May I speak with (RESTORE CONTACT NAME)?

Hello, I'm (NAME) calling on behalf of the Military Health System (TRICARE). The Department of Defense is conducting a world-wide survey of DoD health care beneficiaries aimed at understanding and improving your health care. We are asking your opinions about the health care experiences you've had in major facilities within the last 12 months. Your participation will help improve the health care offered to DoD Beneficiaries throughout the world.

Today I want to ask you about services you may have received from the Military Health Facility. This survey helps health policy makers gauge beneficiary satisfaction with the current military health care system and provides valuable input from beneficiaries that will be used to improve the Military Health System. Your opinions are very important for this research. Your name will be held completely confidential and never connected to your answers. Your participation is voluntary and you may stop at any time or skip any question you do not wish to answer. This interview will take 8-10 minutes and is authorized by Office of Management and Budget Control No. 1090-0007.

PROG. NOTE: TERMINATE SCREEN

Those are all of the questions I have for you. Thank you for your interest in this project.

Previous Expectations

Now, I am going to ask you some questions about the Military Health Facility with which you have had experience as an outpatient.

Q1. Before you entered the Military Health Facility for outpatient care, you probably knew something about that Facility. Now think back and remember your expectations of the overall quality of the Military Health Facility. Please give me a rating on a 10-point scale on which "1" means your expectations were "not very high" and "10" means your expectations were "very high."

How would you rate your expectations of the overall quality of the Military Health Facility?
