We want to know how **other** people usually classify you in this country, which might be different from how you classify yourself

Responses to Frequently Asked Question (FAQ)

FAQ	Response
What is the purpose of this survey?	Community Transformation Grants (CTG) were awarded to several state and local governmental agencies and community-based organizations around the nation. Their purpose was to help enact changes that will increase health equity, eliminate health disparities, and improve health in the community. The purpose of this study will be to collect information from community members that can help to evaluate the impact of program activities.
What is the Community Transformation Grant (CTG) program?	The Community Transformation Grants (CTG) program supports communities in the development and implementation of initiatives to create healthier communities and reduce chronic disease in the United States. Approximately \$103 million in prevention funding has been awarded to 61 states and communities serving approximately 120 million Americans. By promoting healthy lifestyles, especially among population groups experiencing the greatest burden of chronic disease, these grants will help improve health, reduce health disparities, and control health care spending. For more information about the Community Transformation Grants program, visit: www.cdc.gov/communitytransformation or call 800-CDC-INFO; (800) 232-4636
Who is sponsoring this study? / Who uses the information?	The study is being sponsored by the Centers for Disease Control and Prevention (CDC). The information collected in this survey will be used to create a report evaluating the impact of activities and strategies of Community Transformation Grant awardees. That report will be submitted to the CDC as part of their evaluation programs.

FAQ	Response
Who/What is RTI International?	Research Triangle Institute is a not-for-profit research organization that provides research, development, and technical services to government and commercial clients worldwide. RTI's mission is to improve the human
	condition by turning knowledge into practice. You can go to our Web site at www.rti.org to learn more.
How do I know this information will remain private?	All project staff members, including myself, have signed confidentiality agreements and are prohibited by law from using the information for anything other than this research study. Any other use is a violation of Federal Law and is subject to fines and imprisonment.
	Names will be removed from all data collected prior to the analysis and reporting of results. Data are reported in summary statistical format only.
	If you would like, I can also direct you to my supervisor for further information.
Will my name be used if I participate?	No, all data will be collapsed into categories, for example, the number of children of a certain age who have visited a doctor recently. No identifying information will be included.
How can I verify that this survey is legitimate or get more information about this survey?	You may call our survey manager, Brenna Muldavin, at 1-xxx-xxx-xxxx, or by sending an email to < <study-specific email<br="">address>>@rti.org.</study-specific>
	She's available weekdays during normal working hours (9am to 5 pm EST). After you've called Ms. Muldavin, you can call back and complete the survey by calling 1-xxx-xxx-XXXX and refer to case id [caseid #].

FAQ	Response
I have questions about my rights as a research subject. Who should I contact?	If you have questions regarding your rights as a survey participant, you may contact the Office of Research Protection at RTI International, toll free at 1-866-214-2043. If you have questions regarding your rights as a survey participant, or the protection of your privacy you may also contact Paul Garfinkel at (800) SOS-KIDS. Please refer to protocol number 230967
You selected someone else in the household to complete the survey, but why can't I take it instead?	We appreciate your willingness to take part in our study. Unfortunately, to be able to gather information about your community that is statistically representative of all members we can only survey those that have been randomly selected to participate in our study.
I don't want to give out any personal information.	We understand that you may not want to give some kinds of information. However, all information collected will remain strictly private and you can skip any questions that make you feel uncomfortable.
Why do you need to know my race/ethnicity/income?	We would like to make sure that we obtain health information that is representative of all members of your community. This question will help us to understand if the Community Transformation Grant program is having an equal impact for all members of your community.
