

TABLE OF CHANGES

FORM I-730

5 Oct 12

Reason for Change: U.S. Customs and Border Protection (CBP) will stop issuing paper I-94 Arrival/Departure Records in the near future, except in limited circumstances, and CBP will create an electronic record. The I-94 data will be available to entrants who have access to the internet to obtain their admission number and electronic I-94 record from the CBP website, www.cbp.gov. The I-94 record information is used by U.S. Citizenship and Immigration Services (USCIS) to verify applicant, petitioner or beneficiary status in the United States at the time an application or petition is filed. Additional data collection fields are being incorporated into several USCIS forms to enable verification of status in the United States based upon passport or travel document details captured by CBP at the port of entry, rather than the I-94. The changes being proposed will be made to the current form.
