This Change of Worksheet addresses modifications to 7 of the 11 forms currently approved under OMB No. 0581-0189. The forms are used by the Texas Valley Citrus Committee (Committee) to locally administer the Federal marketing order for oranges and grapefruit grown in South Texas counties of Cameron, Hidalgo or Willacy. All changes are merely cosmetic and are the result of the office moving from one suite to another in the same building and the Committee obtaining a new number for its facsimile machine. Consequently, the hours per response for these forms remain unchanged. Below is a justification for the changes to the seven forms without a form number.

Seven forms without form numbers: The Committee has changed their office location and the previous address is no longer valid. Therefore, the new address is provided. Orange and grapefruit producers and handlers are aware of this change and this will not require additional time or burden.
