Question Text	? [F1] <b>In order to count people in the right place, the Census Bureau must collect detailed geographic information. This information can be time-consuming for respondents to provide and it can be expensive for the census to process. To assist in our efforts to increase the accuracy of the census and save a lot of taxpayers' money, we could use cell phone or tablet technology, such as GPS, to determine your location more easily and accurately. If, during the completion of your 2020 Census questionnaire, we asked to use this technology to obtain geographic information directly from your mobile device, would you allow it?</b>
Spanish question	? [F1] <b>Para poder contar a las personas en el lugar correcto, la Oficina del Censo tiene que recopilar información geográfica detallada. Esta información puede ocuparles tiempo a los respondedores y puede resultar costosa para el proceso del censo. Para que nos ayude en nuestros esfuerzos por aumentar la precisión del censo y posiblemente ahorrar una gran cantidad de dinero de los contribuyentes, podríamos utilizar al tecnología de los teléfonos celulares o las tabletas, tal como el GPS, para determinar su localización con más facilidad y precisión. Si le pidiéramos utilizar esta tecnología para obtener información geográfica directamente de su dispositivo móvil cuando esté completando el cuestionario del Censo del 2020, ¿usted lo permitiría?</b>
