Public voluntary reporting burden for this collection of information is estimated to average 30 MINUTES per response. A Federal agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. Comments regarding this collection of information should be directed to: U.S. Geological Survey, Statistics and Information Systems Section, 988 National Center, Reston, VA 20192. **Please do not mail canvass forms to this address.**

Collection of nonfuel minerals information is authorized by Public Law 96-479 and the Defense Production Act. This information is used to support executive policy decisions pertaining to emergency preparedness, national defense, and analyses for minerals legislation and industrial trends. The USGS relies on your voluntary and timely response to assure that its information is complete and accurate.

Please return this form in the enclosed envelope or fax to the toll-free number on the first page of this form BY THE 15TH OF THE MONTH following the report period. Complete a separate form for each mineral establishment that was active or had an inventory during the calendar year. A mineral establishment is defined as a single physical location where mineral operations are conducted; for example, a mine only, a mine and preparation plant, or a preparation plant only.

If you have any questions concerning completion of this form, please contact the Mineral Commodities Data Unit, U.S. Geological Survey, 985 National Center, Reston, VA 20192, Telephone (703) 648-7960.

GENERAL INSTRUCTIONS

If you do not have exact data, please enter your best estimates and mark with an /e. Use zero (0) when appropriate. Do not report decimals or fractions. Round to the nearest whole number. If you have nothing to report, please complete "Location of plant covered by this report", sign, and return the form. Please do not make entries in shaded areas. Please use the space for "Remarks" to provide any specific information that will help us in the use or interpretation of the data. Any statement on the effect of changes in economic conditions upon the reporting establishment will be useful. Additional forms are available upon request. In describing products or materials, do not use brand or trade names.

SPECIFIC INSTRUCTIONS

(Please follow these guides when completing the report form.)

SECTION 1. Stocks, receipts, and disposition of molybdenum concentrate.

(Report products such as molybdic oxides in SECTION 2.)

Columns 1 - 3. Self-explanatory.

Column 4. Physical inventory adjustment only.

Report adjustments necessary to correct ending inventory shown for the preceding report period. If adjustment is significant, explain under Remarks. Show negative figures in parentheses.

Column 5. Beginning stocks.

Report all molybdenum concentrate owned by the reporting establishment at the beginning of the report period, regardless of its location within the United States. Include material on consignment to others, and, if owned by you, in transit to you within the United States. Exclude material on consignment to you from others.

Column 6. Receipts.

Report molybdenum concentrate owned by the reporting establishment. Include materials purchased from other companies and those transferred from other establishments of your company. If purchased from foreign sources, include only the quantity which arrived in the United States during the report period. Exclude material received on consignment to you from others.

Column 7. Consumption.

Report the quantity of molybdenum concentrate consumed (conversion of concentrate to molybdenum oxide) at the reporting establishment during the report period. Report production of molybdenum oxide in SECTION 2. Exclude material on consignment to you from others.

Column 8. Sales - for domestic consumption.

Report the quantity of molybdenum concentrate sold to domestic consumers during the report period. Include material transferred to other establishments of your company. Exclude material on consignment to you from others.

Column 9. Sales - for export.

Report the quantity of molybdenum concentrate exported during the report period. Include material transferred or consigned to foreign plants.

Column 10. Ending stocks.

Report all molybdenum concentrate owned by the reporting establishment at the end of the report period, regardless of its location within the United States. Include material on consignment to others, and, if owned by you, in transit to you within the United States. Exclude material on consignment to you from others.

For each line, the entry in COLUMN (10) should equal COLUMN (5) plus COLUMN (6) minus COLUMN (7) minus COLUMN (8) minus COLUMN (9).
