Office of Residential
Care Facilities

OMB Approval No. 9999-9999
(exp. mm/dd/yyyy)

Public reporting burden for this collection of information is estimated to average 70 hours. This includes the time for collecting, reviewing, and reporting the data. The information is being collected to obtain the supportive documentation which must be submitted to HUD for approval, and is necessary to ensure that viable projects are developed and maintained. The Department will use this information to determine if properties meet HUD requirements with respect to development, operation and/or asset management, as well as ensuring the continued marketability of the properties. This agency may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number.

Warning: Any person who knowingly presents a false, fictitious, or fraudulent statement or claim in a matter within the jurisdiction of the U.S. Department of Housing and Urban Development is subject to criminal penalties, civil liability, and administrative sanctions.

Privacy Act Notice: The Department of Housing and Urban Development, Federal Housing Administration, is authorized to collect the information requested in this form by virtue of: The National Housing Act, 12 USC 1701 et seq. and the regulations at 24 CFR 5.212 and 24 CFR 200.6; and the Housing and Community Development Act of 1987, 42 USC 3543(a). The information requested is mandatory to receive the mortgage insurance benefits to be derived from the National Housing Act Section 232 Healthcare Facility Insurance Program. No confidentiality is assured.

INSTRUCTIONS:

The narrative is a document critical to the Lean Underwriting process. Each section of the narrative and all questions need to be completed and answered. If the lender’s underwriter disagrees and modifies any third-party report conclusions, provide sufficient detail to justify. The narrative should identify the strengths and weaknesses of the transactions and demonstrate how the weaknesses are mitigated by the underwriting.

- **Charts:** The charts contained in this document have been created with versatility in mind; however they will not be able to accommodate all situations. For this reason, you are allowed to alter the charts as the situation demands. Be sure to state how you have altered the charts along with your justification. Include all the information the form calls for. Charts that include blue text indicate names that should be modified by the lender as the situation dictates.
- **Applicability:** If a section is not applicable, state so in that section and provide a reason. Do not delete a section heading that is not applicable. The narrative will be checked to make certain all sections are provided. If a major section is not applicable, add “ – Not Applicable” to the heading and provide the reason. For instance:

Parent of the Operator – Not Applicable

This section is not applicable because there is no operator.

The rest of the subsections under the inapplicable section can then be deleted. This instruction page may also be deleted.

- **Format:** In addition to submitting the PDF version of the Lender Narrative to HUD, please also submit an electronic Word version.

- **Historical Information:** Substantial rehabilitation can encompass a wide range of renovations—from “gut” rehabilitations that replace or newly construct nearly everything, to replacements and renovations that barely exceed the substantial rehabilitation threshold. Because of these types of variables, historical financial data on the previous operations may not be available or applicable. In those instances where historical information is not applicable, the underwriter should follow the above instructions for inapplicable sections and provide the reason. Acceptable reasons for not providing historical data include: the lack of data due to a sale or previous use or a significant change in use. Be cautioned that changes in census mix without a change in the type of license will likely not warrant elimination of the historical data as an underwriting tool.

Instead of pasting large portions of text from third-party reports into the narrative, it is preferred that the lender simply reference the page number and the report. The focus of this document is for lender conclusions, analyses, and summaries.

Italicized text found between these characters <<EXAMPLE>> is instructional in nature, and may be deleted from the lender’s final version. Please use the gray shaded areas (e.g.,) for your response. Double click on a check box and then change the default value to mark selection (e.g.,)

Portfolios

Program Guidance – Portfolio Definitions:

Portfolio: Two or more borrower entities that are under common control.

Small portfolio: Up to 49 facilities and aggregate mortgage loan amount less than or equal to \$90,000,000.

Midsize portfolio: Up to 49 facilities and a total mortgage loan amount greater than \$90,000,000 and less than or equal to \$250,000,000.

Large portfolio: 50 or more facilities and/or aggregate mortgage loan amount greater than \$250,000,000.

Common control: Business entities that are ultimately controlled by the same party or parties. Examples of common control may include, but are not limited to:

- Each entity has the same managing member, general partner, or other person or entity in a controlling role
{OR}
- 50% or more of each entity is owned by the same persons or entities.

Same ownership: Different properties or business entities that are wholly-owned by the same natural person, entity, or group—generally 100% common ownership among the properties. In the case of not-for-profit entities, “ownership” will be evaluated based on the principals identified through the HUD previous participation (2530/APPS) process. The ownership structure may be a corporation, limited liability company, partnership or limited partnership, or other legal structure. This term applies to master lease requirements.

Key Questions

	Yes	No
1. Do any of the principals of the borrower own any other projects insured or held by HUD?	<input type="checkbox"/>	<input type="checkbox"/>
2. Do any of the principals of the borrower plan to submit an application for mortgage insurance to HUD in the next 18 months?	<input type="checkbox"/>	<input type="checkbox"/>
3. Have any of the principals of the borrower submitted an application for mortgage insurance to HUD in the past 18 months?	<input type="checkbox"/>	<input type="checkbox"/>

<<For each “yes” answer above, provide a narrative discussion regarding the topic. Identify the size of the portfolio and complete the “Other Section 232 Applications” chart in the “Consolidated Certification – Parent of the Operator.”>>

Special or Atypical Underwriting Considerations

- There are NO special or atypical underwriting considerations.
- The following are unique characteristics, key deal points, special, or atypical underwriting considerations:
 - << Examples:
 - Facility will be master leased
 - Identity-of-interest issues
 - Timing issues for closing or permits, land, licensing, etc.

This section should not be a lengthy restatement of the rest of the narrative. It is merely to highlight key points.>>

Program Eligibility

Substantial Rehabilitation

This project qualifies for substantial rehabilitation because:

- The hard costs of rehabilitation/construction \$<<amount>>, represents % of the value as rehabilitated, which exceeds 15% of the project’s value after completion. (Note: the hard costs of an addition to the building are included in this calculation.)
- The scope of rehabilitation includes substantial replacement of two or more major building components, including: <<list all applicable components here>>.

Key Questions

	Yes	No
1. Will the facility charge “founder’s fees,” “life care fees,” or or other similar charges associated with “buy-in” facilities?	<input type="checkbox"/>	<input type="checkbox"/>
2. Will the facility require more than four residents share a full bathroom (see 24 CFR 232.3)? <i>(Not applicable for SNFs.)</i>	<input type="checkbox"/>	<input type="checkbox"/>
3. Are any residents required to access a qualifying bathroom by moving through a public corridor or area (see 24 CFR 232.3)? <i>(Not applicable for SNFs.)</i>	<input type="checkbox"/>	<input type="checkbox"/>
4. Has the borrower, operator, or any of their affiliate’s renamed or reformulated companies, filed for or emerged from bankruptcy within the last five (5) years?	<input type="checkbox"/>	<input type="checkbox"/>
5. Is the borrower, operator, or any of their affiliate’s renamed or reformulated companies, currently in bankruptcy?	<input type="checkbox"/>	<input type="checkbox"/>
6. Are there floodways or coastal high hazard areas, other than incidental portions, located onsite?	<input type="checkbox"/>	<input type="checkbox"/>

<<If you answered “yes” to any of the questions above, this facility is not eligible under this program. >>

Commercial Space/Income

Select one of the following:

- There will be no commercial space at the subject.
- There will be commercial space at the subject; however, it will not exceed the program limitations of 20% of the total net rentable area of the project and 20% of the effective gross income.

a. Total net rentable area :	_____	d. EGI:	_____
b. Net rentable commercial area:	_____	e. Eff. commercial income:	_____
c. % of commercial area:	<u><<b / a>></u>	f. % of commercial income:	<u><<e / d>></u>

<<Provide further explanation, if necessary. If the facility does not meet either of the criteria above, the loan is not eligible under this program.>>

Program Guidance:

The commercial limits are a maximum of 20% of the gross floor area of the project and 20% of the gross project income. Commercial space that is intended to exclusively serve the residents of the facility is not counted toward the 20% space and income limitations. Non-resident adult day care space will not be considered commercial space. However, the adult day care space may not be located on a separate site, the space may not exceed 20% of the gross floor area of the facility, and the income may not exceed 20% of gross income. (Provide a Certificate of Need or operating license, if applicable.)

Facility Type

Select **ALL** that apply:

- Nursing Home**
 Consists of at least 20 beds.
 Considered a “Skilled Nursing Facility” by Department of Health & Human Services.

- Intermediate Care Facility**
 Consists of at least 20 beds.
 Considered an “Intermediate Care Facility” by Department of Health & Human Services.

- Board and Care**
 Consists of at least 5 beds.
 Provides “Continuous Protective Oversight.”
 Provides areas for central dining.
 Offers three meals per day to each resident.
 Resident must take at least one meal a day.
 Regulated by the state in accordance with Section 1616(e) of the Social Security Act (Keys Amendment)

- Assisted Living**
 Consists of at least 5 units.
 Provides “Continuous Protective Oversight.”
 Provides areas for central dining.
 Offers three meals per day to each resident.
 Resident must take at least one meal a day.
 Caters to frail elderly persons (62 years and older) who need assistance with 3 or more activities of daily living (ADLs).

