Instructions for Completion of an NOP Import Certificate (NOP 2110-1) Under the EU-U.S. Organic Equivalence Arrangement

Beginning June 1, 2012, certified organic products of the United States (U.S.) and the European Union (EU) can be represented as organic in each other's market. Each shipment of EU organic products exported to the U.S. under this trade partnership must be accompanied by a National Organic Program (NOP) Import Certificate. The NOP Import Certificate must be completed by an EU-authorized body and attests that imported products have met the terms of the EU-U.S. organic equivalence arrangement:

- Organic livestock were produced without the use of antibiotics.
- Products traded under the arrangement will travel with this signed NOP Import Certificate.
- Products were produced or had final processing or packaging occur in the EU.

Detailed information about this arrangement is available on the NOP website at:

<http://www.ams.usda.gov/NOPTradeEuropeanUnion>.

These instructions are designed to assist EU-authorized bodies (you) in completing a National Organic Program (NOP) Import Certificate (NOP 2110-1):
