

performed “as a member of the uniformed services.”

Statement as to How Petersen Differs From the Agency’s Policy

The WEP is a modified formula for calculating the retirement or disability benefits of a person who receives a pension from noncovered work (*i.e.*, work that is not defined as employment for Social Security purposes and where Social Security taxes were not deducted from the employee’s pay). The WEP applies to persons who attain age 62 or become eligible for disability benefits after 1985 and who first become eligible for a monthly payment (such as a civil service pension) after 1985 “which is based in whole or in part upon his or her earnings for service which did not constitute ‘employment’ as defined in” 42 U.S.C. 410. 42 U.S.C. 415(a)(7)(A)(III). The WEP applies to persons with noncovered employment in the CSRS which includes the civilian employment of a “dual status” National Guard technician. A formula is used to compute the person’s primary insurance amount (PIA), which then is used to compute the amount of the person’s Social Security benefits. 42 U.S.C. 415(a)(7)(B); 20 CFR 404.213(c). The formula results in a lower Social Security benefit.

Congress amended the WEP in 1994 in Pub. L. 103–296, the Social Security Independence and Program Improvements Act of 1994 (the Independence Act). Section 308 of the Independence Act, codified at 42 U.S.C. 415(a)(7)(A)(III), created a new exemption from the WEP, which applies to “a payment based wholly on service as a member of a uniformed service” as defined in 42 U.S.C. 410(m). We interpret the uniformed services exception to the WEP to mean that only monthly payments based on military service are exempt from the WEP. Under this interpretation, monthly payments that are based on noncovered civilian public employment, including that of National Guard technicians who work under the CSRS, are not exempt from the WEP. Moreover, the effect of the uniformed services exception to the WEP and the regulatory provision found at 20 CFR 404.213(e)(9) is to exempt from the WEP only military retirement pay based on reserve inactive duty training (IDT). Other kinds of military duty, such as active duty, already were not subject to the WEP because they have been covered employment since 1956. The WEP does not apply to noncovered work before 1957.

The legislative history of the uniformed services exception to the WEP explains that the purpose of the

exception was to exempt military retired pay, based on noncovered IDT military duty, from application of the WEP. The exception was not intended to exempt any pension based on civilian work from application of the WEP. The Court of Appeals declined to consider the legislative history of the uniformed services exception because it found there was no ambiguity to the uniformed services exception.

Explanation of How SSA Will Apply the Petersen Decision Within the Circuit

Social Security old-age or disability applicants and beneficiaries who receive a CSRS pension based on noncovered work as dual status National Guard technicians, and who are permanent legal residents of a State within the Eighth Circuit, should have their Social Security benefits computed using the normal PIA, rather than the WEP PIA described in 42 U.S.C. 415(a)(7) of the Act. A decisionmaker should not apply this AR to an applicant or beneficiary who is not a permanent legal resident of a State within the Eighth Circuit at the time of making the determination or decision to apply the WEP. Before we determine that the WEP does not apply, we must have evidence that an applicant’s or beneficiary’s CSRS pension is based on service as a dual status civilian technician with the National Guard.

DEPARTMENT OF STATE

[Public Notice 7994]

Culturally Significant Objects Imported for Exhibition Determinations: “Plants of Virtue and Rocks by a Stream” by Shitao

ACTION: Notice, correction.

SUMMARY: On August 14, 2012, notice was published on pages 48582–3 of the **Federal Register** (volume 77, number 157) of determinations made by the Department of State pertaining to the object “Plants of Virtue and Rocks by a Stream” by Shitao. The referenced notice is corrected here to change the name of the exhibition in which that object will appear to “The Artful Recluse: Painting, Poetry, and Politics in 17th-Century China”.

FOR FURTHER INFORMATION CONTACT: For further information, including a listing of the exhibit object, contact Ona M. Hahs, Attorney-Adviser, Office of the Legal Adviser, U.S. Department of State (telephone: 202–632–6473). The mailing

address is U.S. Department of State, SA–5, L/PD, Fifth Floor (Suite 5H03), Washington, DC 20522–0505.