- Other - Requires explanation.** <<describe here>>

<<NOTE: The above reflect HUD’s definitions of facility or care types. Those definitions may not align with state licensing definitions.>>

Independent Units

Select all applicable statements:

- There will be NO unlicensed/independent units at the subject.
- There will be unlicensed/independent units at the subject; however, the total does not exceed 25% of the total beds at the facility.

a. Total beds: _____

b. Unlicensed independent beds: _____

c. Independent beds as % of total: _____

<<b / a>>

- A waiver is requested to exceed 25% of the total beds at the facility.

Program Guidance:

It has been longstanding policy that HUD will allow up to 25% of the units in a Section 232 facility to be Independent Living (IL) units. This policy remains unchanged under Lean. However, please note the following:

- The facility must offer services to all residents in the project comparable to those found in a skilled nursing facility, assisted living facility, board and care, or intermediate care facility.
- A license is not required for the IL units; however, all of the other units in the facility must be licensed.
- Waivers to exceed the 25% limit will be considered on a case-by-case basis for good cause. Please note that waivers have not been provided when the number of IL units exceeds 30% of the total project units.

Licensing/Certificate of Need/Keys Amendment

<<Provide affirmative statement along the lines of: “The facility is to be licensed by the State of {State}’s Department of Health and Welfare as a {Type of Facility} for {X} beds. The license is to be issued to {Name of Entity on License}.” Describe the licensing process. It is effective {date}, through {date}. The license covers {number of beds}.”>>

<<Provide affirmative statement along the lines of: “There is no Certificate of Need (CON) requirement in {State} for {Type of Facility}.” – OR – “A Certificate of Need (CON), dated {XXX} was issued by the State of {State} authorizing XX beds...”>> For skilled nursing, where the state does not require a CON, discuss the required independent study conducted by the state or commissioned by the state of market need and feasibility. Include in the discussion the number of beds and the date through which it is current.

<<(Applicable to B&C’s.) Provide affirmative statement along the lines of: “The State of {State} has certified its compliance with Section 1616(e) of the Social Security Act (Keys Amendment).”>>

Identities-of-Interest

Key Questions

	Yes	No
1. Have you, as the lender, identified any identities of interest on your certification?	<input type="checkbox"/>	<input type="checkbox"/>
2. Does the borrower’s certification indicate any identities of interest?	<input type="checkbox"/>	<input type="checkbox"/>
3. Do any of the certifications provided by principals of the borrower identify any identities of interest?	<input type="checkbox"/>	<input type="checkbox"/>
4. Does the operator’s certification (if applicable) indicate any identities of interest? <input type="checkbox"/> N/A	<input type="checkbox"/>	<input type="checkbox"/>
5. Does the Management Agent’s Certification (if applicable) indicate any identities of interest? <input type="checkbox"/> N/A	<input type="checkbox"/>	<input type="checkbox"/>
6. Does the General Contractor’s certification indicate any identities of interest?	<input type="checkbox"/>	<input type="checkbox"/>
7. Does the HUD Addendum to the AIA Agreement of the Design Architect identify any identities of interest?	<input type="checkbox"/>	<input type="checkbox"/>
8. Does the lender know, or have any reason to believe, that any of the assertions in the other Consolidated Certifications submitted herewith, are inaccurate or incomplete?	<input type="checkbox"/>	<input type="checkbox"/>

<<For each “yes” answer above, provide a narrative discussion regarding the topic. As applicable, describe the risk and how it will be mitigated. For example: The borrower and operator are related parties – John Doe has ownership in both entities. No other identities of interest are disclosed.>>

Risk Factors

Key Questions

	Yes	No
1. If the project is proposing new construction of assisted living units, is the proposed mortgage higher than the maximum loan-to-value (LTV) identified in the guidance below?	<input type="checkbox"/>	<input type="checkbox"/>
2. Is the debt service coverage of the loan less than 1.45?	<input type="checkbox"/>	<input type="checkbox"/>

	Yes	No
3. Is this a “special use facility”—one that serves a “niche” type of market (e.g., psychiatric facilities; drug, alcohol, or eating disorder recovery facilities; hospice facilities; or short-term rehabilitation facilities)?	<input type="checkbox"/>	<input type="checkbox"/>
4. Will the combined underwritten occupancy percentage of Medicare and private pay beds (of the total SNF beds in the project) exceed 30%?*	<input type="checkbox"/> N/A	<input type="checkbox"/>
5. Will the percentage of private pay beds used in the underwriting exceed the average percentage demonstrated in the market, defined as the average of no less than 5 competing facilities in the primary and secondary market?*	<input type="checkbox"/> N/A	<input type="checkbox"/>
6. Will the underwritten occupancy percentage of Medicare beds (of the total SNF beds in the project) exceed 10% or the average percentage demonstrated in the market, defined as the average of no less than 5 competing facilities in the primary and secondary market?*	<input type="checkbox"/> N/A	<input type="checkbox"/>

**If the answer to question 4, 5, or 6 is “yes,” a waiver must be requested.*

<<For each “yes” answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated.

*Example: **Debt Service Coverage Lower than 1.45:** {If the debt service coverage of the loan is less than 1.45, the lender must provide sufficient justification/mitigation to support the additional risk associated with the loan. The HUD underwriter will be required to specifically approve this item and may ask for additional input and request a discussion with the lender and/or HUD headquarters.}>>*

<<Below is a summary of the Lean underwriting benchmarks for loan-to-value (LTV) and debt service coverage ratio (DSCR).

<i>Type of Unit</i>	<i>New/Existing Units</i>	<i>Borrower Type</i>	<i>Max. LTV*</i>	<i>Min. DSCR*</i>
<i>SNF/ILU</i>	<i>Both</i>	<i>For Profit</i>	<i>80%</i>	<i>1.45</i>
<i>SNF/ILU</i>	<i>Both</i>	<i>Non-Profit **</i>	<i>85%</i>	<i>1.45</i>
<i>ALF</i>	<i>New</i>	<i>For Profit</i>	<i>75%</i>	<i>1.45</i>
<i>ALF</i>	<i>New</i>	<i>Non-Profit **</i>	<i>80%</i>	<i>1.45</i>
<i>ALF</i>	<i>Existing</i>	<i>For Profit</i>	<i>80%</i>	<i>1.45</i>
<i>ALF</i>	<i>Existing</i>	<i>Non-Profit **</i>	<i>85%</i>	<i>1.45</i>

**Maximum loan-to-values and minimum debt service coverage ratios are set by the Section 232 Statute and Regulations. Any submittal above the LTV's listed or below the DSCR's listed will require justification/mitigation.*

***To qualify for the higher non-profit benchmarks, the owner/operator must demonstrate a successful operating track record, significant project operating and management experience, an a solid financial track record.>>*

Other Risk Factors Identified by Lender

Additionally, the lender has identified the following risk factors:

<<Provide discussion on other risk factors identified by the lender and how they are mitigated.>>

Strengths

<<Provide discussion of the strengths of the transaction.>>

<<Brief description of qualifications.>>

Inspecting Underwriter (if applicable)

<<Brief description of qualifications. A MAP-approved 232 Underwriter or Lean-approved 232 Underwriter employed by the lender must visit the site AND sign this narrative.>>

Program Guidance:

On projects involving the addition of beds/units, the Lender’s Approved Underwriter of record on the project must inspect not only the subject site, but also the market competitors and/or comparables from the appraisal/market study. HUD is not requiring inspection of all comparables listed in the appraisal/market study; it is up to the Underwriter to determine which comparables will give them enough information to become familiar with the market.

