The Department of Agriculture collects and publishes information on prices received by farmers for rice. This information is used for estimation of farm income, determination of government program payments, in the computation of the gross national product and for price studies and analysis of returns from various crops.

Your report is needed to accurately estimate prices and quantities sold. This survey is voluntary and not required by law. Individual reports are combined to estimate State and U.S. prices. Information in individual reports is kept confidential. Please fax your report or mail it in the enclosed postage paid envelope. Thank you.