Dated: August 21, 2012.

J. Adam Erel,

Principal Deputy Assistant Secretary, Bureau of Educational and Cultural Affairs, Department of State.

DEPARTMENT OF TRANSPORTATION

[Docket No. FRA 2012–0006–N–10]

Information Collection Requirements (ICRs) Forwarded to the Office of Management and Budget (OMB); Request for Comments.

AGENCY: Federal Railroad Administration, DOT.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.), this notice announces that the Information Collection Requirements (ICRs) abstracted below have been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICRs describes the nature of the information collection and their expected burden. The **Federal Register** notice with a 60-day comment period soliciting comments on the following collection of information was published on June 12, 2012 (77 FR 35106).

DATES: Comments must be submitted on or before September 26, 2012.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Brogan, Office of Safety, Planning and Evaluation Division, RRS–21, Federal Railroad Administration, 1200 New Jersey Ave. SE., Mail Stop 17, Washington, DC 20590 (telephone: (202) 493–6292), or Ms. Kimberly Toone, Office of Information Technology, RAD–20, Federal Railroad Administration, 1200 New Jersey Ave. SE., Mail Stop 35, Washington, DC 20590 (telephone: (202) 493–6132). (These telephone numbers are not toll-free.)

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995 (PRA), Public Law 104–13, Section 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501–3520), and its implementing regulations, 5 CFR Part 1320, require Federal agencies to issue two notices seeking public comment on information collection activities before OMB may approve paperwork packages. 44 U.S.C. 3506, 3507; 5 CFR 1320.5, 1320.8(d)(1), 1320.12. On June 12, 2012,

FRA published a 60-day notice in the **Federal Register** soliciting comment on ICRs for which the agency was seeking OMB approval. 77 FR 35106. FRA received no comments in response to this notice.

Before OMB decides whether to approve a proposed collection of information, it must provide 30 days for public comment. 44 U.S.C. 3507(b); 5 CFR 1320.12(d). Federal law requires OMB to approve or disapprove paperwork packages between 30 and 60 days after the 30 day notice is published. 44 U.S.C. 3507(b)-(c); 5 CFR 1320.12(d); *see also* 60 FR 44978, 44983, Aug. 29, 1995. OMB believes that the 30 day notice informs the regulated community to file relevant comments and affords the agency adequate time to digest public comments before it renders a decision. 60 FR 44983, Aug. 29, 1995. Therefore, respondents should submit their respective comments to OMB within 30 days of publication to best ensure having their full effect. 5 CFR 1320.12(c); *see also* 60 FR 44983, Aug. 29, 1995.

The summary below describes the nature of the information collection requirements (ICRs) and the expected burden, and are being submitted for clearance by OMB as required by the PRA.

Title: Safety Appliance Concern Recommendation Report; Safety Appliance Standards Guidance Checklist Forms

OMB Control Number: 2130-0565

Type of Request: Extension with change of a previously approved information collection

Affected Public: 130 Federal and State Inspectors

Abstract: Sample car/locomotive inspections are performed as a courtesy to the car manufacturers to ensure that the equipment is built in accordance with all applicable Federal regulations and requirements. Car builders that desire to have FRA review their equipment for compliance with safety standards are to submit their safety appliance arrangement drawings, prints, etc., to the FRA Office of Safety Assurance and Compliance for review at least 60 days prior to construction. The sample car inspection program is designed to provide assurance that rolling stock equipment is compliant within the Code of Federal Regulations for use on the general railroad system. Although a sample car inspection is not required, most builders today request FRA to perform the inspection. The goal of the sample car inspection program is to reduce risk to railroad employees and improve passenger safety for the general public by ensuring rolling stock is fully

compliant with all applicable regulations.

