

ATTENTION

Greetings billfish anglers! Please complete the attached *Billfish Angler Survey* for 2011 and return as soon as possible. The results will be summarized for the next issue of the *Billfish Newsletter* which is currently being compiled.

Remember that one form should be filled out per angler. Additional copies can be photocopied or printed off our website and mailed to us: <http://swfsc.noaa.gov/frd-billfish.aspx>. If your name or address differs from what is on the mail label, please indicate the change in the space provided. When you are finished filling out the survey form, simply fold it in thirds so that the "NATIONAL MARINE FISHERIES SERVICE - NOAA" address is on the outside, staple or tape it closed, and drop it in the mail. Postage is paid in the USA.

Thank you for your support.
Fine fishing for now and forever!

Suzanne Kohin, Fisheries Biologist
James Wraith, Fisheries Biologist

If you prefer to receive the Billfish Newsletter by email, please check the box below and provide your email address, we will add you to our electronic mailing list.

Email: _____

Captains, to avoid duplicate reports, please indicate only your individual fishing days and catch.

Do not report client's effort and catch.

Name: _____

Street Address: _____ City/Town: _____

Country/State: _____ ZIP or Mailing Code: _____

E-mail Address: _____

**PACIFIC-INDIAN OCEAN INTERNATIONAL BILLFISH ANGLING SURVEY
FOR 2011 ONLY**

BILLFISH ANGLERS: This survey to determine the trend in recreational fishing in the Pacific Ocean has been conducted annually since 1969. Your response will enable us to determine average catch rates of specific billfish in the areas indicated on the other side of this card. Accurate records are needed to determine the effect heavy fishing on billfish resources is having on the anglers catch. Response is voluntary.

For each angler that fished for billfish in 2011 we request that you individually, and as accurately as possible, indicate the number of days you fished for billfish during the calendar year of 2011 and the number of billfish caught by species. **Fish tagged and/or released are counted as caught.** If you fished but were unsuccessful, it is still important to indicate the number of actual days fished.

The U.S. Government requires that all mailing lists be revised annually. If you did not fish but would like to remain on the mailing list, complete the address portion at the bottom of this card and return. If you do not return the card, your name will be removed from our mailing list. Your cooperation is requested, and by completing the address portion you will be advised on the survey results. **Please return as soon as possible.** Postage is not required if mailed in the USA.

Public reporting burden for this collection of information is estimated to average 5 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other suggestions for reducing this burden to Diana Hynek, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the internet at dHynek@doc.gov). Notwithstanding any other provisions of the law, no person is required to respond to, nor shall any person be subjected to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.
