Dear [TITLE] [LAST NAME],

USDA's Food and Nutrition Service (FNS) recently sent you a letter describing a survey being conducted called the WIC Local Agency Breastfeeding Policy and Practices Inventory (WIC BPI). Under the Healthy, Hunger-Free Kids Act of 2010 (P.L. 111-296), all WIC agencies are required to participate. This includes the 90 State, territorial, and Indian Tribal Organization and approximately 2,000 local WIC agencies.

Mathematica Policy Research is conducting the two-part survey with funding from USDA FNS. The first part is to learn about WIC agencies' breastfeeding promotion policies and practices. The second part will be conducted in a few months; we will send information separately at that time.

You are invited to access the survey online by clicking on the link below:

Please complete the survey by [end date]. The survey will take approximately [State: 30/local: 54] minutes to complete. You may save your responses and return to finish the survey at a later time. You may also share responsibility for completing the survey with other members of your staff.

We attached a frequently asked questions document that provides additional detail about the WIC BPI.
