SUPERVISOR SURVEY - BASELINE

The U.S. Department of Health and Human Services has contracted with MDRC to evaluate the federal Maternal, Infant and Early Childhood Home Visiting program (MIECHV).

The Mother and Infant Home Visiting Program Evaluation (MIHOPE) is designed to build knowledge for policymakers and practitioners about the effectiveness of MIECHV.

Your answers will be kept confidential. Only the research team will have access to this information. Your answers will not be shared with anyone at your program or any other agencies. In our research reports, the information you provide will not be attributed by name to you or your individual program.

One objective of MIHOPE is to learn about the role of supervisors in home visiting programs.

We are requesting that you complete this survey because you are a supervisor in one of the home visiting programs participating in MIHOPE. Your answers will help us to understand your role in the home visiting program and your perspective on the home visiting program.

- It will take about 1 hour and 15 minutes to complete this survey.
- If you are unsure how to answer a question, please give the best answer you can rather than leaving it blank.
- We would appreciate your response by MM/DD/YYYY.
- If you have questions at any time during the study, please call Alexander Vazquez at MDRC toll-free at 1-877-311-6372 or email Alexander.vazquez@mdrc.org.
- To thank you for your time, we will be sending you a gift card for \$30.

J. PROGRAM OUTCOMES

Instructions: In this section, we would like to learn how *staff members* perceive their program's intended outcomes. In general, a *program outcome* is a benefit to a child, parent, or family. For example, some programs might see the improvement of prenatal health as an important outcome.

Below is a list of possible outcomes for home visiting programs. We know your program may care about all of these benefits for your families. However, we would like to get a sense of which outcomes you think **your program** believes may be more important than others. We would like you to check the box that best represents what you think your program believes about the outcome.

To help you decide on an outcome's rank, think about whether it is discussed routinely in training and supervision. Think about what staff in your agency are told about its importance. Check the box that best describes your program's ranking of this outcome.

1. Considering all of the outcomes your program aims to achieve, how much of a priority is promoting good prenatal health, such as diet, exercise, rest, and not smoking?

<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

S. FACTORS FOR SERVICE DELIVERY

The following questions are about your role as a supervisor and your perceptions of the role of home visitors you supervise. Please check the box which is closest to how you feel.

1. There is too little time in one-on-one supervision to do all the things that my program expects me to do.

I often have to search for things to do in order to fill up an hour of one-on-one supervision.

- | | | | |
|----|---|--|---|
| 2. | The home visitor's role in promoting positive parenting is too rigidly defined; they don't have the flexibility they need to tailor services. | <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> | The home visitor's role in promoting positive parenting is not defined well enough; they don't know what they are expected to do with families. |
| 3. | The home visitor's role in addressing parenting risks is too rigidly defined; they don't have the flexibility they need to tailor services. | <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> | The home visitor's role in addressing parenting risks is not defined well enough; they don't know what they are expected to do with families. |
| 4. | The home visitor's role in promoting family economic self-sufficiency is too rigidly defined; they don't have the flexibility they need to tailor services. | <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> | The home visitor's role in promoting family economic self-sufficiency is not defined well enough; they don't know what they are expected to do with families. |
| 5. | My program defines service tailoring completely and provides training to build home visitors' skills in tailoring. | <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> | My program does not define service tailoring very clearly and does not provide training in building home visitors' skills in tailoring. |
| 6. | It is clear to home visitors which parts of their job are the most important to carry out with each family. | <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> | It is hard for home visitors to decide which parts of their job are the most important to carry out with each family. |
| 7. | The home visitor's role is only to help the mother address issues that she herself already recognizes. | <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> | The home visitor's role is to help the mother address issues she already recognizes AND to help her recognize and address those she does not yet recognize. |
| 8. | The home visitor's role is only to help mothers who are already motivated to take action. | <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> | The home visitor's role is both to help mothers who are already motivated to take action AND to motivate those who are not yet ready to take action. |

9. The home visitor's role is to promote positive parenting only by reinforcing the positive parenting behaviors that she sees. The home visitor's role is to promote positive parenting BOTH by reinforcing the positive behaviors that she sees AND to promote the mother's use of alternative approaches to negative parenting that she sees.
10. The home visitor's role is to promote positive parenting only by reinforcing appropriate parenting attitudes and beliefs. The home visitor's role is to promote positive parenting by BOTH reinforcing appropriate parenting attitudes and beliefs AND to influence mothers to change inappropriate parenting attitudes and beliefs.
11. All the activities of a home visitor's role fit together in a way that makes sense. It is hard to see how all the activities of a home visitor's role fit together.
12. All of the activities home visitors are expected to carry out with families are important. I question the value of many of the activities home visitors are expected to carry out with families.
13. It is clear how working toward one program goal with a family helps achieve the other program goals as well. The goals of my program don't fit together well; working toward one program goal is a distraction from working toward other program goals.
14. I guide home visitors in how to tailor services to each family. I let home visitors decide on their own how to tailor services to each family.
15. I guide home visitors in how to work with families when the family's goals are different from our program site's goals. I let home visitors decide on their own how to balance program goals and family goals.
