## Memo

**Date:** July 6, 2015  
**To:** Scott Crosse, Project Director  
**From:** Kerry Levin, Chair Westat IRB *Kerry Levin*  
**Subject:** **Amendment Approval of PATH, Project Number 8954  
FWA 0005551**

As Chair of the Westat Institutional Review Board (IRB), I reviewed the materials submitted for the following: **PATH, Project 8954**. The Westat IRB reviews all studies involving research on human subjects. This project was last reviewed in May 2015.

This request was to approve Wave 4 Questionnaire development including cognitive testing and focus groups.

The regulations (45 CFR 46) permits expedited review of minor changes in previously approved activities. I am therefore approving the modifications under expedited authority. In addition, per [45 CFR 46 404 and 408], adequate provisions will be made for obtaining assent from youth and permission from parents. Since obtaining consent from only one parent does not adversely affect the rights and welfare of the subjects, and that the research may not practicably be carried out without the waiver, the request to waive permission of one parent or guardian [45 CFR 46.116 of Subpart A and 46.408 (b)] is also approved.

- You are required to submit this study for a continuing review before April 18, 2016.
- In the interim, you are responsible for notifying the IRB Office as soon as possible if there are any injuries to the subjects as well as problems or changes with the study that relate to human subjects.
