PRICES RECEIVED BY FARMERS
2008 HAY CROP

NATIONAL
AGRICULTURAL
STATISTICS
SERVICE

The Department of Agriculture collects and publishes information on prices farmers receive for agricultural commodities. This information is needed in calculating the average price used in making deficiency payments in estimation of farm income, determination of government program payments, in the computation of the gross national product and for price studies and analysis of returns from alternative crops.

Your report is needed to accurately estimate prices and quantities sold. This survey is voluntary and not required by law. Individual reports are combined to estimate State and U.S. prices. Information in individual reports is kept **confidential**. Please mail your report in the enclosed postage paid envelope. Thank you.

Please make necessary corrections in name, address and zip code.

REPORT FOR YOUR FARM

ROUND BALES

1. Average price per bale sold	100	$/bale
