Revision of Raisin Administrative Committee Forms

This justification for change addresses minor revisions to several forms that are currently approved under OMB No. 0581-0178. The forms are used by the Raisin Administrative Committee (RAC) to administer the marketing order regulating raisins produced from grapes grown in California. During the previous round of revisions to the RAC forms in December 2010, some administrative errors were inadvertently made on these forms that need to be fixed before they can be used. These changes address grammatical and administrative errors only, and would have no effect on the burden hours, respondents, or responses for this package. The revisions are explained below.

FV-222: Confidential Raisin Administrative Committee Producer Nominee Questionnaire

In numbered paragraph 11 on the new form, the word, “cooperative” was inserted before “marketing association” and before “bargaining association.” Following numbered paragraph 13 on the new form, a sentence was added specifying that the producer member and alternate positions are non-salaried and may require travel, and that authorized travel expenses are reimbursable.

FV-223: Independent Producer Ballot

On the new form, a sentence was added at the end of the first paragraph, specifying that the ballot addresses producer seats in one district only, and that voters must have production in the district in order to vote. Numbered paragraph 6 on the new form was extended by adding, “provided you have production in that district and DO NOT vote in any other district” to the end of the sentence. Paragraph 2 on page 2 on the old form was deleted, and replaced with, “The following candidates were nominated at a meeting on _____, 20___. Vote for no more than _____ nominees, including write-ins” on the new form. On the old form, the last sentence of the Privacy Act statement at the bottom of page 1 was deleted and replaced with the sentence, “If a TIN is not disclosed, ballots will not become invalid if another means of identifying the entity exists.”

RAC-1: Weekly Report of Standard Raisin Acquisitions

In the table on the old form, the line after “Other Seedless” was deleted, and the grid line above the word, “Other” was also deleted. In the table on the new form, the word, “Flames” was moved up one line, next to the words, “Other Seedless,” and the word, “(specify)” was added after “Other.” In the next-to-last row on the new form, the dash between the words, “Other Seedless” and “Sulfured” was changed to a colon. In the penalty statement below the table on the old form, the word, “or” between the words, “1001” and “the,” was changed to “of.” In the authority statement at the bottom of the old form, the parentheses were deleted from the citation, “7 U.S.C. 608d” for accuracy.
