6 SALES, RECEIPTS, OR REVENUE

What were the revenues for this firm in 2011 and 2010?

Include:

- Report gross billings, except where noted elsewhere on the form.
- Dues and assessments from members and affiliates.
- Amounts received for work subcontracted to others.
- For locations that were sold or acquired during a year, only report for the periods that this firm operated the locations.
- Revenue from services performed by domestic locations of foreign parent firms, subsidiaries, branches, etc.
- E-commerce revenue.

Exclude:

51120046

- Transfers made within the company.
- Taxes collected directly from customers or clients and paid directly to a local, state, or federal tax agency.
- Rents from and revenue of separately operated departments, concessions, etc., which are leased to others.
- Commissions from vending machine operators.
- Revenue of foreign subsidiaries (those located outside the U.S., i.e., outside the 50 states, District of Columbia, U.S. Commonwealth Territories, or U.S. Possessions).

2011 2010 \$ Bil. Mil. Thou. Dol. \$ Bil. Mil. Thou. Dol. 1. System Software Publishing a. Operating systems software - Lowlevel software which handles the interface to peripheral hardware, schedules tasks, allocate storage, or presents a default interface to the user when no application program is running. Include all client and network operating systems . . . b. Network software - Software that is used to control, monitor, manage, or communicate with operating systems, networks, network services, databases, storage and networked applications in an integrated and cooperative fashion across a network server software, security and encryption software, or middleware c. Database management software -Collection or suites of software programs that enable storage, modification, and extraction of information from a database d. Development tools and programming languages software - Software used to assist in the development or authoring of computer programs. Include all program development tools and programming languages e. Other systems software - All other systems software publishing not reported in lines 1a through 1d 2. Application Software Publishing a. General business productivity and home use applications - Software used for general business purposes to improve productivity, or in the home for entertainment, reference or educational purposes (e.g., office suite applications such as word processors, spreadsheets, simple databases, graphics applications, project management software, computerbased training software, games, reference, home education)