Key Questions – Market Analyst

- | | Yes | No |
|---|--------------------------|--------------------------|
| 1. Does the market analyst have the knowledge and experience to complete the assignment competently? | <input type="checkbox"/> | <input type="checkbox"/> |
| 2. Is the market analyst currently active in the market analysis of other healthcare properties? | <input type="checkbox"/> | <input type="checkbox"/> |
| 3. Is the market analyst experienced in the market area that the subject property is located in or established expertise by a thorough investigation of the market? | <input type="checkbox"/> | <input type="checkbox"/> |
| 4. Did the market analyst personally inspect the property, perform the market analysis, and prepare and sign the market study? | <input type="checkbox"/> | <input type="checkbox"/> |

Key Questions - Appraiser

- | | Yes | No |
|--|--------------------------|--------------------------|
| 1. Is the appraiser is a Certified General Appraiser under the appraiser certification requirements of the state where the subject property is located as of the effective date of the appraisal? (See note below this section.) | <input type="checkbox"/> | <input type="checkbox"/> |
| 2. Does the appraiser meet the requirements of the Competency Rule described in USPAP? | <input type="checkbox"/> | <input type="checkbox"/> |
| 3. Did the appraiser sign the appraisal and the required certifications? | <input type="checkbox"/> | <input type="checkbox"/> |
| 4. Does the appraiser have experience appraising a minimum of five similarly licensed healthcare facilities? | <input type="checkbox"/> | <input type="checkbox"/> |
| 5. Is the appraiser currently active in the appraisal of other healthcare properties? | <input type="checkbox"/> | <input type="checkbox"/> |

- | | Yes | No |
|--|--------------------------|--------------------------|
| 6. Is the appraiser experienced in the market area in which the subject property is located, or establish competency as per USPAP? | <input type="checkbox"/> | <input type="checkbox"/> |
| 7. Did the appraiser meeting the above qualifications, personally inspect the property being appraised? | <input type="checkbox"/> | <input type="checkbox"/> |
| 8. If more than one appraiser worked on the appraisal, did they all sign the report and certifications? | <input type="checkbox"/> | <input type="checkbox"/> |

NOTE: Any "no" answers should be thoroughly explained and justified. The appraiser must be a Certified General Appraiser under the appraiser certification requirements of the state that the subject property is located, as of the effective date of the appraisal (temporary certifications are permissible) and must meet all requirements of the Competency Rule of the USPAP. Lender verification of an appraiser's current standing can be done at <http://www.asc.gov>.

Housing Consultant (if applicable)

Name of consultant: _____

Relation to borrower, if any: _____

Key Questions

- | | Yes | No |
|--|--------------------------|--------------------------|
| 1. Will the project have a housing consultant? <i>(If so, please provide a copy of the consultant's agreement with the firm commitment application and provide a narrative discussion that addresses the following: (a) terms of the agreement (i.e., fees charged, start and end date, etc.); and (b) consultant's responsibilities.)</i> | <input type="checkbox"/> | <input type="checkbox"/> |
| 2. Will the housing consultant's responsibilities overlap with those responsibilities provided by other development team members (i.e., the lender, architect, contractor, attorney, etc.)? If yes, please explain..... | <input type="checkbox"/> | <input type="checkbox"/> |
| 3. Has the lender determined that the fees charged are competitive in the market and considered necessary and reasonable? If no, please explain. | <input type="checkbox"/> | <input type="checkbox"/> |

<<Please provide a brief narrative discussion, as applicable, in response to the questions above.>>

Project Description

Site

<<Brief narrative description about site to include location, topography, size, frontage, access, etc. >>

Neighborhood

<<Brief narrative description about neighborhood area to include major cross streets and access routes; distance to services, hospitals, etc.; adjacent property uses; predominant character or neighborhood; etc.>>

Zoning

Legal Conforming Legal Non-Conforming Other

<<Provide narrative description: identify local jurisdiction; zoning designation; results of Zoning Letter provided in application submission; and discuss any variances, conditional uses, non-conformance or other pertinent issues affecting zoning.>>

Utilities

<<Provide narrative description: identify utilities in use at the site. Discuss any limitations in service and any other issues that would affect the operation of the facility. Also, clearly identify the utilities to be paid by the residents.>>

Improvement Description

Building Description

<<Provide narrative description to include “as-is” and “as-rehabilitated”: number of proposed buildings; construction types; floor area; describe common areas; etc. >>

Landscaping

<<Provide narrative description about the “as-is” and “as-rehabilitated” landscaping.>>

Parking

<<Provide narrative description about the “as-is” and “as-rehabilitated” parking including the number of spaces, compliance with accessibility, adequacy of the parking, and any parking easements. Also, discuss any zoning or marketability issues.>>

Unit Mix & Features

<<Complete “as-is” and “as-rehabilitated” tables or provide equivalent detail.>>

Services

<<Provide narrative description of “as-is” and “as-rehabilitated” services to be provided. Identify which services will be included in rent and which services will be available for extra charges, as applicable.>>

Obsolescence/Depreciation and Remaining Economic Life

<<There are three categories that need to be addressed. Each should be discussed before and after the rehabilitation..>>

Functional Obsolescence

<<How the physical plant compares to an optimally configured project and how does that impact income potential? (Discuss for example, 3 and/or 4 bed wards, unusual design issues, etc.)>>

External Obsolescence

<<How do the market, economic environment, and location impact the income potential of the project? >>

Remaining Economic Life

<<The appraiser has estimated the economic life of the property at XX years. The appraiser has estimated the effective age of the property at XX years. Therefore, the remaining economic life is XX years. Explain the basis for this estimate. Discuss any physical depreciation associated with any improvements that are not new construction. >>

If the general contractor is responsible, describe the cost attributed to it and the cost reviewer’s conclusions about the work and the cost. If the city will be performing the work, describe any related costs or hookup fees. Describe any demolition that may apply; discuss costs and any other requirements or issues.>>

Appraisal

Date of valuation: _____
 Appraisal firm: _____
 Appraiser: _____
 License no./State: _____

The report was prepared to comply with the reporting requirement outlined under the USPAP as a self-contained report. The report also complies with the requirements of the Code of Professional Ethics of the Appraisal Institute and the Financial Institutions Reform, Recovery and Enforcement Act of 1989 (FIRREA), Title XI Regulations

The report was prepared in accordance with the ORCF Appraisal Guidelines.

Key Questions

	Yes	No
1. Will there be a ground lease?	<input type="checkbox"/>	<input type="checkbox"/>
2. Are any tax credits involved in this transaction?	<input type="checkbox"/>	<input type="checkbox"/>
3. Are any real estate tax abatement or exemptions included in the underwriting assumptions?	<input type="checkbox"/>	<input type="checkbox"/>
4. Are there any special escrows or reserves proposed for this transaction?	<input type="checkbox"/>	<input type="checkbox"/>
5. Does the underwriting include income from adult day care? <i>(Note: Non-resident adult day care space <u>may not</u> be located on a separate site. The adult day care space will not be considered commercial space; however, the space may not exceed 20% of the gross floor area of the facility and the income may not exceed 20% of gross income. Provide a Certificate of Need or operating license, if applicable.)</i>	<input type="checkbox"/>	<input type="checkbox"/>
6. Are there any other issues that require special or atypical underwriting considerations?	<input type="checkbox"/>	<input type="checkbox"/>
7. Does the submission date of the application (date the application enters the queue) exceed the 120-day timeframe from the effective date of the appraisal?	<input type="checkbox"/>	<input type="checkbox"/>

<<For each “yes” answer above, provide a narrative discussion regarding the topic. For example, Item 3, Real Estate Tax Abatement – The borrower will be receiving an abatement of real estate taxes for at least two years after opening the facility. The abatement is to be 70% of the taxes due. We have not assumed the abatement for valuation purposes. The underwriter has, however, excluded 70% of the underwritten taxes from the debt service calculation and from the initial operating deficit calculation.>>

Hypothetical Conditions and Extraordinary Assumptions

Hypothetical Conditions

<<Identify any conditions that are contrary to what exists but are supposed for the purpose of analysis. For example, “The appraisal assumes that the proposed construction is complete and the property has attained the operating levels concluded by the appraiser. There are no other hypothetical conditions.”>>

Extraordinary Assumptions

<<Identify any assumptions specific to this assignment that if found to be false, could alter the appraiser’s opinions or conclusions. For example, “The appraisal assumes the subject project meets the state licensing requirements and that the facility is constructed as planned. There are no other extraordinary assumptions.>>

Jurisdictional Exceptions

<<These are rare and should be discussed with HUD before invoking. >>

Market Analysis

<<The Market Study may be an integral part of the appraisal and need not appear under separate cover. If under separate cover, the Market Study should have the same author as the appraisal, so the valuation is consistent with the market conclusions.>>

Date of analysis: _____
Market analysis firm: _____
Market analyst: _____

Key Questions

	Yes	No
1. Is the subject located in a declining market in terms of population, target population, real estate values, or employment?	<input type="checkbox"/>	<input type="checkbox"/>
2. Are there any negative market influences that require special consideration?	<input type="checkbox"/>	<input type="checkbox"/>
3. Is there a projected or current oversupply that could affect the subject?	<input type="checkbox"/>	<input type="checkbox"/>

<<For each “yes” answer above, provide a narrative discussion regarding the topic, describing the risk and how it is mitigated. For example, “Oversupply: The projected oversupply is specifically addressed in the Risk Factors section of this narrative.”>>

Market Analysis Overview

<<Provide an overview of the market analysis, including general growth and population information, barriers to entry, unique market influences, etc. Please be brief in this section and refrain from pasting large sections from the market study here.>>

Primary Market Area

<<Describe primary market area and method of selection (e.g., distance, zip codes, etc.). When making your conclusions about the size of the PMA, pay close attention to where the existing competitors are drawing their tenants from.>>

Target Population

<<Describe age, income, and type of resident (i.e., assisted living, independent, dementia, etc.) and acuity of care.>>

