions asks about your PEP grant's plans and experiences regarding data collection of **Government Performance and Results Act (GPRA)** performance measures based on the following:

- Measure 1.1 The percentage of students served by the grant who engage in 60 minutes of daily physical activity.
- Measure 1.2 The percentage of students served by the grant who achieve age-appropriate cardiovascular fitness levels.
- Measure 1.3 The percentage of students served by the grant who consume fruit two or more times per day and vegetables three or more times per day.

56. Please indicate which of the uniform data collection methods your PEP grant has used. If the method has been used, please indicate how difficult it was to collect the required GPRA performance measures using the scale provided.
