Dear Medicare Beneficiary:

The Centers for Medicare & Medicaid Services (CMS) is the Federal agency that administers the Medicare program. Our responsibility is to make sure that you get high quality care. One of the ways we can fulfill that responsibility is to find out directly from you about how the care you are currently receiving under the Medicare program affects your health.

CMS is conducting a survey of people with Medicare called the *Medicare Health Outcomes Survey-Modified*. Your name was selected at random by CMS from among the people in your health plan with Medicare. We would greatly appreciate your taking the time to fill out this questionnaire. A postage-paid return envelope is enclosed.

Your answers to the survey will provide information about the state of your health and help determine if the care you receive is keeping you as healthy as possible. After the study is completed, your responses will be shared with your health plan. Your plan may use this information to improve the quality of care.

Learning about the state of your health is very important to us. While your participation is voluntary, we hope that you will take the time to answer the questionnaire. Your answers will have no effect on your Medicare benefits.