Demand

<<Describe age, income, and type of resident (i.e., assisted living, independent, dementia, etc.) and acuity of care of the target population. Describe target population demographics and demand factors.>>

Competitive Environment (Supply)

<<Describe and identify competing facilities, planned facilities, facilities under construction, and other supply factors that compete with the subject facility. Description of supply should include types of facilities, acuity, and occupancy. Discuss recent and/or historic absorption of competitive units. Discuss any perceived changes to competitive environment.>>

Conclusion

<<Provide conclusion of market analysis: summarize demand, market saturation, continued health of market, negative and positive factors impacting the continued demand for the subject's units/beds.>>

Income Capitalization Approach – As-Is

Financial Statements

The appraiser and underwriter have analyzed the following historical financial statements pertaining to the operation of this facility:

<<If less than three years financial information is available for the project's operations, provide a narrative justifying why the data is not available. Even in the cases where there was an acquisition within the past 3 years, the owners will usually have been supplied with the income and expense information from the previous owner.>>

<<Indicate if the market percentages quoted represent a single day survey, or are a year over average. The number of competitors will depend on the size of the market. Please expand or reduce the chart above as needed. Provide brief narrative discussion of conclusion. The narrative should address any decline in or below average occupancy. For skilled nursing and other facilities, resident days may be more appropriate than units or beds. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type.>>

Example: Additional Personal Care Fees: The project bases additional care fees on levels of care needed as determined by the initial assessment and subsequent assessments as needed. The appraiser concludes to a net amount of \$X annually. The underwriter has analyzed the history to determine the average monthly charge of \$X, net of vacancie. Insert historical or comparable data as appropriate.

Example: Second Occupant Income: The appraiser has included a net annual projection of X second occupants at \$X per month. Over the last 12 months, the facility has averaged X second occupants per month. Competitive facilities in the market place report second occupant charges ranging between \$X and \$X with a range of X to X second occupants. Based on the history and the market, the underwriter concurs with the appraiser's conclusion for a net annual income of \$X.

Example: Miscellaneous Income: In addition to room rents, additional care, and second occupant income, the project receives miscellaneous income from X (list miscellaneous). The appraiser has included a net annual projection of \$X. Historically, typical miscellaneous income is between x and x percent of effective income. The appraiser's conclusion is x. The underwriter has concluded to a net \$X per annum (calculation shown). >>

Expenses – As Is

The appraiser concludes to total expenses of \$ including reserve for replacement of \$. The underwriter concludes to total expenses of \$ including reserve for replacement of \$. An analysis of subject's history is provided below. The appraiser also compared the subject's expense conclusions to comparable projects located in .

<<Explain how the appraiser's expenses used for valuing the facility differ from the expenses used by the lender for the Debt Service Coverage analysis. Typically, these may differ in the categories of reserves, management fee, and taxes. The appraiser's numbers will represent market expenses and the lender's expenses for DSC analysis will represent what will actually be paid. >

Historic Comparison

<<The data in the following table must be in totals, not per resident day or per occupied unit. Cells with grey shading will calculate automatically. You are given some latitude in defining the expense categories. The expense categories in black text are required items. You have the option of presenting the current year's expense data in an annualized amount or in the form of trailing 12 months (T-12) of expense. The lender must include the most current historical income and expense data available to them, and not the dated information from the appraisal.>>

An explanation of the adjustments should be included here. Explain any other adjustments made to the comparables such as for normalization of reserves, management fee, taxes, etc., required to put the comparables on the same footing as the subject. For skilled nursing and other facilities, resident days are more appropriate than occupied units. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type.>>

Net Operating Income (NOI)

<<Provide narrative discussion as necessary. Summarize and compare the NOI of the appraiser and the lender's NOI that incorporates all potential changes to incomes and expenses. Typically, the lender would explain here that the appraiser's "market" NOI was used for valuation and loan sizing based on value. The lender's NOI, which may vary from the appraiser's due to the Office of Residential Care Facilities (ORCF) requirements (e.g., specific

reserve requirements, tax abatements that the appraiser was not allowed to recognize, or unusual management fees) will be used for loan sizing based on Debt Service Coverage.>>

<<Reproduce or paste the pro forma that follows. If the lender disagrees with the appraiser's value conclusion, present a separate pro forma for both the lender's conclusions and the appraiser's conclusions. A separate pro forma is not required to show the underwriter's conclusions for debt coverage (i.e., when expenses for management fee, reserves, or taxes will differ from the appraiser's market conclusion).

At a minimum, the pro forma supplied needs to:

- Summarize the income by source. The income detail needs to be sufficient to show a line item for each source that a specific rate was concluded. Include the payor type (i.e., Medicare, Medicaid, private pay, etc.) and the care type (i.e., AL, MC, IL, SNF), and the room type (i.e., private, ward, one-bedroom, studio, etc.). A count of each type should also be shown.
- Show occupancy assumptions and the assumed number of resident days OR occupied units.
- Show the conclusions for the major expense categories.
- Show the NOI, EGI, expense per bed OR unit, and the overall expense percentage. It is not necessary to show the Potential Gross Income.

If the appraiser's pro forma does not include sufficient detail, the following table may be used or adapted to produce a pro forma acceptable to ORCF. The input fields are shaded. Non shaded fields are automatic calculations. Double click the table to open for editing.>>

Over the last 12 months, the facility has averaged X second occupants per month. Competitive facilities in the market place report second occupant charges ranging between \$X and \$X with a range of X to X second occupants. Based on the history and the market, the underwriter concurs with the appraiser's conclusion for a net annual income of \$X.*

*Example: **Miscellaneous Income:** In addition to room rents, additional care, and second occupant income, the project receives miscellaneous income from X (list miscellaneous). The appraiser has included a net annual projection of \$X. Historically, typical miscellaneous income is between x and x percent of effective income. The appraiser's conclusion is x. The underwriter has concluded to a net \$X per annum (calculation shown). >>*

<<Provide narrative discussion of comparable information. The appraiser should trend the expense comparables to the effective date of the appraisal. An explanation of the adjustments should be included here. Explain any other adjustments made to the comparables such as for normalization of reserves/management fee/taxes, etc. required to put the comparables on the same footing as the subject. For skilled nursing and other facilities, resident days are more appropriate than occupied units. For continuum of care facilities (e.g., skilled and assisted living), it may be appropriate to provide a separate schedule for each care type. >>

Net Operating Income – As Proposed

<<Provide narrative discussion as necessary. Summarize and compare the NOI of the appraiser and the lender’s NOI that incorporates all potential changes to incomes and expenses. Typically, the lender would explain here that the appraiser’s “market” NOI was used for valuation and loan sizing based on value. The lender’s NOI, which may vary from the appraiser’s due to ORCF requirements (e.g., specific reserve requirements, tax abatements that

the appraiser was not allowed to recognize, or unusual management fees) will be used for loan sizing based on debt service coverage. >>

<<Below reproduce or paste the appraiser's pro forma. If the lender disagrees with the appraiser's value conclusion, a separate pro forma with the lender's conclusions should be added in section entitled "Lender Modifications of Value." A separate lender's pro forma is not required to show ORCF required revisions to items such as management fee, reserves, or taxes as part of the Debt Coverage analysis. Those changes will be summarized later in the expense section.

At a minimum the pro forma supplied needs to:

- Summarize the income by source. The income detail needs to be sufficient to show a line item for each source that a specific rate was concluded. Include the payor type (i.e., Medicare, Medicaid, private pay, etc.), the care type (i.e., AL, MC, IL, or SNF), and the room type (i.e., private, ward, one-bedroom, or studio). A count of each type should also be shown.
- Show occupancy assumptions and the assumed number of resident days or occupied units.
- Show the conclusions for the major expense categories.
- Show the net operating income, effective gross income, expense per bed or unit, and the overall expense percentage. It is not necessary to show the potential gross income.

If the appraiser's pro forma does not include sufficient detail, the following table may be used or adapted to produce a pro forma acceptable to ORCF. The input fields are shaded. Non-shaded fields are automatic calculations. Double click the table to open for editing.>>

Capitalization Rate – As Proposed

<<The selection of the capitalization rate should be based primarily on recent sales rather than from investment models. Ideally, these rates would come from the Building Sales Comparables. However, these are often chosen by location before sale date. Recent cap rate data should be included every time, even if an additional set of cap rate comps or a survey needs to be introduced. In the table below, please add columns or duplicate the table as needed to accommodate additional comps.>>

Lender Modifications – As Proposed

<<State if the lender concurs, or not, with the appraiser’s value conclusion. When there is a disagreement, summarize the valuation modifications made by lender underwriter. Insert a pro forma to highlight the differences in conclusions as needed. View the appraisal as a tool to do your underwriting and loan sizing correctly. Lenders should not use a value they disagree with and are allowed to use a lower value/NOI for loan sizing purposes. If lenders feel they are prohibited from doing this, they should cite the FIRREA rule at issue in the narrative.>>

<<For each “yes” answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated.>>

Program Guidance – Above-ground storage tanks (ASTs):

HUD is required to qualitatively evaluate the risks associated with proximity to hazardous facilities. OHP reviews on Section 232 applications will consider the potential danger presented by liquid fuel and gas aboveground storage tanks (ASTs). When existing or proposed ASTs are located onsite or when offsite tanks are visible from the property, a calculation of the Acceptable Separation Distance must be included in the application.

