ANNUAL PAYBACK REPORT
User Guide and Instructions

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Public reporting burden for this collection of information is estimated to average one hour per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is required to obtain or retain a benefit (Section 13 of the Rehabilitation Act, as amended). Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20210-4537 or email ICDocketMgr@ed.gov and reference the OMB Control Number 1820-0617. Note: Please do not return the completed RSA Payback Grantee Form to this address.

This user guide provides instructions to grantees on how to fill out the annual Rehabilitation Services Administration (RSA) Payback Reporting form. This form must be submitted every year by grantees that receive funds from the Department of Education to provide financial assistance to students who are pursuing certificates or degrees in areas of rehabilitation services that are experiencing personnel shortages. Grantees are required to submit data for every grant they receive. This means one grantee may submit multiple reports each year.

Grantees are required by federal regulation to report data to RSA on all students (known as RSA scholars) who receive financial assistance.

This includes reporting on every scholar's academic and employment progress until every scholar completes his/her payback obligation¹.

Data for every student is required every year under each grant until every student supported by the grant fulfills his/her payback obligation through qualified employment. This means grantees may be submitting payback reports beyond the life of the grant. The applicable statute and regulations are available on the RSA website at the following address: www.ed.gov/rsa and are also included as attachments at the end of the user guide. Grantees should contact their RSA project officer for technical assistance or for additional clarification.

All information pertaining to RSA scholars is submitted to the Department of Education via the RSA Management Information System (MIS). Contact information for the RSA MIS help desk and RSA program analysts who oversee the Payback system are included at the end of the manual. Grantees must obtain a user identification and password from RSA in order to enter the MIS system. Instructions for using the RSA MIS system can be obtained at: <http://rsamis.ed.gov>. The MIS has been subjected to and has passed the Section 508 compliance accessibility testing by the Department of Education. In addition, the MIS has been tested for access via Internet Explorer and Firefox. Any questions or requests for technical assistance should be directed to the MIS Administrator at 202-245-6589 or RSAMIS.Technical.Support@ed.gov.

¹ Students who receive scholarships are required to work within the public rehabilitation program for two years for every year of full-time scholarship support.

Screen One

The following table (see Figure 1) outlines the information contained on Screen One.

RSA staff will set up the report shell and enter basic grantee information. Grantees should review the information to ensure it is accurate and up to date. The shaded boxes highlighted on this screen are locked down and cannot be edited. If there are any changes or mistakes in these fields the grantee should contact the RSA MIS Administrator for assistance.

Grantees are able to modify the following fields as needed: project director, phone and email.

*Figure 1: Screen One, **General Information***

Grantee	
Project Director	
Phone	
Email Address	
Grant Number	
Grant Amount	
Rehab Field of Training	
If “other” please explain	
Reporting period (last Fiscal Year completed)	

The first time a grantee submits a payback report for a grant, they should indicate the rehabilitation field of training supported by the specific grant in the field labeled “**Rehab Field of Training**”. Grantees will select one of the following choices from the drop down menu: Comprehensive System of Personnel Development, Job Development/Placement, Rehab Admin, Rehab Counseling/PhD, Rehab Counseling/Masters, Rehab/Blind, Rehab/Deaf, Rehab/Mentally Ill, Rehab Psychology, Rehab Technology, Undergraduate Education/Rehab Services, Vocational Evaluation/Work Adjustment, Other.

If “other” is selected, the grantee should type the field of training in the field labeled “**If “other” please explain**”.

The last data field requests the reporting period, “**Reporting period (last Fiscal Year completed)**”. Grantees submit a report every year detailing scholar activity and status through September 30. The payback reporting system is open each year from October 1 through November 30. *Example: For FY 2012’s report, grantees will submit data on all current and exited scholars collected between October 1, 2011 and September 30, 2012. RSA will accept reports for this time frame starting October 1, 2012. The system will close November 30, 2012.*

When all of the fields are completed, click SAVE and proceed to the next screen.

Screen Two

Screen Two is where grantees start entering student data. This screen asks for information on every scholar receiving financial support under the grant. The following table (see Figure 2) outlines the information contained on Screen Two.

