[For HIV-negative or unknown status respondents]

The screenshot shows a web browser window with the title "HIV Prevention and Testing Messages" and a URL starting with "www.surveymonkey.com/s.aspx?PREVIEW_MODE=DO_NOT_USE_THIS_LINK_FOR_COLLECTION&sm=S3OyGWUui%2bUSTSmxsFoXxXgicAsFjxTIXodn%2fB9s8%3d". The survey question is "When was your last HIV test?" with five radio button options: "Within past 1-2 months", "Between 3-6 months ago", "Between 7-12 months ago", "Between 1-3 years ago", and "More than 3 years ago", plus a "Refuse to answer" option. A progress bar shows 16% completion. Below the question are "Prev" and "Next" buttons. At the bottom, it says "Powered by SurveyMonkey" and "Check out our sample surveys and create your own now!". The Windows taskbar at the bottom shows the Start button, several application icons, and the system tray with the time 7:03 AM.

Next, we'd like to ask you some questions about the people you have sex with and things you might talk to them about.

Do you currently have a main male sex partner—that is, a partner you would call your boyfriend, spouse, significant other, or life partner?

- Yes
- No
- Refuse to answer

In the past 12 months, how many non-main male partners – that is, somebody who you did not consider to be a boyfriend, spouse, significant other, or life partner – did you have anal sex with? (Enter 999 to refuse)
