# YouthBuild Follow Up Survey

*November, 2013*

Persons are not required to respond to this collection of information unless this survey displays a currently valid OMB control number (OMB xxxx-xxxx, expires xx/xx/xxxx). Responding to this questionnaire, which seeks to help the U.S. Department of Labor understand how YouthBuild programs are serving disadvantaged youth, is voluntary. Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to Eileen Pederson, U.S. Department of Labor, Employment and Training Administration, Office of Policy Development and Evaluation, Room N-5641, 200 Constitution Avenue, NW, Washington, DC 20210.

**IN15. [Hello, my name is [INTERVIEWER] and I'm calling from  
Mathematica Policy Research.]**

**[I'm calling / I would like to speak with] you about the  
YouthBuild Evaluation. You may have received a letter  
recently to let you know that someone from Mathematica  
would be calling to see how you are doing since you  
joined the study a year ago.**

**The YouthBuild Evaluation is a study paid for by the  
U.S. Department of Labor and the Corporation for National  
and Community Service. The goal of the study is to learn  
how YouthBuild helps youth and young adults get a GED  
certificate or high school diploma, gain employment skills  
and find work or prepare for post-secondary training or  
education. This study will provide us with important  
information that will help create better programs for young  
people.**

**The U.S. Department of Labor has funded three  
organizations, MDRC, Mathematica Policy Research, and  
Social Policy Research Associates, to work with  
YouthBuild programs to run the study. As part of the  
study, we are asking you to complete this short interview.  
The interview covers several topics, including education,  
planning for the future, employment, earnings,  
involvement with the criminal justice system, and social  
and emotional development.**

**Individual responses will not be matched with specific  
individuals. Responses to this data collection will be used  
only for the purposes of the study. The reports prepared  
from this survey will summarize findings across all study  
participants and individual forms will not be available to  
anyone outside the study team, except as required by law.**

**The interview should take around 40 minutes to complete.  
To thank you, we will send you a card worth \$25. The card  
can be used anywhere that a credit or debit card can be  
used. Now let's get started.**

**Thank you for your participation in the YouthBuild Research Project!**

Persons are not required to respond to this collection of information unless this survey displays a currently valid OMB control number (OMB xxxx-xxxx, expires xx/xx/xxxx). Responding to this questionnaire, which seeks to help the U.S. Department of Labor understand how YouthBuild programs are serving disadvantaged youth, is voluntary. Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate to Eileen Pederson, U.S. Department of Labor, Employment and Training Administration, Office of Policy Development and Evaluation, Room N-5641, 200 Constitution Avenue, NW, Washington, DC 20210.
