## Mark-to-Market Subsidy Layering Certification - Standard M2M Transaction

## Project Name:

The Restructuring Plan for the above referenced project was completed in accordance with the program standards contained in the M2M Operating Procedures Guide (OPG). The plan therefore meets the program requirement that the forms of assistance provided are the minimum needed to ensure the long-term viability of the assisted housing. The restructuring plan includes the following elements of financial assistance:

Pursuant to the subsidy layering review requirements contained in 24CFR401.481, the <u>(PAE)</u> has performed a subsidy layering review and has determined that the government assistance involved in the standard debt restructuring referenced above is not more than increasing to permit the project to house tenants with an income mix comparable to the income mix of the project before the Restructuring Plan is implemented. The <u>(PAE)</u> , therefore, certifies that the Restructuring Plan developed for the project meets HUD's subsidy layering requirements.