In an ongoing effort to conduct more thorough and more effective inspections of freight railroad equipment and to further enhance safe rail operations, FRA has developed a safety concern recommendation report form and a group of guidance checklist forms that facilitate railroad, rail car owner, and rail equipment manufacturer compliance with agency Railroad Safety Appliance Standards regulations. New form FRA F 6180.EZ is designed to reduce burden on respondents. When a request for sample car inspection incoming letter is provided by the customer, an abundant amount of information is submitted to FRA for review that may require a formal on-site inspection. The information contained in the letter includes several paragraphs to explain the cited Code of Federal Regulations that the customer believes related to the construction of the car. Since many cars today are considered a car of special construction, the type of car to be reviewed, many times the amount of details of information are supplied to support why the customer believes the car submitted is the nearest car to construction. An abundance of factors with justification to support the car type is included in the request. Some examples would be a Logo, Company Name, and signature block, specific drawings, reflectorization, engineering information such as test or modeling of components. Also, the request may include car reporting marks, the amount of cars that would be constructed in the car series. In addition, the request would provide the location of the inspection, contact person, title, and contact information. Currently, each request is written differently, but contains most of the information to process the request to completion. The F6180.EZ Form provides specific blocks that contain a standardized format to provide specific information that is in an easy to fill-in the form arrangement. This would greatly reduce the amount of time to complete the form instead of a long form letter and additional sample car inspection request of similar car orders would be minimized by the information provided previously. By having a form of this nature, the customer will have the information visually that would be required, to eliminate the potential of missing information that then causes additional letters to complete the incoming package. FRA could potentially be able to provide a cursory review of the provided information to ensure the package is complete without

having to constantly compare the request letter to the supplied documents.

The FRA region responsible for the sample car field sample car inspection is obliged to formally inspect the car for compliance. All the information in the customer request is forwarded to the region for review. Once the inspection is completed, the assigned inspector provides his report in a memorandum to the MP&E Specialist. The MP&E Specialist reviews the documents and provides a memo to the Regional Administrator who sends a response by memorandum to FRA Headquarters of the finding from the field inspection. The additional memorandums would be eliminated by the F6180.4 EZ just by a grid sign-off, reducing the amount of additional paperwork and filing documents.

FRA Headquarters is responsible for gathering all the information from the request from the customer as well as assigning and forwarding the information to the Region. All the information is reviewed by the MP&E Specialist at Headquarters. The MP&E Specialist prepares a grid letter response for the MP&E Staff Director who then offers the response letter to the Director, Office of Safety Assurance and Compliance. The formal response letter is then sent to the customer through the Control Correspondence Management (CCM) system. The filing system and folders today are already large in size, and would be reduced by having a form that is on one piece of paper with all the information necessary to complete the process from the initial request for sample car inspection to the formal response letter provided.

Form Number(s): New Form FRA F 6180.4EZ; current Forms FRA 6180.4(a)-(q)

Annual Estimated Burden Hours: 244 hours

Addressee: Send comments regarding this information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 Seventeenth Street NW., Washington, DC 20503, Attention: FRA Desk Officer. Comments may also be sent electronically via email to the Office of Information and Regulatory Affairs (OIRA) at the following address: oir_submissions@omb.eop.gov

Comments are invited on the following: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection;

ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

A comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication of this notice in the **Federal Register**.

Authority: 44 U.S.C. 3501–3520.

Issued in Washington, DC, on August 21, 2012.

Rebecca Pennington,

Chief Financial Officer, Federal Railroad Administration.

DEPARTMENT OF TRANSPORTATION

Intelligent Transportation Systems Program Advisory Committee; Notice of Meeting

AGENCY: ITS Joint Program Office, Research and Innovative Technology Administration, U.S. Department of Transportation.

ACTION: Notice.

The Intelligent Transportation Systems (ITS) Program Advisory Committee (ITS PAC) will hold a meeting by teleconference on September 11, 2012, from 1 p.m. to 2:30 p.m. (EDT).

The ITS PAC, established under Section 5305 of Public Law 109–59, Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users, August 10, 2005, and re-chartered on January 23, 2012, was created to advise the Secretary of Transportation on all matters relating to the study, development, and implementation of intelligent transportation systems. Through its sponsor, the ITS Joint Program Office, the ITS PAC makes recommendations to the Secretary regarding ITS Program needs, objectives, plans, approaches, content, and progress.

