

**eRegs Survey Questions v.8
12 Dec 2013**

INTRODUCTION

“Thank you for your recent participation in the CFPB eRegulation’s presentation on _____, or your comments submitted via CFPB.Gov.

This survey is a mechanism by which you can provide input to project decisions that can affect the evolution of specific tool capabilities, as well as help inform the long term direction of the program.

This survey should require less than 10 minutes of your time, and will help us:

- Confirm that we are in fact moving in a direction that satisfies our guiding principle – that consumers, industry and the government all benefit from regulations that are easier to use; and
- Better understand the ways in which eRegulations benefits you in your work.

If you have any questions about the survey or wish to provide additional feedback outside of this survey, please contact us at CFPB_eRegs_Team@cfpb.gov.