General Overview

The Phase I Environmental Site Assessment (ESA) was performed in conformance with the scope and limitations of ASTM Practice E 1527-05 <<Because ASTM may amend these requirements, please reference the most current version.>> The investigation specifically included a reconnaissance of the subject site and the immediate surrounding area, a review of regulatory agency information, a survey of local geological and topographical maps, a review of aerial photographic studies, survey of water sources, a review of historical information, and a limited visual inspection for suspect asbestos containing materials (ACMs).

• If so, was a comprehensive asbestos survey performed by a qualified asbestos inspector pursuant to the "baseline survey" requirements of ASTM E 2356-10 provided (required for all buildings constructed before 1978)?	<input type="checkbox"/> N/A	<input type="checkbox"/>

<< For each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated. For example: **Item 11 - Existing Structures on Site:** A vacant one-story house and two storage sheds currently occupy the site. The current owner of the land

will be relocating these structures prior to initial closing, at no cost to the Borrower. Therefore, no off-site or demolition costs are anticipated.

Because of the existing structures, we have addressed potential asbestos and lead-based paint concerns. A qualified assessor evaluated the house and outbuildings for asbestos containing materials. A comprehensive asbestos survey was performed pursuant to the “baseline survey” requirements of ASTM E 2356-10 and no asbestos containing materials were identified. A visual inspection by the environmental assessor also indicated that there is no evidence of peeling paint and no suspect lead-based paint containing surfaces were identified. Given the condition of the paint, the fact that the buildings are not occupied, and the fact that they will be relocated prior to the start of construction, the underwriter and the assessor conclude that no further action is warranted.>>

<<For each “yes” answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated.>>

Program Guidance:

Dunn & Bradstreet (D&B) or other acceptable commercial credit report for business entities and RCMR “residential” for individuals are required. If not using D&B, an acceptable commercial credit report must include the following:

1. Public filings that includes suits, liens, judgments, bankruptcies, and federal debt.
2. UCC filings
3. Credit payment history
4. Industry standards showing how the facility compares in the areas of financial stress and payment trends
5. A credit payment delinquency risk score over a 12-month period.

Credit reports can be no more than 60 days old at the time of the firm application submission.

Financial Statements

The application includes the following Borrower financial statements:

Organization

<<Not applicable to individuals. If the principal is an entity, provide the following:>>

Name: _____
 State of organization: _____
 Date formed: _____
 Termination date: _____

<<As applicable, please provide organization chart and narrative discussion.>>

Experience/Qualifications

<<Provide narrative description of principal’s experience and qualifications. Discussion should highlight direct experience and involvement in other HUD transactions. This section should clearly demonstrate that the borrower will have sufficient expertise from which to draw to successfully on to own the facility.>>

<<Narrative must also include a discussion on the available working capital of the party (or parties) who will be responsible for providing the financial requirements for closing and beyond. The discussion must clearly show that this party has the ability to support the project over the long-term. In addition, include the percentage of owner’s/principal’s equity into the project, net worth, and liquidity. See Program Guidance below.>>

Program Guidance – Supporting Documentation of Appropriate Experience:

The application for firm commitment must include complete information on the individuals and/or entity that will bring the appropriate experience to the project. Appropriate experience is 3 to 5 years successful practice in developing, owning and/or operating board and care facilities, assisted living facilities, and/or skilled nursing facilities. If an entity or its principal does not have the appropriate experience, it may contract with a third-party experienced operator. Evidence of appropriate experience must be provided that includes specific project examples including project name, type of care provided, location, unit/bed count, year opened and key

operating metrics (fill pace, occupancy, net operating income margins), and specific responsibilities for the management and operation of the example health care facility. The ORCF is seeking assurance that the developers and other stakeholders are committed to the long-term success of their project and have the requisite experience to operate and manage the project.

In addition to the requirements of the application package, the Lender Narrative must also provide a complete discussion on the borrower’s commitment to the project, both financially and in a business sense, over the long-term as well as the borrower’s experience.

Program Guidance – Supporting documentation of financial capability, cash requirement, and financial qualifications of the borrower:

The application for Firm Commitment must include year-to-date financial statements for the party who will be responsible for the financial requirements (typically the parent entity) at initial closing. If the legal entity of the borrower will be capitalized by another party, the financial statements for that party(ies) must also be provided. The lender must confirm that sufficient financial resources will be available for the cash requirements for closing and to meet any unanticipated financial needs of the project going forward.

The true financial needs of a project are not limited to just the numbers that are reflected under Part III of Form HUD-92264a-ORCF. Although working capital, initial operating deficit (IOD) and a debt service reserve escrow, along with any other required escrows, are presented in this document and should mirror the figures included in the Sources & Uses Statement, there may be times when an owner or principal may be required to contribute funds in the future to maintain a successful project. While it is difficult to determine when and if such an occasion may occur, it is important that ORCF be able to determine the willingness and ability of the principals to support their project over the long-term. Their willingness can be determined by documentation regarding their experience and relationships in the community. Their financial ability can only be evidenced by actual financial reports and evaluation of available working capital.

Exhibit 3-6B of the application for Firm Commitment must include the last three full years and year-to-date financial statements for the party who will be responsible for providing the financial requirements for closing and beyond. The Lender's Narrative must include a discussion on the available working capital of this party and their ability to support the project over the long-term. In cases where an individual(s) is providing the cash requirement, one full year financial statement on each will suffice. The financial statement must meet either of the following requirements:

1. Personal Financial and Credit Statement, Form HUD-92417-ORCF:
 - The spouse of married sponsors or principals must also sign the form.
 - If a spouse's signature cannot be obtained, the principal must prepare the form reflecting only those assets that are solely in their name and any liability, including those joint liabilities, for which they have any responsibility.
2. A substitute statement that contains, at a minimum, the information contained on Form HUD-92417-ORCF. This form must contain the following certifications and criminal warning:

I HEREBY CERTIFY that the foregoing figures and statements contained herein submitted by me as agent of the Borrower [owner] for the purpose of obtaining mortgage insurance under the National Housing Act are true and give a correct showing of _____'s (Name of Borrower or owner) financial position as of _____ (date of financial statement).

Signed this ____ day of _____, 20____. Signature of authorized agent with name printed or typed under signature _____.

Warning – HUD will prosecute false claims and statements. Conviction may result in criminal and/or civil penalties. (18 U.S.C. 1001, 1010, 1012; 31 U.S.C. 3729, 3802)

For married individuals, the spouse must also sign the certification.

During our analysis of new construction or substantial rehabilitation proposals where units are being added to the market, we take into consideration the financial commitment of the owner and their ability to provide financial strength when needed. This includes determining the percentage of cash that the party is putting into the transaction related to the total cost of the project. While a definitive degree of coverage is not required due to the unique nature of each transaction, a level of 20% to 30% equity coverage on new construction or substantial rehabilitation projects is anticipated. Any less than 20% requires an explanation and mitigation. **The discussion under the borrower's financial capability in the Lender's Narrative must include the percentage of owner's equity into the project.**

Other Section 232 Projects

Key Questions

	Yes	No
3. Does the principal identify any other Section 232 program (i.e., 223(f), 241(a), 223(a)(7), 232(i), or 223(d)) applications on their consolidated certification?	<input type="checkbox"/>	<input type="checkbox"/>
4. Does the principal identify any other existing Section 232 program (i.e., 223(f), 241(a), 223(a)(7), 232(i), or 223(d)) projects on their consolidated certification?	<input type="checkbox"/>	<input type="checkbox"/>

<<For each “yes” answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated. Example: **Other Business Concerns:** XXXXX identified XX other business concerns in addition to the borrower and the newly formed operator discussed in this narrative. The underwriter reviewed Dunn and Bradstreet credit reports for XX Other Business Concerns identified by XXXX. {discuss each report}. No reports indicated derogatory information that would prohibit XXXXX participation in this loan transaction.

