

Opinion of Counsel – each grantee must be legally empowered to carry out the activities specified in the grant. Obtain from grantee an Opinion of Counsel citing the legal authority that enables grantee to apply for, receive and spend FTA funds and to provide local match, if required. Opinion needs to include statement affirming that attorney knows of no legal impediment to grantee's implementing the project if funds are awarded. Regional Office staff may require the resubmission of the Opinion of Counsel document from established grantees in certain circumstances, such as anything that impacts legal capacity including, but not limited to, litigations and restructuring.