This screen asks for specific information on each RSA scholar who received scholarships under this particular grant number. *Note: the information entered in this screen will carry over each year. Grantees must verify the status of every scholar each year.* Scholar status will be coded as *Current or Exited* using the drop down box under the “Status” field. When a scholar is coded as “current” their information will roll over to Screen Three, “**RSA Current Scholars**”. When the status changes from “current” to “exited” the scholar’s profile will move from Screen Three to Screen Four, “**RSA Exited Scholars**”.

Grantees cannot delete a student from the payback system. Grantees must contact the RSA MIS help desk if they wish to remove scholars or rows from any screen.

Figure 2: *Screen Two, Add/Edit Scholars*

<i>Text field</i>	<i>Drop down</i>	<i>Text field</i>	<i>Cumulative total updated automatically each year: no data entry</i>	<i>Text field</i>	<i>Check box</i>

Name of RSA Scholar: This is a text field. Every student who receives support under the grant must be entered. Enter the student’s name with Last Name comma First Name format. The information will remain on the report each year until the payback obligation is fulfilled. Once a student is entered into the system the grantee cannot delete the information.

Status: This is a drop down box that offers 3 choices: “**Current**,” “**Exited**,” or “**Delete**.” “**Current**” refers to students actively participating in a degree/certificate track program. “**Exited**” refers to students who have graduated or left the program for other reasons. Grantees will be asked to provide additional information about graduates or exited students on another panel. “**Delete**” refers to the option of deleting an entry that was submitted incorrectly.

Scholar Start Date: Enter the date the student entered the program. Please use the following format: MM/DD/YYYY. Example: if a student entered into your program on September 1, 2009 you will enter the data as: 09/01/2009. It is critical that the data entered in this field is correct; it will be used to calculate the total payback obligation owed by the scholar.

Scholarship Amount Current Year: This is a text box. Grantees should enter the amount of money each scholar received during the fiscal year being reported.

Total Support All Years: This information will be updated based on data the grantee inputs on future panels. No data needs to be entered into this field; it automatically populates based on data entered elsewhere on the form.

Payback Agreement Signed and on File: This is a check box. Grantees are required to check this box each year a form is submitted. It is the grantee’s responsibility to ensure that the scholar signs all payback agreement forms and hard copies are kept by the grantee.

Current Address on File: This is a check box. Grantees are required to verify that the scholar’s address and contact information is current.

When all of the fields are completed, click “**SAVE**” and proceed to the next screen.

Screen Three

Screen Three asks for information on all current RSA scholars who are enrolled in academic programs. The following table (see Figure 3) outlines the information contained on Screen Three.

Figure 3: *Screen Three, Information on Current Scholars*

Name of RSA scholar	Academic degree sought	Student status
<i>Populated</i>	<i>Drop down</i>	<i>Drop down</i>

Academic Degree Sought: This is a drop down box that offers four choices: “**Bachelors,**” “**Masters,**” “**Ph.D.**” or “**Certificate.**” Select the appropriate degree track for each scholar.

Student Status: This is a drop down box that offers two choices: “**Full-time**” or “**Part-time.**” Select the appropriate student status for each scholar.

The scholar’s information will remain on Panel Three until the student status is changed from “**Current**” to “**Exited**”. The information should be checked each year for accuracy. Once a student exits the program, his/her information will roll over to Panels Four and Five.

When all of the fields are completed, click “**SAVE**” and proceed to the next screen.

Screen Four

Screen four asks for information regarding the scholar’s exit date, reason for exit and the dates related to employment. The following table (see Figure 4) outlines the information contained on Screen Four.

Figure 4: *Screen Four, Information on Exited Scholars*

Name of RSA scholar	Why did this scholar exit the program?	Date exited the program	Date work must begin (including 2 years grace)	Number of work years owed	Date by which work must be completed (including 2 years grace)
<i>Populated</i>	<i>Drop down</i>	<i>Text field</i>	<i>Automatically populates: no data entry required</i>	<i>Text field</i>	<i>Automatically populates: no data entry required</i>

Why did this scholar exit the program? This drop down box offers four choices: deceased, graduated, dropped out or expelled/removed from the program. If a scholar exits the program without graduating the grantee should ensure that documentation is retained in the student file to explain why the scholar is dropping out or was expelled. Note: even when a scholar leaves a program for reasons other than graduating they are still required to fulfill their payback obligation by either working in qualified employment or making arrangements to financially pay back their scholarship to the Department of Education.

