Dear [Participant Name],

Thank you for agreeing to participate in the YouthBuild Research Project in [MONTH] of [YEAR]! The YouthBuild Research Project is being led by researchers at MDRC and Mathematica Policy Research. The U.S. Department of Labor and the Corporation for National and Community Service are paying for the study. By choosing to be a part of this study, you will help us learn how to provide better services to young people like you.

When you signed up to be a part of the study, you learned that we would contact you to take part in a survey. We are writing to invite you to participate in the survey. The survey will ask you about the things that are going on in your life, including your school and work experiences, activities you may be involved in outside of school or work, your living arrangements and your goals for the future. You can skip any questions you do not want to answer. We hope that you will answer as many questions as possible. We will protect your answers and privacy to the fullest extent under the law.

If you complete the survey within the next four weeks you will receive a gift card worth \$40 as a thank you gift for your participation. If you complete the survey after that time, you will receive a gift card worth \$25. The gift card can be used anywhere that credit or debit cards are accepted.

To learn how to complete the survey online, please see the insert included with this letter. The survey is meant for only you to complete, so please keep your log-in information somewhere safe.

To learn more about the study and the survey, please stay in touch with us through Facebook and Twitter. You can check out our Facebook account at [facebook.com/YouthBuildResearchProject](https://facebook.com/YouthBuildResearchProject). You can also follow us on Twitter: @YBRresearch.