Example: **Other Section 232 Applications:** XXXXX identified XX other Section 232 loan application – {projects}. The applications were submitted XXX and closed in XXX. As this is only XXXXX’s Xth FHA-insured healthcare loan, no additional reviews are required>>

Conclusion

Experience/Qualifications

<<Provide narrative description of operator’s experience and qualifications. Discussion should highlight direct experience and involvement in other FHA transactions, if any. This section should clearly demonstrate that the operator has the expertise to successfully lease up a new facility and operate a facility.>>

Program Guidance – Supporting Documentation of Appropriate Experience:

The application for Firm Commitment must include complete information on the individuals and/or entity that will be bringing appropriate experience to the project. Appropriate experience is 3 to 5 years successful practice in developing, owning and/or operating board and care facilities, assisted living facilities, and/or skilled nursing facilities. If an entity or its principal does not have the appropriate experience, it may contract with a third-party experienced operator. Evidence of appropriate experience must be provided that includes specific project examples including project name, type of care provided, location, unit/bed count, year opened and key operating metrics (fill pace, occupancy, net operating income margins) and specific responsibilities for the management and operation of the example health care facility. ORCF is seeking assurance that the developers and other stakeholders are committed to the long-term success of their project and have the requisite experience to operate and manage the project.

In addition to the requirements of the application package, the Lender Narrative must also provide a complete discussion on the borrower’s commitment to the project, both financially and in a business sense over the long-term as well as his/her experience.

<<As applicable, for each “yes” answer above, provide a narrative discussion on the topic describing the risk and how it has been or will be mitigated.

Program Guidance:

For other projects/facilities owned, operated, or managed, the lender must submit copies of inspection reports for the facilities that have open level “G” or higher citations/deficiencies. This includes negative inspection results for ALF and B&C facilities. The lender must address any issues/risks associated with the reports and show how they would be mitigated. If no open/unresolved level G or higher deficiencies, this should be stated.

Note: If any facility has recent (within last 2 years) resolved “G” or higher citations/deficiencies, the lender must address this in the narrative; however, a copy of the report is not required.

The application includes the following financial statements for the Parent of the Operator:

Year to date: <<dates for start and end of period>>
Fiscal year ending: <<date – end of period>>
Fiscal year ending: <<date – end of period>>
Fiscal year ending: <<date – end of period>>

Key Questions

	Yes	No
1. Are less than 3-years of historical financial data available for the parent of operator?	<input type="checkbox"/>	<input type="checkbox"/>
2. Are the financial statements missing any required information or schedules?	<input type="checkbox"/>	<input type="checkbox"/>
3. Do the Aging of Accounts Payable schedules show any material accounts payables (amount in excess of 5% effective gross income) over 90 days?	<input type="checkbox"/>	<input type="checkbox"/>
4. Did your review and analysis of the financial statements indicate any other material concerns or weaknesses that need to be addressed?	<input type="checkbox"/>	<input type="checkbox"/>

<<If you answer “yes” to any of the above questions, please identify each risk factor and how it is mitigated below. The Accounts Payable and Accounts Receivable analysis provides information regarding an entities collection and payment practices, policies, and potential risk to the subject. Discuss your analysis of these issues and how the lender determined they are an acceptable risk. >>

General Review

<<Provide narrative and analysis of financial statements as appropriate. In addition to the Key Questions above, working capital should be discussed along with the general financial stability and strength of the entity.>>

Net Income Analysis

Net Income*

**before depreciation, amortization, and any other non-cash expense*

<<Provide an explanation of any Net Losses or declining Net Incomes for the year-to-date and last 3 fiscal years, as applicable.>>

Conclusion

<<Provide narrative discussion of underwriter’s conclusion and recommendation. For example, “The parent of the operator entity has demonstrated an acceptable financial and credit history. The underwriter’s review of the parent of the operator does not reveal any material derogatory information that would prohibit the approval of the operator entity as an acceptable participant in this transaction.”>>

Management Agent (if applicable) – <<insert name here>>

Name: _____

Relation to borrower: <<owner managed/IOI entity/independent/other>> _____

Principals/officers: _____

Key Questions

	Yes	No
1. According to the application exhibits, is or has the management agent been delinquent on any federal debt?	<input type="checkbox"/>	<input type="checkbox"/>
2. According to the application exhibits, is or has the management agent been a defendant in any suit or legal action?	<input type="checkbox"/>	<input type="checkbox"/>
3. According to the application exhibits, has the management agent ever filed for bankruptcy or made compromised settlements with creditors?	<input type="checkbox"/>	<input type="checkbox"/>
4. According to the application exhibits, are there judgments recorded against the management agent?	<input type="checkbox"/>	<input type="checkbox"/>
5. According to the application exhibits, are there any unsatisfied tax liens?	<input type="checkbox"/>	<input type="checkbox"/>

<<For each “yes” answer above, provide a narrative discussion on the topic describing the risk and how it has been or will be mitigated.>>

Management Agent’s Duties and Responsibilities

<<Briefly describe/list the management agent’s duties and responsibilities (i.e., will the management agent control the operating accounts; contract for services; recruit, select or train employees; take responsibility for the management of the functional operation of the facility or the execution of the day-to-day policies of the facility; etc.).>>

<<Also describe the nature of the management agent’s compensation and how it was calculated.>>

Experience/Qualifications

<<Provide narrative description of experience and qualifications. Discussion should highlight direct experience and involvement in other FHA transactions, if any. Include a discussion/ explanation of any current REAC scores less than 60. This section should clearly demonstrate the expertise to successfully manage the facility and meet the obligations of the management agreement. This section should clearly demonstrate that the management agent has the expertise to successfully lease up a new facility and operate a facility.>>

Credit History

Report date: _____ <<within 60 days of submission>>

Reporting firm: _____

Score: _____

Key Questions

	Yes	No
1. Does the credit report identify any material derogatory information not previously discussed?	<input type="checkbox"/>	<input type="checkbox"/>
2. Does the underwriter have any concerns related to their review of the credit report?	<input type="checkbox"/>	<input type="checkbox"/>
3. Is the credit report dated more than 60 days before the application date?	<input type="checkbox"/>	<input type="checkbox"/>

<<If you answer “yes” to any of the above questions, identify the risk factor and how it is mitigated below. Provide an explanation of the credit score in terms of low, medium, or high risk, etc. Also, if the score is evaluated numerically, explain the value the credit agency places on the score.>>

Other Facilities Owned, Operated or Managed

Key Questions

	Yes	No
1. Does the management agent own, operate, or manage any other facilities? ...	<input type="checkbox"/>	<input type="checkbox"/>
2. Do any of the other facilities have pending judgments; legal actions or suits; or, bankruptcy claims?	<input type="checkbox"/>	<input type="checkbox"/>
3. Do any of the other facilities have any open professional liability insurance claims?	<input type="checkbox"/>	<input type="checkbox"/>
4. Do any of the other facilities have any open Citations or state findings related to instances of actual harm and/or immediate jeopardy (G or higher)?	<input type="checkbox"/>	<input type="checkbox"/>

<<As applicable, for each “yes” answer above, provide a narrative discussion on the topic describing the risk and how it has been or will be mitigated.

Program Guidance:

For other projects/facilities owned, operated, or managed, the lender must submit copies of inspection reports for the facilities that have open level “G” or higher citations/deficiencies. This includes negative inspection results for ALF and B&C facilities. The lender must address any issues/risks associated with the reports and show how they would be mitigated. If no open/unresolved level G or higher deficiencies, this should be stated.

Note: If any facility has recent (within last 2 years) resolved “G” or higher citations/deficiencies, the lender must address this in the narrative; however, a copy of the report is not required.

demonstrated acceptable past and current performance with regard to all of the above indicators.”>>

Management Agreement

Date of agreement: _____
Agreement expires: _____
Management fee: _____

Key Questions

	Yes	No
1. Does the agreement sufficiently describe the services the agent is responsible for performing and for which the agent will be paid management fees?	<input type="checkbox"/>	<input type="checkbox"/>
2. Does the agreement provide that the management fees will be computed and paid according to HUD requirements?	<input type="checkbox"/>	<input type="checkbox"/>
3. Does the agreement provide that HUD may require the owner to terminate the agreement without penalty and without cause upon written request by HUD and contain a provision that gives no more than a 30-day notice of termination?	<input type="checkbox"/>	<input type="checkbox"/>
4. Does the agreement provide that HUD’s rights and requirements will prevail in the event the management agreement conflicts with them?	<input type="checkbox"/>	<input type="checkbox"/>
5. Does the agreement provide that the management agent will turn over to the owner all of the project’s cash trust accounts, investments, and records immediately, but in no event more than 30 days after the date the management agreement is terminated?	<input type="checkbox"/>	<input type="checkbox"/>
6. The agreement does <u>not</u> exempt the agent from gross negligence and or willful misconduct?	<input type="checkbox"/>	<input type="checkbox"/>
7. Is the Form HUD-9839-ORCF consistent with the Management Agreement?	<input type="checkbox"/>	<input type="checkbox"/>

<<For each “no” answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated. >>

Conclusion

<<Provide narrative discussion of underwriter’s conclusion and recommendation. For example, “The management agent has demonstrated an acceptable credit history and has the experience to continue to successfully manage this facility. The underwriter recommends this management agent for approval as an acceptable participant in this transaction.”>>

1. Will the facility be leased?	<input type="checkbox"/>	<input type="checkbox"/>
2. Will the facility be subleased (master lease)?	<input type="checkbox"/>	<input type="checkbox"/>

