The U.S. Department of Agriculture collects and publishes information on prices received by farmers for peanuts. USDA uses results from the weekly survey in the determination of the loan repayment rate for peanuts. Monthly and season average prices for peanuts, are used to compute counter-cyclical payments, parity prices, and the indexes of prices received by farmers. They are also used in estimating the value of production and National farm income.

Response to this survey is voluntary and not required by law. The information you provide is kept confidential and used only in combination with other reports to estimate State and National prices. Thank you.

Please make corrections to name, address and ZIP Code, if necessary.

INSTRUCTIONS:

- ▶ In item 1, report peanuts under CCC Loan that were acquired from producers by option contract for the week of Sunday, May 31, 2009 through the following Saturday, June 06, 2009.
- ▶ In item 2, report peanuts purchased from farmers for the week ending Saturday, June 06, 2009 that were **NOT** redeemed by the buyer using an option contract
- ▶ Report each type of peanut that was purchased from US farmers.

- ▶ Report total pounds purchased and total dollars paid to farmers for the week ending Saturday, June 06, 2009

If no purchases during the previous week, check 'NONE'

Peanuts under Loan Acquired from Producers by Option Contract

- ▶ For peanuts redeemed under CCC Loan, report total pounds purchased and total dollars paid to the farmer when payment is made and you receive ownership of the peanuts. This will include total dollars paid to redeem the peanuts and total option payments.
- ▶ Report the average option payment per pound made for the weekly purchases.

1/ Dollars reported should represent only money received by farmers, including the Option Payment. Adjustments should be made for quality premiums and discounts.