Date Graduated or Exited the Program: This is a text box. Enter the scholar’s graduation or program exit date using the MM/DD/YYYY format.

Date Work Must Begin (including 2-year grace period): Automatically populates: no data entry required. This date is derived using the information from the previous field; date graduated or exited the program. **Note:** this will compute when the user clicks “SAVE” – not interactively when they enter the date.

Number of Work Years Owed: This is a text box. Grantees must calculate the payback obligation owed by each scholar. This number is derived by the number of years of financial support received by the scholar.

Date by Which Work Must Be Completed (including 2-year grace period): Automatically populates: no data entry required. This date is derived using the information from the previous field; “**Date Graduated or Exited the Program.**”

RSA is asking for information related to when work must begin and the projected completion date in order to estimate how many years a scholar will appear on the required annual report. This information also can be used by grantees to ensure that scholars are on track to meet their payback obligation within the established regulatory timeframe.

When calculating the “**Date Work Must Begin**” field, grantees should include the two-year grace period every scholar is granted upon graduating/exiting from the program.

When all of the fields are completed, click “**SAVE**” and proceed to the next screen.

The specific regulations pertaining to the scholar’s payback obligation are outlined in 34 CFR Part 386 Rehabilitation Training: Rehabilitation Long-Term Training Subpart E.

Screen Five

Screen five asks for information regarding the scholar’s employment status and progress towards fulfilling the payback obligation. The following table (see Figure 5) outlines the information contained on Screen Five.

Figure 5: *Screen Five, Information on Exited Scholars (continued)*

Name of RSA scholar	Employment status	If deferment or waiver or non-qualifying employment, explain	Number of work years owed	Work years completed to date	Payback complete?
	<i>Drop down</i>	<i>Drop Down</i>	<i>Text field</i>	<i>Text field</i>	<i>Automatically populates: no data entry required</i>

Employment Status: This drop down choice offers seven options to best describe the employment obtained by the scholar: State Vocational Rehabilitation, Qualified Non-Profit, Qualified For-Profit, Qualified Federal, Non-qualified Employment², Deferment, or Waiver.

Deferment or Waiver or Non-Qualifying Employment, Explain: If the grantee selects “Non-qualified Employment,” “Deferment,” or “Waiver” in the “Employment Status” field, the grantee should use the drop down menu to add text in this field explaining why the scholar is not in employment that satisfies their payback obligation. If the scholar has obtained an approved deferment or waiver from RSA, the grantee is required to maintain all of the necessary documentation in the appropriate (University or scholar) files.

Number of Work Years Owed: Automatically populates: no data entry required. This information is derived from the corresponding column in screen 4. Grantees must calculate the payback obligation owed by each scholar. This number is derived by the number of years of financial support received by the scholar.

Work Years Completed to Date: This is a text box. Grantees must manually enter this information into the report each year. Grantees are responsible for: 1) following up with scholars in payback status to ensure scholars are gainfully employed in a position that meets the definition for qualified employment, 2) updating the record to reflect any changes in employment on an annual basis, and 3) updating the number of work years owed by each grantee.

Payback Complete?: This field self-populates based on information contained in prior fields. When the number of work years owed equals the number of work years completed to date the field will automatically put “Yes” in the payback complete column. Grantees cannot populate this field; the MIS automatically populates it. When a scholar successfully completes the payback obligation, his/her information is archived and the grantee is no longer obligated to collect information on the individual.

After all of the relevant data is entered into Screen Five, the MIS will move to the final screen, Screen Six.

Screen Six

Screen Six has three data fields that must be updated each year: name of individual submitting the form, the title of the person submitting the form and the date. Screen Six also provides a detailed summary of all information collected on the form. It provides a snapshot of scholar information, including employment, for each grantee. The shaded boxes are pre-populated based on data entered into the previous screens. This information can be used as a project management tool for grantees. This screen also provides RSA

² Scholars working in “non-qualified “ employment are still responsible for fulfilling their payback obligation by the established due date. Employment requirements are outlined in Section 386.34 (1) (i) (A) (B) (C) of the Code of Federal Regulations.

with a quick snapshot of the progress for all RSA scholars for each grant. Staff can see how many scholars are being supported and what their education and employment outcomes are along with other information necessary for analysis.

The following table (see Figure 6) outlines the information contained on Screen Six.