	Yes	No
3. Will the lease at closing have a term that will expire within 5 years with no lease renewal options? <i>(See guidance below.)</i>	<input type="checkbox"/>	<input type="checkbox"/>
4. Does the lease contain any non-disturbance provisions?	<input type="checkbox"/>	<input type="checkbox"/>
5. Does the lease require the borrower to escrow any funds other than those associated with this loan?	<input type="checkbox"/>	<input type="checkbox"/>
6. Has the lender recommended any special conditions concerning the lease? ..	<input type="checkbox"/>	<input type="checkbox"/>
7. Is the lease payment adequate to provide sufficient debt coverage after the costs of the mortgage?	<input type="checkbox"/>	<input type="checkbox"/>

<<For each “yes” answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated.>>

Lease Payment – During Rehabilitation Period

Program Guidance – Lease Payment/Net Income During Construction Period

1. At the time of cost certification, an audited operating statement covering the period from the beginning of marketing and rent-up activities (or date of initial endorsement in rehabilitation projects involving insurance of advances or start of construction for rehabilitation projects involving insurance upon completion) to the cost certification cut-off date, must be submitted by:
 - a. The borrower entity, in all cases.
 - b. The lessee, when an identity-of-interest exists between the borrower and lessee and the lessee has executed the Regulatory Agreement, Form HUD-92466-ORCF.
 - c. The borrower entity only, where no identity-of-interest exists between the borrower and lessee and the lessee has executed the Regulatory Agreement Form HUD-92466-ORCF. The borrower’s income statement should reflect a market comparable lease payment as income.
 - d. The borrower, where the borrower and the administrator are the same entity and Form HUD-92466-ORCF has not been executed.

2. Treat net income resulting from review of the operating statement as a recovery of construction costs for a profit-motivated borrower and for a non-profit borrower as:
 - a. At cost certification, as a recovery of construction costs to the extent it was used to reduce liquidated/actual damages.
 - b. As an offset for any eligible mortgage increase.

<<Provide narrative explaining the terms of the lease and the payments to be made during the rehabilitation.>>

Lease Payment – During Lease Up

<<Provide narrative explaining the terms of the lease and the payments to be made while the project is in lease-up.>>

Lease Payment Analysis – Stabilized, As Rehabilitated

The lease payments must be sufficient to (1) enable the borrower to meet debt service and impound requirements and (2) enable the operator to properly maintain the project and cover operating expenses. The minimum annual lease payment must be at least 1.05 times the sum of the annual principal, interest, mortgage insurance premium, reserve for replacement deposit, property insurance and property taxes.

The underwriter has prepared an analysis demonstrating the minimum annual lease payment.

a.	Annual principal and interest	\$
b.	Annual mortgage insurance premium	
c.	Annual replacement reserves	
d.	Annual property insurance	
e.	Annual real estate taxes	
f.	Total debt service and impounds	\$
h	Minimum annual lease payment	\$
.		

<<Compare the minimum annual lease payment to the current lease payment. If the lease payment needs to increase, add the following language: “The lease payment must be increased to \$XX per year (\$XX per month). The underwriter has included a special condition to the firm commitment requiring the lease payment be revised to meet or exceed this minimum.” If the lease payment does not need to increase, add the following language: “The current lease payment is sufficient. The recommended annual lease payment also provides the operator with an acceptable profit margin.”>>

Program Guidance:

- Clarification of minimum lease payments. The annual lease payment must be calculated using a minimum of a 1.05 coverage ratio (e.g., the sum of the annual principal, annual interest, annual mortgage insurance premium, annual reserve for replacement deposit, annual property insurance, and annual property taxes times a multiplier of 1.05). This minimum coverage level required for executed leases is different than the test measurement used in the 223(f) Lender’s Narrative, which remains unchanged; it will continue at the 1.17 coverage level.
- Subordination, non-disturbance and attornment agreement (SNDA). If there is an identity of

interest between the borrower and the operator, a SNDA is not permitted.

Responsibilities

<<Provide a description of the responsibilities of the lessor and lessee under the terms of the lease with regard to the following: payment of real estate taxes, maintenance of building, capital improvements, replacement of equipment, property insurance, etc.>>

Master Lease

Key Questions

- | | Yes | No |
|---|--------------------------|--------------------------|
| 1. Are three or more projects (or two projects with an aggregate total mortgage loan amount greater than \$15 million) being submitted to HUD that are under common control or have the same ownership? | <input type="checkbox"/> | <input type="checkbox"/> |
| 2. Will the projects be submitted within an 18-month window? <input type="checkbox"/> N/A | <input type="checkbox"/> | <input type="checkbox"/> |
| 3. Is the parent of the operator the same for all of these projects? <input type="checkbox"/> N/A | <input type="checkbox"/> | <input type="checkbox"/> |

<<If you answered “yes” to all three questions, a master lease is required. Provide a narrative describing the terms of the master lease, lease payments, all parties involved, renewal provisions, etc. The HUD Lease Addendum must be attached to the Subleases. Refer to definitions of Common Control and Same Ownership previously provided in this lender narrative.>>

Accounts Receivable (A/R) Financing

AR lender: _____
AR borrower: _____
Maximum loan amount: _____
Current balance: _____
Current maturity date: _____

Key Questions

- | | Yes | No |
|--|------------------------------|--------------------------|
| 1. Does the AR loan require any guarantees from the borrower, operator, or parent of the operator, or any of those entities’ principals? | <input type="checkbox"/> | <input type="checkbox"/> |

4. Is there an identity of interest between the AR lender and the AR borrower? <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5. Is there any conflict of interest between the AR lender and the borrower or its principals as defined in Notice H 08-09? <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6. Does the maximum AR loan amount exceed 85% of the Medicaid, Medicare, and other governmental accounts receivable less than 121 days old? <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
7. Of the total Medicaid, Medicare and other governmental accounts receivable less than 121 days old, are more than 30% over 90 days old? <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
8. Does the AR lender have less than 3 years of experience providing AR financing? <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9. Does the AR lender lack the financial controls and capability to monitor the operator's performance? <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
10. Is the borrower or operator out of compliance with any business agreements with HUD (i.e., in default on those agreements, not current on financial submissions, etc.)? <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
11. Is the AR loan being syndicated or participated? <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
12. Is the lockbox associated with the DAISA Government Receivables account a "springing lockbox"? <input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

<<For each "yes" answer above, provide a narrative discussion regarding the topic.>>

Terms and Conditions

1. Describe the borrowing base formula (e.g., XX% of the AR borrowers accounts receivable up to 120 days):
2. Describe term and renewal options:
3. Describe the rate applied to the used and unused portion of the AR loan:
4. Other fees (i.e., financing fees, late payment fees, etc.):

Mechanisms for operator receipts, disbursements and control of operator funds:

<<Describe the flow of all funds, into and out of accounts (i.e., point of origination to final destination). Describe how deposit accounts are controlled (e.g., number of controlled accounts, hard or springing lockbox, daily sweeps, etc.). Attach cash flow chart.>>

Collateral/Security

<Provide narrative description of the AR lender's collateral/security. Explain any unsecured AR financing.>>

Permitted Uses and Payment Priorities

<<Provide descriptions of the permitted uses of the AR loan funds in order of priority. For example: (1) debt service incurred in connection with the AR loan; (2) operating costs; and (3) distributions to the operator's shareholders. See Attachment C of Notice H 08-09, Rider to Intercreditor, Paragraph 3 or any other successor guidance.>>

Proposed AR Loan Costs

<<If the AR borrower is obtaining AR financing for the first time, provide a financial analysis that demonstrates that the AR borrower has sufficient financial capacity to pay all projected operating expenses, AR financing costs and loan payments, and all rent or debt service payments. The analysis must assume the maximum AR loan amount to stress test the AR financing based on the lesser of the operator’s 12-month trailing operating statements or the underwritten NOI. Calculate the impact on the borrower’s debt coverage after payment of the AR loan expenses and payments.>>

Assuming the \$ maximum AR loan limit, an annual interest rate of %, and that the entire amount is outstanding for the year, the maximum annual interest expense would be \$. In addition to the interest, the other associated fees are the fees <<list types of fees>>, that total \$ per year for the same assumed balance. An analysis of the operator’s 12 month trailing financial statement (Month 20XX – Month 20XX) is below:

12-Month Trailing Operating History	
Operating revenue	\$
Less: Operating expenses	
Net operating income (NOI)	\$
Annual P&I + MIP	\$
AR fee: Interest	
AR fee: Other	
Total annual mortgage & AR debt service	\$
DSCR including AR	

The underwriting assumed an NOI of \$. The 12-month trailing NOI is \$. The annual debt service including the MIP amount is \$ per year. Adding the AR fees equates to a total mortgage and AR debt service expense of \$ per year. This equates to prospective debt service coverage.