The following is a summary of the web conference tentative agenda: (1) Committee high level plan of action; and (2) Requirements for ITS Joint Program Office and external subject matter experts.

Participation in the teleconference is open to the public, but limited conference lines will be available on a first-come, first-served basis. Members of the public who wish to participate must notify Mr. Stephen Glasscock, the Committee Designated Federal Official, at (202) 366–9126 no later than

September 5, 2012, at which time the teleconference phone number will be provided. Members of the public may present oral statements during the teleconference with Mr. Glasscock's approval. Persons wishing to present oral statements or obtain information should contact Mr. Glasscock.

Questions about the agenda or written comments may be submitted by U.S. Mail to: U.S. Department of Transportation, Research and Innovative Technology Administration, ITS Joint Program Office, Attention: Stephen Glasscock, 1200 New Jersey Avenue SE., HOIT, Washington, DC 20590 or faxed to (202) 493–2027. The ITS Joint Program Office requests that written comments be submitted prior to the teleconference.

Notice of this teleconference is provided in accordance with the Federal Advisory Committee Act and the General Services Administration regulations (41 CFR part 102–3) covering management of Federal advisory committees.

Issued in Washington, DC, on the 21st day of August 2012.

John Augustine,

Managing Director, ITS Joint Program Office.

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[FMCSA Docket No. FMCSA–2012–0163]

Qualification of Drivers; Exemption Applications; Diabetes Mellitus

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: FMCSA announces its decision to exempt 23 individuals from its rule prohibiting persons with insulin-treated diabetes mellitus (ITDM) from operating commercial motor vehicles (CMVs) in interstate commerce. The exemptions will enable these individuals to operate CMVs in interstate commerce.

DATES: The exemptions are effective August 27, 2012. The exemptions expire on August 27, 2014.

FOR FURTHER INFORMATION CONTACT:

Elaine M. Papp, Chief, Medical Programs Division, (202) 366–4001, fmcsamedical@dot.gov, FMCSA, Room W64–224, Department of Transportation, 1200 New Jersey Avenue SE., Washington, DC 20590–0001. Office hours are from 8:30 a.m. to

5 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Electronic Access

You may see all the comments online through the Federal Document Management System (FDMS) at: <http://www.regulations.gov>.

Docket: For access to the docket to read background documents or comments, go to <http://www.regulations.gov> and/or Room W12–140 on the ground level of the West Building, 1200 New Jersey Avenue, SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Privacy Act: Anyone may search the electronic form of all comments received into any of DOT's dockets by the name of the individual submitting the comment (or of the person signing the comment, if submitted on behalf of an association, business, labor union, or other entity). You may review DOT's Privacy Act Statement for the Federal Docket Management System (FDMS) published in the **Federal Register** on January 17, 2008 (73 FR 3316), or you may visit <http://edocket.access.gpo.gov/2008/pdf/E8–785.pdf>.

Background

On July 11, 2012, FMCSA published a notice of receipt of Federal diabetes exemption applications from 23 individuals and requested comments from the public (77 FR 40941). The public comment period closed on August 10, 2012, and no comments were received.

FMCSA has evaluated the eligibility of the 23 applicants and determined that granting the exemptions to these individuals would achieve a level of safety equivalent to or greater than the level that would be achieved by complying with the current regulation 49 CFR 391.41(b)(3).

Diabetes Mellitus and Driving Experience of the Applicants

The Agency established the current requirement for diabetes in 1970 because several risk studies indicated that drivers with diabetes had a higher rate of crash involvement than the general population. The diabetes rule provides that “A person is physically qualified to drive a commercial motor vehicle if that person has no established medical history or clinical diagnosis of diabetes mellitus currently requiring insulin for control” (49 CFR 391.41(b)(3)).

FMCSA established its diabetes exemption program, based on the Agency's July 2000 study entitled “A