 - (5) Shall limit scholarship assistance to the individual's cost of attendance at the institution for no more than four academic years except that the grantee may provide an extension consistent with the institution's accommodations under section 504 of the Act if the grantee determines that an individual has a disability that seriously affects

the completion of the course of study; and

(6) Shall obtain a Certification of Eligibility for Federal Assistance from each scholar as prescribed in 34 CFR 75.60, 75.61, and 75.62.

Sec. 386.34 What assurances must be provided by a grantee that intends to provide scholarships?

A grantee under this part that intends to grant scholarships for any academic year beginning after June 1, 1992, shall provide the following assurances before an award is made:

(a) Requirement for agreement. No individual will be provided a scholarship without entering into a written agreement containing the terms and conditions required by this section. An individual will sign and date the agreement prior to the initial disbursement of scholarship funds to the individual for payment of the individual's expenses, such as tuition.

(b) Disclosure to applicants. The terms and conditions of the agreement that the grantee enters into with a scholar will be fully disclosed in the application for scholarship.

the grantee of any change of name, address, or employment status and will document employment satisfying the terms of the agreement.

(4) Subject to the provisions in Sec. 386.41 regarding a deferral or exception, when the scholar enters repayment status under Sec. 386.43(e), the amount of the scholarship that has not been retired through eligible employment will constitute a debt owed to the United States that--

(1) Documentation of the employer's name, address, dates of the scholar's employment, and the position the scholar maintained;

(1) Is unable to continue the course of study or perform the work obligation because of a disability that is expected to continue indefinitely or result in death; or

(2) Has died.

(b) Repayment of a scholarship may be deferred during the time the scholar is--

(1) The date the scholar informs the Secretary he or she does not plan to fulfill the employment obligation under the agreement.

employment obligation within the number of years required in Sec. 386.34(c)(1).

(f) Amounts and frequency of payment. The scholar shall make payments to the Secretary that cover principal, interest, and collection costs according to a schedule established by the Secretary.

Attachment B: Statutory Authority for RSA Payback Report

Section 13 of the Rehabilitation Act, as amended (the Act) requires the Commissioner of the Rehabilitation Services Administration (RSA) to submit an annual report to the Congress on the activities carried out under this Act, including statistical data reflecting services and activities provided individuals during the preceding fiscal year. Section 14(a) of the Act further requires an evaluation of the impact of programs under the Act, including their general effectiveness in relation to their cost.

Sec. 13. (a) Not later than one hundred and eighty days after the close of each fiscal year, the Commissioner shall prepare and submit to the President and to the Congress a full and complete report on the activities carried out under this Act, including the activities and staffing of the information clearinghouse under section 15.

(b) The Commissioner shall collect information to determine whether the purposes of this Act are being met and to assess the performance of programs carried out under this Act. The Commissioner shall take whatever action is necessary to assure that the identity of each individual for which information is supplied under this section is kept confidential, except as otherwise required by law (including regulation).

(c) In preparing the report, the Commissioner shall annually collect and include in the report information based on the information submitted by States in accordance with section 101(a)(10), including information on administrative costs as required by section 101(a)(10)(D). The Commissioner shall, to the maximum extent appropriate, include in the report all information that is required to be submitted in the reports described in section 136(d) of the Workforce Investment Act of 1998 and that pertains to the employment of individuals with disabilities.

Evaluation

Sec. 14. (a) For the purpose of improving program management and effectiveness, the Secretary, in consultation with the Commissioner, shall evaluate all the programs authorized by this Act, their general effectiveness in relation to their cost, their impact on related programs, and their structure and mechanisms for delivery of services, using appropriate methodology and evaluative research designs. The Secretary shall establish and use standards for the evaluations required by this subsection. Such an evaluation shall be conducted by a person not immediately involved in the administration of the program evaluated.

Section 302(b)(2)(C) of the Rehabilitation Act, as amended (the Act), requires academic institutions (i.e. grantees) which administer the RSA Long-Term Training grants to be responsible for keeping track of the employment location of former scholars supported under their training grants. Program regulations at 34 CFR 386.34 require each grantee to establish and maintain a tracking system on current and former RSA scholars regarding the payback requirement and to report to the Secretary on these matters. The program regulations at 34 CFR 33-35 and 40-43 also spell out the payback provisions and the RSA scholars' requirements to comply with them.