<<If multiple FHA-insured facilities have access to the AR loan, repeat the analysis above with the consolidated revenues and expenses for all those facilities.>>

Recommendation

<<The lender recommends approval of the AR loan.>>

Mortgage Loan Determinants

Overview

The mortgage criteria shown on the form HUD-92264a-ORCF are summarized as follows:

Requested amount:	\$
Amount based on replacement cost:	\$
Amount based on loan-to-value:	\$
Amount based on debt service coverage:	\$
Amount based on cost of rehabilitation plus:	\$
Amount based on deduction of loans, grant(s), loan(s), LIHTCs, and gift(s) for mortgageable items:	\$

Mortgage Term

The underwriter concluded to a mortgage term of _____ years.

Type of Financing

The type of financing available to the borrower upon issuance of the commitment will likely be in the form of _____.

Criterion C: Amount Based on Replacement Cost

The amount based on replacement cost limit is \$ _____. This is based on 90% of the replacement cost of the improvements of \$ _____.

Criterion D: Amount Based on Loan-to-Value

The \$ _____ value of improvement limit was calculated in accordance with HUD guidelines. This is based on _____ % of the underwriter's value of improvements \$ _____ (as-proposed value minus as-is value).

Criterion E: Amount Based on Debt Service Coverage

The \$ _____ debt service limit was calculated using HUD's guidelines.

The underwriter's NOI for the project after improvement is \$ <<indicate if this amount differs from the appraiser's NOI for the project after improvement>>. Annual debt service payments on outstanding indebtedness related to the property is \$. There is no annual ground rent or annual special assessments on the property. Therefore, the NOI available for the supplemental loan is \$. There is an interest rate of % and an assumed remaining term of months. <<the insured loans must be coterminous>>

(Double click inside the Excel Table to add information)

<i>Calculation of Net Operating Income Available for Supplemental Loan</i>	
Net Operating Income (NOI) of Project After Improvement:	\$ -
Percentage of NOI Available for Total Debt Service:	90.000%
NOI Available for Total Debt Service:	\$ -
Less: Annual Debt Service Payments Required on All Outstanding Indebtedness Relating to Property:	-
Less: Annual Ground Rent:	-
Less: Annual Special Assessment(s):	-
Incremental NOI Criterion E:	\$ -

Criterion F: Cost of Rehabilitation Plus

The estimated cost of rehabilitation limit is \$. This amount is based on % of the total estimated rehabilitation cost of \$ plus the offsite costs of \$ plus the lesser of 90.0% of as-is value of \$ or the allowable existing debt \$.

Program Guidance:

- **Property held in fee:** 100% of the estimated cost of rehabilitation less grant/loan funds attributable to replacement costs items.
- **Property subject to existing mortgage:** Lender's estimated cost of rehabilitation, plus the lesser of:
 - (1) Secured indebtedness, or
 - (2) 90% (95% for non-profit borrowers) of the sum of lender's estimate of the fair market (as-is) value of the property before rehabilitation less:
 1. The value of the leased fee, if leasehold, and
 2. The amount of non-prepayable special assessments.
- **Property to be acquired:** 90% (95% for non-profit borrowers) of the sum of lender's estimated cost of rehabilitation plus the lesser of:
 - (3) 90% (95% for non-profit borrowers) of the actual purchase price of the property,
 - (4) 90% (95% for non-profit borrowers) of the sum of lender's estimate of the fair market (as-is) value of the property before rehabilitation less:

- (a) The value of the leased fee, if leasehold and
- (b) The amount of nonprepayable special assessments.

Criterion L: Deduction of Grants, Loans, LIHTCs, and Gifts

The limit was calculated in accordance with HUD guidelines as follows:

a.	Amount based on estimated cost of rehabilitation	\$ _____
b.	(1) Grants/loans/gifts	_____
	(2) Tax credits	_____
	(3) Value of leased fee	_____
	(4) Excess unusual land improvement cost	_____
	(5) Unpaid balance of special assessment	_____
	(6) Sum of lines (1) through (5)	\$ _____
c.	Line a minus line b (6)	\$ _____

The secondary sources are discussed in detail below in the Sources & Uses section of the narrative.

Program Guidance:

The grants, loans, gifts, and tax credits to be deducted are those credits for mortgageable cost only. Sources for non-mortgageable cost are not included in the calculations and are also not reflected in any of the other criterion on Form HUD-92264a-ORCF. The sources and uses statement provided by the borrower should outline all mortgageable and non-mortgageable costs and the source(s) to fund each.

Existing Indebtedness

<<For a **purchase**, this section should be titled “Purchase Price” and the information below should be replaced by an appropriate narrative section describing the pertinent terms of the purchase transaction, generally including: purchase price, itemization of costs to be paid by seller, date of agreement and addendums, expiration date, date by which sale must occur, etc.>>

Program Guidance – Eligible Debt on a Refinance:

A. Definition of Eligible Debt. Project debt that meets any of the below definitions may be included as a mortgageable item in calculating the Maximum Insurable Mortgage.

1. **Outstanding mortgage(s).** Outstanding mortgage(s) on the property that are at least two years old at the time that HUD begins processing the loan are considered eligible debt. If the mortgage was generated less than two years before the date HUD begins processing the application, the lender must determine that there was no cash out to the mortgagor of the proposed FHA-insured loan or its principals in order for the debt to be considered eligible debt. Debt incurred as a result of an identity-of-interest purchase or as a result of buying out a partner is not considered eligible debt and must meet the two-year debt seasoning requirement. An identity-of-interest purchase is defined as one where there is an identity of interest, however slight, between the seller and purchaser that survives the sale transaction. An owner operator that continues to operate the facility after the sale constitutes an identity of interest.

2. **Other recorded indebtedness.** Other recorded indebtedness such as mechanic's liens and tax liens, provided they did not result from personal obligations of the mortgagor.

3. **Unrecorded debt.** Unrecorded debt directly connected with the project that is supported by documentation from the mortgagor. If the indebtedness is not recorded, the mortgagor must provide the lender with documentation that substantially verifies that the obligation is directly connected to the project. Examples include:
 - a. Indebtedness incurred in making needed improvements and betterments to the property.
 - b. Indebtedness incurred or advances made to cover operating deficits.

4. **Other eligible costs associated with paying off the eligible debt.** Examples of other eligible costs associated with paying off the eligible debt are:
 - a. Reasonable delinquent and accrued interest.
 - b. Reasonable prepayment penalties on the mortgage.
 - c. Recording, release, and re-conveyance fees.

- d. Documentation or processing fees.

Note: Program penalties arising from the defeasance of tax-exempt and taxable bonds cannot be recognized.

B. Swap Fees: Swap Fees may be included as an eligible mortgageable item when reviewed and approved by HUD in accordance with Mortgagee Letter 2012-08.

C. ORCF does not recognize indebtedness:

1. Recently placed against the project to increase the mortgage or circumvent program intent.
2. On operating debts of the operating entity.
3. Created by wrap mortgages:
 - a. Unless the mortgagor and Lender give a detailed explanation of the purpose of the wrap and a documented accounting of disbursement of the loan proceeds.
 - b. Loan proceeds used for capital improvements or project operations qualify for inclusion as eligible debt.

General Overview

<<Narrative review of debt and pay-off information. For example, “Per the statement from XXX dated XXXX, the current existing indebtedness is \$XXXX. The pay-off balance will be reconfirmed prior to closing and only eligible pay-off charges will be included in the cost certification.”>>

Sources & Uses – Copied From HUD 92264a-ORCF

<<Provide a statement of Sources and Uses of actual estimated cost at closing. Include all eligible and ineligible costs.>>

Secondary Sources

<<List and discuss all secondary sources, including terms and conditions of each. Secondary sources include surplus cash notes, grants/loans, tax credits, and the like.>>

Program Guidance:

Government Sources

1. Secondary financing may be on a form of promissory note and mortgage lien as is prescribed by the governmental funding source and reviewed and approved by ORCF.
2. Secondary financing or grants lent to the property as a secondary loan may be used to cover up to 100% of the applicable Section of the Act equity requirements.
3. Secondary financing or grants advanced to the property as a secondary loan may also be used to finance non-mortgageable costs and when added to the HUD mortgage and required equity contribution, may exceed 100% of the project's fair market value (FMV) or replacement cost.
4. Non-mortgageable costs (i.e., replacement cost items not eligible for inclusion in the HUD insured loan) to be covered by governmental secondary loans, or grants advanced to the property as a secondary loan, must be certified by the funding source to be reasonable and necessary to complete the project and that the project costs to be covered by the secondary financing are reasonable. Documentation to this effect must be included with the application submission.
5. The governmental secondary financing lender must agree to and enter into a HUD-prescribed form of Subordination Agreement that details the rights and legal relationship between the FHA-insured first mortgage and the secondary financing loan.

Private Sources

Secondary financing from a private source is not permitted on Section 232 new construction, substantial rehabilitation, and blended rate projects.
