The Supporting Statement must be prepared in the format described below, and must contain information specified in Section A below. If an item is not applicable, provide a brief explanation. OMB reserves the right to require the submission of additional information with respect to any request for approval.

Specific Instructions

A. Justification

The Export Import Bank of the United States, pursuant to the Export Import Bank Act of 1945, as amended (12 USC 635, et.seq.), facilitates the finance of the export of U.S. goods and services. The Fax Response Form will be used as a marketing tool for the Bank to assist small businesses interested in exporting their goods.

2. Indicate how, by whom and for what purpose the information is to be used. Except for a new collection, indicate the actual use the agency has made of the information received from the current collection.

This form will be completed by entities who wish to receive advice on how they can increase their international sales with the assistance of the Export-Import Bank.

3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses, and the basis for the decision for adopting this means of collection.
